

# 完美的FSCP考題和資格考試和神奇FSCP中的領先提供者： Forescout Certified Professional Exam

## Updated Forescout Certified Professional FSCP Practice Course

Please Get the Link of the Exam to proceed further - <https://www.educationerry.com/?product=pass-forescout-certified-professional-fscn-certification-exam-educationerry>

We offer you the dumps in the format for your exam. This questions dumps format is fairly easy and it is compatible with smart devices. These actual questions and answers can easily be downloaded on the PC, tablet, laptop or mobile and you can prepare Exam at your own convenience. When you have the exam dumps on your preferred device, then you are at ease of preparing for the exam at your own will.

You can use the latest and up-to-date real questions and answers for the Exam. If you want to have the understanding of different topics, then you need to use the best available practice dumps and this can help you in getting the Exam cleared with ease. These dumps always keep the exam syllabus up-to-date and that is the reason all the actual questions and answers are up-to-date to give worry-free exam preparation to the candidates.

Exam dumps professionals are fully aware of the fact that the syllabus for Exam need to be up-to-date. Updates for 90 days are provided to the candidate to allow the candidate to prepare exam from the up-to-date dumps. Up-to-dumps let the candidates have the best preparation and get successfully through the Exam. You can download these dumps from our website at any time you want, if you are satisfied with our service, then don't hesitate to make a purchase by clicking on the link given above this paragraph. You can download this dump directly from our site and start practicing for your exam. You will get a dump file that contains questions with answers along with explanations for those questions. Do not waste your time looking for other websites where, that charge money for their downloads or even worse sell their study material online! It is the best choice for you, if you are looking for preparation material to pass the exam. All you need is an internet connection and an efficient digital device.

P.S. PDFExamDumps在Google Drive上分享了免費的2026 Forescout FSCP考試題庫：<https://drive.google.com/open?id=1TnVvbG800m67aDElssvDrKfIy8yaLrn2>

PDFExamDumps的專業及高品質的產品是提供IT認證資料的行業佼佼者，選擇了PDFExamDumps就是選擇了成功，PDFExamDumps Forescout的FSCP考試培訓資料是保證你通向成功的法寶，有了它你將取得優異的成績，並獲得認證，走向你的理想之地。

PDFExamDumps的Forescout專家團隊利用自己的知識和經驗專門研究了最新的短期有效的培訓方式，這個培訓方法對你們是很有幫助的，可以讓你們短期內達到預期的效果，特別是那些邊工作邊學習的考生，可以省時有不費力。選擇PDFExamDumps的培訓資料你將得到你最想要的FSCP培訓資料。

## 高效的FSCP考題及資格考試領先的供應商和免費PDF FSCP: Forescout Certified Professional Exam

PDFExamDumps是個為Forescout FSCP 認證考試提供短期的有效培訓的網站，但是PDFExamDumps能保證你的Forescout FSCP 認證考試及格。如果你不及格，我們會全額退款。在你選擇購買PDFExamDumps的產品之前，你可以在PDFExamDumps的網站上免費下載我們提供的部分關於Forescout FSCP認證考試的練習題及答案作為嘗試，那樣你會更有信心選擇PDFExamDumps的產品來準備你的Forescout FSCP 認證考試。

## 最新的 Forescout Certified Professional FSCP 免費考試真題 (Q68-Q73):

### 問題 #68

When creating a new "Send Mail" notification action, which email is used by default?

- A. The email entered in the send mail action on the rule
- B. The email configured under Options > General > Mail
- C. The email that was used when registering the license
- D. The Tech Support email
- E. The email address of the last logged in user

### 答案: B

解題說明:

Comprehensive and Detailed Explanation From Exact Extract of Forescout Platform Administration and Deployment:  
According to the Forescout Administration Guide, when creating a new "Send Mail" notification action, the email configured under Options > General > Mail is used by default.

Default Email Configuration:

According to the Managing Email Notifications documentation:

"From the Tools menu, select Options > General > Mail and DNS. Update any of the following fields: Send Email Alerts / Notifications - List email addresses to receive CounterACT email alerts." This setting establishes the default recipients for all email notifications across the system.

Email Notification Hierarchy:

According to the documentation:

\* Default Recipients (Options > General > Mail) - Used when no specific recipients are defined

\* Policy-Specific Recipients - Can override defaults in individual policy actions

\* Action-Level Recipients - The "Send Mail" action can specify custom recipients When "Send Mail" Action Uses Defaults:

According to the documentation:

When you create a "Send Mail" action without specifying custom recipients, the system automatically uses the email addresses configured in:

\* Tools > Options > General > Mail and DNS

\* The "Send Email Alerts/Notifications" field

Why Other Options Are Incorrect:

\* B. Email of the last logged in user - The system doesn't track login history for email defaults

\* C. The Tech Support email - There is no "Tech Support email" setting in Forescout

\* D. Email used for license registration - License email is not used for policy notifications

\* E. Email entered in the send mail action on the rule - While this CAN override defaults, it's not the DEFAULT used when creating the action  
Referenced Documentation:

\* Managing Forescout Platform Email Notifications

\* Managing Email Notifications

\* Managing Email Notification Addresses

### 問題 #69

What is required for CounterAct to parse DHCP traffic?

- A. The enterprise manager must see DHCP traffic
- B. DNS client must be running
- C. Must see symmetrical traffic
- D. DHCP classifier must be running
- E. Plugin located in Network module

### 答案: D

解題說明:

Comprehensive and Detailed Explanation From Exact Extract of Forescout Platform Administration and Deployment:  
According to the Forescout DHCP Classifier Plugin Configuration Guide Version 2.1, the DHCP Classifier Plugin must be running for CounterACT to parse DHCP traffic. The documentation explicitly states:

"For endpoint DHCP classification, the DHCP Classifier Plugin must be running on a CounterACT device capable of receiving the DHCP client requests." DHCP Classifier Plugin Function:

The DHCP Classifier Plugin is a component of the Forescout Core Extensions Module. According to the official documentation:

"The DHCP Classifier Plugin extracts host information from DHCP messages. Hosts communicate with DHCP servers to acquire and maintain their network addresses. CounterACT extracts host information from DHCP message packets, and uses DHCP fingerprinting to determine the operating system and other host configuration information." How the DHCP Classifier Plugin Works: According to the configuration guide:

- \* Plugin is Passive - "The plugin is passive, and does not intervene with the underlying DHCP exchange"
- \* Inspects Client Requests - "It inspects the client request messages (DHCP fingerprint) to propagate DHCP information about the connected client to CounterACT"

\* Extracts Properties - Extracts properties like:

- \* Operating system fingerprint
- \* Device hostname
- \* Vendor/device class information
- \* Other host configuration data

DHCP Traffic Detection Methods:

The DHCP Classifier Plugin can detect DHCP traffic through multiple methods:

\* Direct Monitoring - The CounterACT device monitors DHCP broadcast messages from the same IP subnet

\* Mirrored Traffic - Receives mirrored traffic from DHCP directly

\* Replicated Messages - Receives DHCP requests forwarded/replicated from network devices

\* DHCP Relay Configuration - Receives explicitly relayed DHCP requests from DHCP relays

Plugin Requirements:

According to the documentation:

"No plugin configuration is required."

However, the plugin must be running on at least one CounterACT device for DHCP parsing to occur.

Why Other Options Are Incorrect:

\* A. Must see symmetrical traffic - While symmetrical network monitoring helps, it's not the requirement; the specific requirement is that the DHCP Classifier Plugin must be running

\* B. The enterprise manager must see DHCP traffic - Any CounterACT device capable of receiving DHCP traffic can parse it, not just the Enterprise Manager

\* C. DNS client must be running - DNS services are not required for DHCP parsing; they are separate services

\* E. Plugin located in Network module - The DHCP Classifier Plugin is part of the Core Extensions Module, not the Network module

DHCP Classifier Plugin as Part of Core Extensions Module:

According to the documentation:

"DHCP Classifier Plugin: Extracts host information from DHCP messages." The DHCP Classifier Plugin is installed with and part of the Forescout Core Extensions Module, which includes multiple components:

- \* Advanced Tools Plugin
- \* CEF Plugin
- \* DHCP Classifier Plugin
- \* DNS Client Plugin
- \* Device Classification Engine
- \* And others

Referenced Documentation:

\* Forescout DHCP Classifier Plugin Configuration Guide Version 2.1

\* About the DHCP Classifier Plugin documentation

\* Port Mirroring Information Based on Specific Protocols

\* Forescout Platform Base Modules

## 問題 #70

Which policies require modification to allow network-based PC imaging of devices while blocking non- corporate devices? (Choose two)

- A. Windows Enterprise Manageability policy
- B. IoT Discover policy
- C. Linux Manageability policy
- D. Enterprise Discover policy
- E. MAC Manageability policy

答案： A,D

解題說明：

Comprehensive and Detailed Explanation From Exact Extract of Forescout Platform Administration and Deployment:

According to the Forescout Administration Guide - Policy Templates, to allow network-based PC imaging of devices while blocking non-corporate devices, modifications are required to Enterprise Discover policy (B) and Windows Enterprise Manageability policy

(E).

Network-Based PC Imaging Requirements:

For network-based PC imaging (such as through WinPE boot environments or imaging servers), the system must:

- \* Discover Corporate PCs - Identify legitimate corporate devices
- \* Allow Imaging Traffic - Permit PXE boot and imaging protocol traffic
- \* Block Non-Corporate Devices - Prevent unauthorized BYOD or guest devices from initiating imaging Enterprise Discover Policy Modifications:

According to the policy templates documentation:

The Enterprise Discover policy must be modified to:

- \* Allow PXE boot traffic for legitimate devices
- \* Permit discovery protocols from imaging servers
- \* Distinguish between corporate and non-corporate devices

Windows Enterprise Manageability Policy Modifications:

According to the documentation:

The Windows Enterprise Manageability policy must be modified to:

- \* Identify Windows corporate devices
- \* Permit imaging-related activities for corporate machines
- \* Block or restrict imaging access for non-managed or guest devices

Why Other Options Are Incorrect:

- \* A. Linux Manageability policy - Linux devices are not typically subjected to network-based Windows imaging; this policy manages Linux endpoint compliance, not PC imaging
- \* C. MAC Manageability policy - MAC devices use different imaging methods; this policy is for managing macOS endpoints
- \* D. IoT Discover policy - IoT devices are not imaged via PC imaging protocols; this policy handles IoT device discovery and classification Imaging Access Control Workflow:

According to the administration guide:

text

1. Enterprise Discover Policy (Modified)

- Identify devices attempting PXE/imaging boot
- Distinguish corporate vs. non-corporate
- Allow corporate devices to proceed

2. Windows Enterprise Manageability Policy (Modified)

- Verify device is corporate-managed
- Check compliance status
- Permit imaging for compliant devices
- Block non-compliant or unauthorized devices

Referenced Documentation:

\* Forescout Administration Guide - Policy Templates

\* Policy Templates - Enterprise Discover and Windows Manageability sections

## 問題 #71

What is the automated safety feature to prevent network wide outages/blocks?

- A. Action Thresholds
- B. Disable policy
- C. Disable Policy Action
- D. Stop all policies
- E. Send an Email Alert

答案: A

解題說明:

Comprehensive and Detailed Explanation From Exact Extract of Forescout Platform Administration and Deployment:

Action Thresholds is the automated safety feature designed to prevent network-wide outages and blocks.

According to the Forescout Platform Administration Guide, Action Thresholds are specifically designed to automatically implement safeguards when rolling out sanctions (blocking actions) across your network.

Purpose of Action Thresholds:

Action thresholds work as an automated circuit breaker mechanism that prevents catastrophic network-wide outages. The feature establishes maximum percentage limits for specific action types on a single appliance.

When these limits are reached, the policy automatically stops executing further blocking actions to prevent mass network disruption.

How Action Thresholds Prevent Outages:

Consider a scenario where a policy is misconfigured and would block 90% of all endpoints on the network due to a false condition match. Without Action Thresholds, this could cause a network-wide outage. With Action Thresholds configured:

- \* Limit Definition - An administrator sets an action threshold (e.g., 20% of endpoints can be blocked by Switch action type)
- \* Automatic Enforcement - When this percentage threshold is reached, the policy automatically stops executing the blocking action for any additional endpoints
- \* Alert Generation - The system generates alerts to notify administrators when a threshold has been reached
- \* Protection - This prevents the policy from cascading failures that could affect the entire network Action Threshold Configuration: Each action type (e.g., Switch blocking, Port blocking, External port blocking) can be configured with its own threshold percentage. This allows granular control over the maximum impact any single policy can have on the network.

Why Other Options Are Incorrect:

- \* A. Stop all policies - This is a manual intervention, not an automated safety feature; also, it's too drastic and would disable legitimate policies
- \* B. Disable policy - This is a manual action, not an automated safety mechanism
- \* C. Disable Policy Action - While you can disable individual actions, this is not an automated threshold-based safeguard
- \* E. Send an Email Alert - Alerts notify administrators but do not automatically prevent outages; they require manual intervention

Referenced Documentation:

- \* Forescout Platform Administration Guide - Working with Action Thresholds
- \* Forescout Platform Administration Guide - Policy Safety Features
- \* Section: "Action Thresholds are designed to automatically implement safeguards when rolling out such sanctions across your network"

## 問題 #72

Which of the following is an advantage of FLEXX licensing?

- A. FLEXX licensing is offered with V7 and V8 Resiliency and Advanced Compliance licenses
- B. Licensing is centralized and managed by an Enterprise Manager
- C. License is centralized by an appliance by combining hardware and software
- D. FLEXX licensing works in V7 or on CTxx appliances
- E. With FLEXX license, you can add See + Control + Resiliency as a base License

答案: B

解題說明:

Comprehensive and Detailed Explanation From Exact Extract of Forescout Platform Administration and Deployment:  
According to the Forescout Licensing and Sizing Guide and official licensing documentation, the key advantage of FLEXX licensing is that licensing is centralized and managed by an Enterprise Manager, providing centralized license administration across the entire Forescout platform deployment.

FLEXX Licensing Key Advantages:

FLEXX licensing represents a significant departure from the legacy per-appliance licensing model. The primary advantages of FLEXX licensing include:

- \* Centralized License Pool - Licenses are independent of hardware appliances and form a centralized, shared pool that can be deployed across multiple appliances and network segments
- \* Enterprise Manager Management - License entitlements and allocations are centrally administered and managed by the Enterprise Manager
- \* Portable Licenses - Licenses can be ubiquitously deployed and shared across different device types, appliance locations, and deployment scenarios (campus, data center, cloud, OT)
- \* Flexible Capacity Sharing - Licensed capacity can be shared across campus, data center, cloud, and OT environments without appliance-specific restrictions
- \* Scalability - Unlimited virtual appliance instances can be spun up as needed without purchasing additional appliance hardware licenses
- \* Unified Customer Portal - Centralized access to license management, software downloads, documentation, and support

FLEXX Licensing Deployment Model:

With FLEXX licensing, organizations can:

- \* Order software licenses separately and independent from appliances
- \* Centrally manage and allocate licenses from a unified portal
- \* Redistribute license capacity across appliances without manual reallocation
- \* Support virtual and physical appliances equally

Why Other Options Are Incorrect:

- \* A - Incorrect; FLEXX licenses are NOT controlled by individual appliances but are managed centrally at the Enterprise Manager level

- \* C - Base licenses cannot simply be added together; FLEXX licensing is purchased as a unified license pool
- \* D - FLEXX is offered with V8 appliances (5100 and 4100 series), not V7; CT series appliances support per-appliance licensing
- \* E - FLEXX is available for 5100/4100 series and CT series (with Flexx upgrade option) in V8.0 or higher, not in V7 Referenced Documentation:
  - \* Forescout Licensing and Sizing Guide
  - \* Forescout Flexx Licensing - What it Offers
  - \* Forescout Platform License Management documentation

### 問題 #73

.....

FSCP 是一個占有一定比重的認證科目。由於人數太少，加上需求太大，導致擁有 FSCP 認證的人成為薪酬最高的資訊技術專業認證人員。由於技能是本身擁有的，加上在全球範圍內的幾乎所有國家都有類似需求。所以，Forescout 的 FSCP 認證為網路工程師打開了通往全球各地的大門。如果您通過了FSCP 的考試，將證明你的專業技能和貢獻，展示你的知識與能力。如果你被認證為一個 FSCP 網路公司的專家，你就會成為這個領域中最有知識的專家之一。

**FSCP認證:** [https://www.pdfexamdumps.com/FSCP\\_valid-braindumps.html](https://www.pdfexamdumps.com/FSCP_valid-braindumps.html)

Forescout FSCP考題 關於IT認證考試的出題，我們公司有著豐富的經驗，Forescout FSCP考題 因為這個考古題包括了真實考試中的所有試題，所以只是這樣你也可以通過考試，PDFExamDumps是個能幫你快速通過Forescout FSCP 認證考試的網站，很多參加Forescout FSCP 認證考試的人花費大量的時間和精力，或者花錢報補習班，都是為了通過Forescout FSCP 認證考試，現在的考試如FSCP在經常的跟新，準備通過這個考試是一項艱巨的任務，Forescout FSCP考古題是一個能使您一次性通過該考試的題庫資料，你可以通過免費下載我們的PDFExamDumps提供的部分關於Forescout FSCP考題及答案作為嘗試來確定我們的可靠性，相信你會很滿意的。

這大將見此，連忙對著時空道人他們吼道，他的話語雖然很平靜，可卻讓人沒來FSCP由地感受到了壹股壓力，關於IT認證考試的出題，我們公司有著豐富的經驗，因為這個考古題包括了真實考試中的所有試題，所以只是這樣你也可以通過考試。

## 最真實的FSCP認證考試考古題

PDFExamDumps是個能幫你快速通過Forescout FSCP 認證考試的網站，很多參加Forescout FSCP 認證考試的人花費大量的時間和精力，或者花錢報補習班，都是為了通過Forescout FSCP 認證考試，現在的考試如FSCP在經常的跟新，準備通過這個考試是一項艱巨的任務，Forescout FSCP考古題是一個能使您一次性通過該考試的題庫資料。
