If you find any quality problems of our CCM or you do not pass the exam, we will unconditionally full refund. TestBraindump is

professional site that providing Medical Professional CCM Questions and answers, it covers almost the CCM full knowledge points.

Medical Professional Certified Case Manager Certification Exam (CCM) Sample Questions (Q83-Q88):

NEW QUESTION # 83

If a FIDIC Red, Yellow, or Silver Book (edition 2017) is applied, in which of the following two cases is the Contractor required to submit a revised programme?

Choose all of the correct answers (multiple possibilities).

- A. Upon a request from the Engineer (under FIDIC Red or Yellow Books) or Employer (under FIDIC Silver Book) notifying it that the Programme fails to comply with the Contract, to a specified extent, or no longer reflects actual progress or is otherwise inconsistent with the Contractor's obligations.
- B. To accurately reflect the actual progress of the Works, but only if any Programme ceases to reflect actual progress with at least 42 days.
- C. The Contractor shall revise the Programme only by request from the Engineer or the Employer (in case of FIDIC Silver Book).
- D. To accurately reflect the actual progress of the Works, whenever any Programme ceases to reflect actual progress or is otherwise inconsistent with the Contractor's obligations.

Answer: A,D

Explanation:

Comprehensive and Detailed Explanation:

Option C is correct: The Contractor must revise the programme whenever it no longer accurately reflects progress or obligations.

Option D is correct: The Contractor must also revise the programme upon formal request if it fails contract compliance or progress reflection.

Option A is incorrect; the Contractor has ongoing obligations beyond formal requests.

Option B is incorrect; no 42-day threshold applies in the contract for revision.

NEW QUESTION # 84

You are the Contract Manager of the Engineer for a contract using FIDIC Yellow Book (edition 2017). You are drafting a notice holding the Commencement Date. Which one of the following approaches has the most clear and unambiguous drafting?

- A. I hereby give notice, in accordance with Sub-Clause 8.1 of the Conditions of Contract, the Commencement Date shall be 17 April 2023.
- B. I hereby give notice, in accordance with Sub-Clause 1.1.84 and 8.2 of the Conditions of Contract, that the Time for Completion shall commence from 17 April 2023.
- C. The Contractor is kindly notified that the project shall be started by 17 April 2023.
- D. The commencement date of this project under Sub-Clause 8.1 of the Conditions of Contract will be 10 days from 7 April 2023.

Answer: A

Explanation:

Option A provides the clearest and most unambiguous notice because:

It explicitly references the relevant Sub-Clause (8.1) that governs Commencement Date notification.

It uses precise language "I hereby give notice" indicating formal notification.

It clearly states the Commencement Date with a specific date (17 April 2023).

Options B and C are less formal or ambiguous and do not refer to the proper contract clause, which could lead to disputes. Option D incorrectly refers to the Time for Completion start rather than the Commencement Date specifically.

Clear and formal notices help prevent contractual disputes by explicitly identifying the contractual clause and key date.

NEW QUESTION # 85

Under the FIDIC Red Book (edition 2017), the Engineer has suspended works to come to a change of the design of a part of the Works. After expiry of 84 days of suspension, the Contractor gave notice thereof.

Following this notice, the suspension was not lifted within 28 days. What two statements are correct in such a situation?

- A. Under the Contract the Parties cannot agree on further suspension and the Contractor may immediately terminate the Contract if it affects the whole Works.
- B. The Contractor may omit the affected part of Works and deny to carry out such Work going forward, but only after it has given a second notice to the Engineer.
- C. The Contractor cannot terminate the Contract.
- D. The Contractor may terminate the Contract if it affects the whole Works, but only after it has given a second notice to the Engineer.

Answer: A,D

Explanation:

Under FIDIC Red Book 2017, if the Engineer suspends works for more than 84 days and the Contractor notifies the Engineer, but the suspension is not lifted within 28 days, the Contractor may terminate the contract if the suspension affects the whole of the Works (Option A).

Additionally, the Contractor must give a second notice before termination (Option C). This process ensures proper communication and adherence to contractual procedures.

Option B is incorrect; termination is allowed under specified conditions.

Option D is incorrect; omission of work is not generally permitted without formal termination.

NEW QUESTION # 86

The Contractor is entitled to an advance payment, it has obtained such payment and it has not yet been entirely paid back. Under FIDIC Red Book (edition 1999), in which two situations will the outstanding balance of the advance payment become immediately due?

Choose all of the correct answers (multiple possibilities).

- A. If the advance payment is not completely repaid before termination of the Contract.
- B. If the advance payment is not completely repaid before the Taking-Over Certificate is issued.
- C. If the advance payment is not completely repaid before Time for Completion.
- D. If advance payment is not completely repaid before the Performance Certificate is issued.

Answer: A,C

Explanation:

Under the FIDIC Red Book 1999, advance payment is a sum paid to the Contractor to help cash flow early in the project. It must be repaid through deductions from interim payments according to a specified schedule.

* Sub-Clause 14.5 (Advance Payment) states that the Contractor must repay the advance payment by installments, typically by the Time for Completion. If the advance payment has not been fully repaid by the Time for Completion, the outstanding balance becomes immediately due and payable by the Contractor (Option A). This ensures the Employer recovers the advance by the time the project completes.

* Additionally, upon termination of the Contract (Sub-Clause 15.2 or relevant termination clauses), any outstanding balance of the advance payment becomes immediately due (Option D). This protects the Employer's financial interest if the Contract ends prematurely.

* Option B (before the Performance Certificate is issued) and Option C (before the Taking-Over Certificate is issued) are not explicitly linked in FIDIC Red Book 1999 to triggering immediate repayment of the advance payment. The Taking-Over Certificate marks practical completion and may precede the final repayment schedule, while the Performance Certificate is issued after the Defects Notification Period.

Therefore, the correct situations for immediate repayment of outstanding advance payment balance are before Time for Completion and upon termination of the Contract.

NEW QUESTION # 87

You are the Contract Manager of the Engineer and person Y is the Contract Manager of the Employer in a construction project under FIDIC 2017 Red Book. The project is late in schedule and Y has issued Employer's claim on Delay Damages. You have asked Y to consider whether the Contractor's delay to completion is a reflection of cash-flow shortfall from interim payments before making deductions to the Contractor's payment. Y replied that even if the Contractor pays Delay Damages to the Employer, the Contractor is still obliged to complete the Works and is not relieved from its duties and obligations. You warned Y of the risks of further reduction of cash-flow by the deduction of Delay Damages from payments. As this could worsen the situation of the Contractor, leading to further delays to the completion of the Works. Who is right?

- A. Both you and Y are wrong.
- B. You are correct, Y is wrong.
- **C. Both you and Y are both correct.**
- D. You are wrong, Y is correct.

Answer: C

Explanation:

Both statements are correct:

Y is right that payment of Delay Damages does not relieve the Contractor from completing the Works.

You are also correct that excessive deduction of Delay Damages can reduce the Contractor's cash flow, potentially worsening delays.

This situation requires careful balance between enforcing contractual rights and maintaining project progress.
