Learning at electronic devices does go against touching the actual study. Although our FCSS\_SDW\_AR-7.4 exam dumps have been known as one of the world's leading providers of exam materials, you may be still suspicious of the content. Therefore, we especially provide several demos for future reference and we promise not to charge you of any fee for those downloading. Then you will know whether it is suitable for you to use our FCSS\_SDW\_AR-7.4 Test Questions. There are answers and questions provided to give an explicit explanation. We are sure to be at your service if you have any downloading problems!

Our FCSS\_SDW\_AR-7.4 Practice Materials are compiled by first-rank experts and FCSS\_SDW\_AR-7.4 Study Guide offer whole package of considerate services and accessible content. Furthermore, FCSS\_SDW\_AR-7.4 Actual Test improves our efficiency in different aspects. Having a good command of professional knowledge will do a great help to your life. With the advent of knowledge times, we all need some professional certificates such as FCSS\_SDW\_AR-7.4 to prove ourselves in different working or learning condition.

## FCSS\_SDW\_AR-7.4 Reliable Test Price, Updated FCSS\_SDW\_AR-7.4 Dumps

Many clients may worry that if they buy our product they will fail in the exam but we guarantee to you that our FCSS\_SDW\_AR-7.4 study questions are of high quality and can help you pass the exam easily and successfully. Our product boasts 99% passing rate and high hit rate so you needn't worry that you can't pass the exam. Our FCSS\_SDW\_AR-7.4 exam torrent is compiled by experts and approved by experienced professionals and updated according to the development situation in the theory and the practice. Our FCSS - SD-WAN 7.4 Architect guide torrent can simulate the exam and boosts the timing function. The language is easy to be understood and makes the learners have no learning obstacles. So our FCSS\_SDW\_AR-7.4 Exam Torrent can help you pass the exam with high possibility.

### Fortinet FCSS\_SDW\_AR-7.4 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>Configure Performances SLAs: Designed for network administrators, this part focuses on setting up performance Service Level Agreements (SLAs) within SD-WAN environments. Candidates must show proficiency in defining criteria to monitor and maintain network performance and reliability.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>Rules and Routing: Targeted at network engineers, this section assesses the ability to configure SD-WAN rules and routing policies. Candidates will be tested on managing traffic flow and prioritization across the SD-WAN infrastructure.</li> </ul>

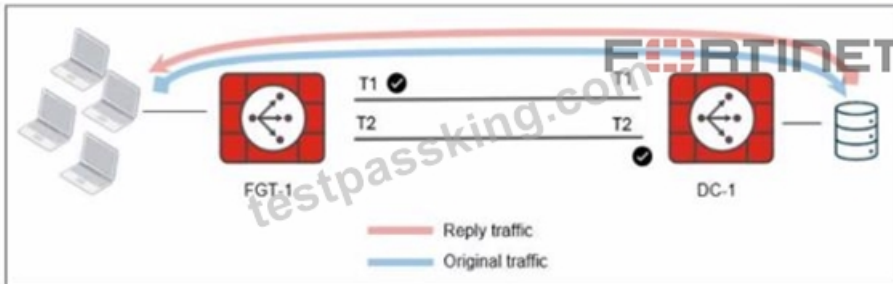

Topic 3

- SD-WAN Configuration: This section of the exam measures the skills of network engineers and covers configuring a basic SD-WAN setup. Candidates are expected to demonstrate their ability to define SD-WAN members and zones effectively, ensuring foundational network segmentation and management.

## Fortinet FCSS - SD-WAN 7.4 Architect Sample Questions (Q11-Q16):

### NEW QUESTION # 11

Refer to the exhibit.

The administrator analyzed the traffic between a branch FortiGate and the server located in the data center, and noticed the behavior shown in the diagram.

When the LAN clients located behind FGT1 establish a session to a server behind DC-1, the administrator observes that, on DC-1, the reply traffic is routed over T2, even though T1 is the preferred member in the matching SD-WAN rule.

What can the administrator do to instruct DC-1 to route the reply traffic through the member with the best performance?

- A. Enable reply-session under config system sdwan.
- B. Enable snat-route-change under config system global.
- C. FortiGate route lookup for reply traffic only considers routes over the original ingress interface.
- **D. Enable auxiliary-session under config system settings.**

**Answer: D**

### NEW QUESTION # 12

You are planning a new SD-WAN deployment with the following criteria:

- Two regions
- Most of the traffic is expected to remain within its region
- No requirement for inter-region ADVPN

To remain within the recommended best practices, which routing protocol should you select for the overlays?

- A. OSPF for the routing within each region and EBGp between the regions.
- **B. IBGP with BGP on loopback within each region and EBGp between the regions.**
- C. IBGP within each region and between the regions.
- D. IBGP with BGP per overlays within each region and IBGP with BGP on loopback between the regions.

**Answer: B**

Explanation:

Using iBGP with BGP on loopback within each region ensures scalable and stable routing inside the region, while eBGP between regions aligns with best practices to maintain clear boundaries, reduce convergence complexity, and support region separation.

### NEW QUESTION # 13

You manage an SD-WAN topology. You will soon deploy 50 new branches.

Which three tasks can you do in advance to simplify this deployment? (Choose three.)

- A. Update the DHCP server configuration.
- B. Define metadata variables value for each device.
- **C. Create a ZTP template.**
- **D. Create policy blueprint.**

- E. Create model devices.

Answer: C,D,E

#### NEW QUESTION # 14

The SD-WAN overlay template helps to prepare SD-WAN deployments. To complete the tasks performed by the SD-WAN overlay template, the administrator must perform some post-run tasks.

What are three mandatory post-run tasks that must be performed? (Choose three.)

- A. Configure SD-WAN rules.
- B. Assign a branch\_id metadata variable to each branch device.
- C. Create policy packages for branch devices.
- D. Configure routing through overlay tunnels created by the SD-WAN overlay template.
- E. Assign an sdwan\_id metadata variable to each device (branch and hub).

Answer: A,B,D

#### NEW QUESTION # 15

What are three key routing principles of SD-WAN? (Choose three.)

- A. Policy routes have precedence over SD-WAN rules.
- B. SD-WAN rules are skipped if the best route to the destination is not an SD-WAN member.
- C. SD-WAN members are skipped if they do not have a valid route to the destination.
- D. SD-WAN rules are skipped if the best route to the destination is a static route
- E. Directly connected routes have precedence over SD-WAN rules.

Answer: A,B,C

Explanation:

SD-WAN members without a valid route to the destination are skipped during path selection.

If the best route is not via an SD-WAN member, SD-WAN rules are skipped.

Policy routes take precedence over SD-WAN rules in the routing decision process.

#### NEW QUESTION # 16

.....

After purchasing our FCSS\_SDW\_AR-7.4 exam questions, we provide email service and online service you can contact us any time within one year. Also we provide one year free updates of FCSS\_SDW\_AR-7.4 learning guide if we release new version in one year, our system will send the link of the latest version of our FCSS\_SDW\_AR-7.4 training braindump to your email box for your downloading. It is free of charge. And you can save a lot of time and money for our updates of FCSS\_SDW\_AR-7.4 study guide. We make sure that you will have a happy free-shopping experience.
