In a word, you have nothing to worry about with our CCM Study Guide.

Medical Professional Certified Case Manager Certification Exam (CCM) Sample Questions (Q22-Q27):

NEW QUESTION # 22

Which of the following obligations are relevant to the Engineer 's roles with regards to insurance? [2017 Edition] (2 correct answers apply) Choose all of the correct answers (multiple possibilities).

- A. The Engineer shall immediately suspend all construction activities at the Site, in case the Contractor failed to take out any

necessary insurance.

- B. The Engineer should continuously monitor that the Contractor ' s insurance policies are kept valid, and extensions are duly arranged, when necessary.
- C. The Engineer shall receive a copy of the evidence(s) demonstrating Contractor ' s payment of the necessary insurance premiums.
- D. The Engineer is entitled to take out an insurance on behalf of the Contractor, in case the Contractor fails to extend the validity of a specific insurance.

Answer: B,C

Explanation:

Option A is correct: The Engineer is entitled to receive evidence that the Contractor has paid for the necessary insurance policies.

Option C is correct: The Engineer has the role of monitoring the validity of these insurances and ensuring that renewals or extensions are arranged in a timely manner.

Option B is incorrect; the Engineer does not have the authority to take out insurance on behalf of the Contractor.

Option D is incorrect; suspension of construction activities is not automatically the Engineer's role for insurance lapses but may require instructions from the Employer.

NEW QUESTION # 23

Which one of the following statements is correct regarding the Employer's Representative under the FIDIC Silver Book (edition 1999)?

- A. The Employer may appoint an Employer's Representative to act on his behalf under the Contract but has to consult the Contractor to agree to this Representative.
- B. The Employer must always appoint an Employer's Representative to act on his behalf under the Contract.
- C. The Employer may appoint an Employer's Representative to act on his behalf under the Contract.
- D. The Representatives of both the Employer and the Engineer have no authority to amend the Contract at all.

Answer: C

Explanation:

Comprehensive and Detailed Explanation:

Under the FIDIC Silver Book (1999 edition), the Employer may appoint an Employer's Representative to act on their behalf, but this is discretionary and not mandatory (Option B). The Employer's Representative acts within the authority delegated by the Employer but cannot amend the Contract unless expressly authorized.

Option A is partly correct but less complete than B.

Option C is incorrect; the appointment is not compulsory.

Option D is incorrect; the Employer is not contractually obliged to consult the Contractor for appointment approval.

NEW QUESTION # 24

Upon review of the revised programme, submitted by the Contractor, if the Engineer (under FIDIC Red or Yellow Books) or Employer (under FIDIC Silver Book) does not give a Notice of Non-Compliance within 14 days after receiving a revised programme, then ... [complete the sentence, thereby considering FIDIC Red, Yellow, and Silver Books (edition 2017)]. (1 correct answer applies)

- A. The Contractor cannot proceed in accordance with the Programme.
- B. The Engineer shall be deemed to have given a Consent and the revised programme shall be the Programme.
- C. The Engineer is deemed to have no objection to use the revised programme submitted by the Contractor, for the Works.
- D. The Contractor shall submit a Notice to the Engineer or the Employer reminding him to give its approval on the revised programme.

Answer: C

Explanation:

Comprehensive and Detailed Explanation:

According to the FIDIC 2017 editions (Red, Yellow, and Silver Books), when the Contractor submits a revised programme, the Engineer or Employer has a limited time (typically 14 days) to review and raise any Notice of Non-Compliance if the programme does not meet contract requirements (Sub-Clause 8.3 or equivalent). If no notice is issued within this period, the Engineer or Employer is deemed to have no objection to the revised programme.

This does not imply formal approval or consent, but the programme can be used for the execution and administration of the works in the absence of objections. This avoids unnecessary delay due to inaction.

Option D is correct as it captures this deemed "no objection" position.

Option B is incorrect as "deemed consent" is stronger than FIDIC provisions state; it is more correct to say "no objection".

Option A is incorrect since the Contractor does not have to remind the Engineer or Employer for consent within this period.

Option C is incorrect because the Contractor may proceed if no non-compliance is notified.

NEW QUESTION # 25

You are the new Contract Manager of the Contractor in a bridge project using FIDIC Yellow Book (edition 2017). The project had been suspended due to a material change in the Employer ' s financial arrangement.

You have worked with your team to identify several failures of the Employer in carrying its obligations under the Contract. Which

one of the following does NOT allow the Contractor to issue Notice to terminate the Contract?

- A. The Contractor has requested the Employer but has not received any evidence that the financial arrangement is being maintained, despite having sent a notice thereto 4 months earlier.
- B. A prolonged suspension for more than 1 year has affected the whole of the Works.
- C. The Contractor does not receive the amount due under the latest Payment Certificate for more than 4 months after the due date.
- D. The Employer failed to comply with a final and binding determination issued by the Engineer, and such failure constitutes a material breach of the Employer ' s obligations under the Contract.

Answer: A

Explanation:

Option C does NOT, on its own, provide grounds for termination. The Contractor's request for evidence of financial arrangement, without further contractual breach, is insufficient to terminate.

Options A, B, and D are valid grounds for termination under FIDIC Yellow Book 2017 due to prolonged suspension, non-payment beyond allowed period, or failure to comply with binding determinations.

FIDIC Yellow Book 2017 Edition, Sub-Clauses 15.1 (Suspension) and 15.2 (Termination by Contractor) FIDIC Contract Manager Study Guide, Module on Suspension and Termination

NEW QUESTION # 26

Regarding the FIDIC Red Book (edition 1999), which two statements are true?

- A. A notice and other communications may be delivered by hand, courier and mail. In each case with proof of receipt is required to qualify as legally valid.
- B. A notice is to be signed by the Engineer, Contractor ' s Representative or Employer ' s Authorised Representative.
- C. Notices and other communications may be sent in hand written, type written, in print or through an electronic original transmission system.
- D. In emergency situations notices can also be submitted verbally (rather than (also) in writing).

Answer: C,D

Explanation:

Option A is true: In emergencies, verbal notices are permitted with the requirement to follow up in writing.

Option D is true: Notices and communications may be sent in various formats including handwritten, typed, printed, or electronic

systems.

Option B is incorrect; a notice does not necessarily have to be signed by all these representatives; it depends on the party issuing the notice.

Option C is incorrect; proof of receipt is ideal but not always strictly required for legal validity depending on contract provisions.
