**NEW QUESTION # 17**
What is one Scrum value that can help Agile Teams create transparency?

- A. Respect
- B. Communication
- C. Persistence
- D. Empathy

**Answer: A**

Explanation:
Respect is one of the five Scrum values that can help Agile Teams create transparency. Respect means that team members value each other's opinions, skills, and contributions, and treat each other with dignity and professionalism. Respect also means that team members are honest and open with each other, and share information and feedback without hiding or withholding anything. By respecting each other, Agile Teams can foster a culture of trust and collaboration, where everyone feels comfortable to express their ideas, concerns, and issues, and work together to solve them. Transparency is essential for Agile Teams to inspect and adapt their work, and to align their actions with the vision and goals of the organization.
