Salesforce-Slack-Administrator Test Guide can guarantee that you can study these materials as soon as possible to avoid time waste. Salesforce Certified Slack Administrator Study Question can help you optimize your learning method by simplifying obscure concepts. Salesforce-Slack-Administrator Exam Questions will spare no effort to perfect after-sales services.

Salesforce Salesforce-Slack-Administrator Exam Syllabus Topics:

Topic	Details
Topic 1	Security: This domain targets Salesforce Security specialists in identifying Slack product security features that meet organizational needs. Candidates will describe how Slack addresses security governance, risk management, and compliance while recommending features that protect sensitive data.
Topic 2	Workspace Administration: This domain assesses the competencies of Salesforce administrators in creating and managing Slack workspaces to meet organizational needs. Candidates will determine when a new workspace should be created and manage the approval process for workspace creation.
Topic 3	User Lifecycle Management: This area focuses on managing user accounts throughout their lifecycle in Slack. Candidates will implement authentication options based on organizational requirements and recommend processes for new account creation.
Topic 4	Fundamentals: This section of the exam measures the skills of Salesforce Administrators and covers the key privileges and responsibilities associated with each Slack user role. Candidates will identify unique features of Slack's paid plans and understand the common responsibilities shared by Admins and Owners. Additionally, this section emphasizes the importance of workspace and organization-level settings and dashboards, focusing on how they contribute to effective Slack management.
Topic 5	Enabling Slack Success: This section focuses on the skills of Admins to develop a vision for Slack within their organization. Candidates will use analytics dashboards to track usage and make recommendations based on data insights, such as channel archival or promoting best practices.

We provide you with free demo and pdf real questions and answers for further acquaintance. If you make use of our Salesforce Salesforce-Slack-Administrator Exam Dumps, we will accompany you on your road to success.

Salesforce Certified Slack Administrator Sample Questions (Q132-Q137):

NEW QUESTION # 132

Which TWO statements are true about workflows? (Choose two.)

- A. Workspace Owners and Admins can view all published workflows created by members of their workspaces.
- B. It is currently possible for Org Owners and Admins to view all workflows created in an Enterprise Grid org.
- C. It is not possible to create a custom workflow for your team in fewer than five clicks.
- D. To see all workflows in a workspace, you need to be an Owner or Admin of that workspace.

Answer: A,B

Explanation:

Slack's Workflow Builder allows users to create workflows without writing code, and Admins have visibility over workflows to maintain governance.

According to Slack documentation:

"Workspace Owners and Admins can view and manage all published workflows in their workspace." "For Enterprise Grid organizations, Org Owners and Org Admins can see workflows across all workspaces." Option A is false - creating a workflow is a quick process requiring fewer than five clicks. Option C is inaccurate because regular members can also view workflows they have access to via Workflow Builder, not just Owners or Admins.

-

NEW QUESTION # 133

Large Inc has a number of apps pre-approved in the App Directory for their teams to use, but their admins want to nominate a group of "App Approval Ambassadors" in addition to their Workspace Owners. These

"Ambassadors" will be responsible for reviewing and approving or denying apps in a #plz-app-request channel.

How can the Org Admin ensure that these "Ambassadors" are able to most efficiently approve or deny apps?

- A. Promote the "Ambassadors" to Workspace Owners in Slack.
- B. Have the "Ambassadors" conduct app review in the channel, using emoji to alert the Admins to whitelist the app.
- C. Add the "Ambassadors" as "selected members or groups" to manage Approved Apps.
- D. Promote the "Ambassadors" to Workspace Admins in Slack.

Answer: C

Explanation:

In Enterprise Grid, you can:

"Delegate app management by selecting specific members or user groups who are allowed to review, approve, and manage app requests." This provides a controlled and efficient way to expand app review capabilities without elevating users to Workspace Owner or Admin roles.

(Reference: Slack Administration Study Guide - App Management and Delegated App Approvals)

-

NEW QUESTION # 134

You're an Org Admin in your Slack Enterprise Grid org.

Your security team has requested that all new Slack Connect channels only be approved by Org Admins and Org Owners.

What should you do?

(Select the best answer.)

- A. Change the permissions in the admin dashboard so that Slack Connect channels can be approved by any Workspace Admin or Workspace Owner.
- B. Use Slack's default Slack Connect channel approval permissions which state only Org Admins and Org Owners can

approve new channel requests.

- C. Advise all Workspace Admins and Workspace Owners to forward all Slack Connect channel requests to Org Admins and Org Owners.
- D. Send all Slack Connect channel requests to a private channel on an Org Admin and Org Owner-only workspace.

Answer: B

Explanation:

Slack's default permissions for Slack Connect channel approvals state:

"Only Org Admins and Org Owners can approve Slack Connect channels by default in an Enterprise Grid organization." No manual forwarding or private channel workflows are needed if using defaults (B, D). Changing permissions to let Workspace Admins/Owners approve (A) would contradict the requirement.

(Reference: Slack Administration Study Guide - Slack Connect and Admin Permissions)

-

NEW QUESTION # 135

Andrew is the Primary Org Owner for this company's Enterprise Grid org, which consists of three workspaces. Frank, a new member of the IT department, will be responsible for inviting guests and managing one of the three workspaces' settings. Which role should Andrew give Frank in Slack?

- A. Member
- B. Primary Org Owner
- C. Workspace Admin
- D. Multi-channel Guest

Answer: C

NEW QUESTION # 136

A finance team wants to nominate a team member to be a Slack Workspace Admin.

Which team member's prior experience would make them the optimal candidate for this role?

(Select the best answer)

- A. The candidate encourages Slack etiquette in channels and frequently answers slack-related questions from colleagues. They provide feedback to the current Workspace Admins on Slack settings and policies at the company.
- B. The candidate has experience creating custom integrations to improve the onboarding process for the company's new hires.
- C. The candidate worked closely with the finance team to set up and request Slack Connect channels with external partners. They also helped design the process for approving Slack Connect channel requests at the company
- D. The candidate relies on Slack in their day to day role and frequently asks the IT team questions about Slack features.

Answer: C

NEW QUESTION # 137
