Test ITFAS-Level-1 Questions Vce & ITFAS-Level-1 Exam Collection

Because these Inspection and Testing of Fire Alarm Systems Level I Exam ITFAS-Level-1 exam dumps are designed by experts after in-depth research about the certification exam content. The Inspection and Testing of Fire Alarm Systems Level I Exam exam product is made of 100% real NICET ITFAS-Level-1 Exam Questions verified by NICET professionals. The Inspection and Testing of Fire Alarm Systems Level I Exam ITFAS-Level-1 Valid Dumps of DumpsFree are exceptionally curated and approved by experts. We have hired professionals who after in-depth research add the most important and real test questions in three formats of our ITFAS-Level-1 exam practice material.

NICET Inspection and Testing of Fire Alarm Systems Level I Exam Sample Questions (Q83-Q88):

NEW QUESTION # 83

What is the maximum number of attempts that a digital alarm communicator transmitter (DACT) is allowed to make before a trouble condition shall be indicated?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: C

Explanation:

DACTs must attempt communication within a certain number of tries. If all attempts fail, the panel must initiate a trouble condition.

NFPA 72 (2022), Section 26.6.4.4.2.1:

"A maximum of 10 attempts on one line and 2 attempts on the other line shall be permitted before a trouble signal is indicated." That totals 12 attempts before declaring communication failure.

NEW QUESTION # 84

Secondary power for the fire alarm primary power supply shall be tested under which load?

- A. Minimum load
- B. Maximum load
- C. Supervisory load
- D. Half load

Answer: C

Explanation:

NFPA 72 requires that the secondary power supply be capable of powering the fire alarm system under quiescent or supervisory load for 24 hours, followed by full alarm load for a minimum time (typically 5 or 15 minutes depending on system type).

NFPA 72 (2022), Section 10.6.7.2.1.1:

"The secondary power supply shall have sufficient capacity to operate the system under quiescent load (supervisory condition) for a minimum of 24 hours..." Testing should verify operation under this supervisory (normal monitoring) condition.

Correct answer: D. Supervisory load

NEW QUESTION # 85

When testing a room temperature switch, below what temperature does the off-normal signal occur?

- A. 50 °F (10.0 °C)
- B. 32 °F (0.0 °C)
- C. 40 °F (4.4 °C)
- D. 45 °F (7.2 °C)

Answer: C

Explanation:

Room temperature switches are used to detect freezing conditions in environments such as sprinkler valve rooms. An off-normal (supervisory) condition is triggered if the temperature drops below 40 °F (4.4 °C).

NFPA 72 (2022), Section A.17.16.1.1:

"Low-temperature supervisory signals shall be initiated when the temperature falls below 40 °F (4.4 °C) unless otherwise specified."

This signal helps prevent system damage or failure due to freezing.

Correct answer: B. 40 °F (4.4 °C)

NEW QUESTION # 86

How often should radio transmitters be inspected?

- A. Annually
- B. Monthly
- C. Semiannually
- D. Quarterly

Answer: D

Explanation:

Radio transmitters used in fire alarm systems for off-premises signal transmission must be inspected to verify physical condition, connections, and proper operation. The required inspection interval is quarterly.

NFPA 72 (2022), Table 14.3.1 - Inspection Frequencies:

"Radio transmitters" # Frequency: Quarterly

Correct answer: B. Quarterly

NEW QUESTION # 87

Which of the following situations is considered an impairment?

- A. Intelligible audibility
- **B. Closed sprinkler valve**
- C. Smoke detector within 4 feet of a return air opening
- D. Smoke detector within 4 feet of an air supply diffuser

Answer: B

Explanation:

An impairment occurs when part of the life safety system is disabled or rendered ineffective. A closed sprinkler valve directly disables part of the fire suppression system, which meets the definition of an impairment.

NFPA 72 (2022), Section 3.3.149 - Impairment:

"A condition where a fire protection or life safety system or portion thereof is out of service." Smoke detector placement issues may be a code violation but not a system impairment. Intelligible audibility is a positive attribute, not a problem.

Correct answer: A. Closed sprinkler valve

NEW QUESTION # 88

.....

For candidates, one of the most important things for you is to know the latest information of the exam. ITFAS-Level-1 Training Materials of us will meet your needs. And our system will send the latest version to you automatically, so that you can know the recent information. We have free update for one year, that is to say, you can get free update version for 365 days after purchasing. In addition, we will pass guarantee and money back guarantee.

Test ITFAS-Level-1 Questions Vce: <https://www.dumpsfree.com/ITFAS-Level-1-valid-exam.html>

If you want to fail exam and feel depressed, our NICET ITFAS-Level-1 dumps torrent can help you pass exam one-shot certainly, Let's explore how DumpsFree can assist you in acing your real Inspection and Testing of Fire Alarm Systems Level I Exam (ITFAS-Level-1) quiz quickly and smoothly, NICET ITFAS-Level-1 Online Test And at the same time, we can do a better job since we have learned more knowledge on the subject, And the PC version of ITFAS-Level-1 quiz torrent can stimulate the real exam's scenarios, is stalled on the Windows operating system.

Whether your exams come from the same vendors or different providers, we ITFAS-Level-1 will provide you with one year to all study materials you need, Particularly via social engagement, this naturally correlates with extraversion.

ITFAS-Level-1 – 100% Free Online Test | Updated Test Inspection and Testing of Fire Alarm Systems Level I Exam Questions Vce

If you want to fail exam and feel depressed, our NICET ITFAS-Level-1 Dumps Torrent can help you pass exam one-shot certainly, Let's explore how DumpsFree can assist you in acing your real Inspection and Testing of Fire Alarm Systems Level I Exam (ITFAS-Level-1) quiz quickly and smoothly.

And at the same time, we can do a better job since we have learned more knowledge on the subject, And the PC version of ITFAS-Level-1 quiz torrent can stimulate the real exam's scenarios, is stalled on the Windows operating system.

In the course of obtaining success, we need a number of helps, either external or internal, but to the exam, the quality of ITFAS-Level-1 practice materials are of great importance.
