NEW QUESTION # 34

Your client's implementation of Order Management Cloud requires multiple external systems to be integrated, including order capture systems and fulfillment systems. You can achieve much of this by utilizing web services.

Which attribute is NOT required when registering a web service on the Manage Web Service Details page?

- A. Username and password
- B. Connector URL
- **C. Order Information Service**
- D. Connector description
- E. Connector name

Answer: C

Explanation:

Order Information Service is not an attribute that is required when registering a web service on the Manage Web Service Details page. Order Information Service is a predefined web service that provides order information to external systems, such as order status, order details, and order changes. To register a web service on the Manage Web Service Details page, you must provide the following attributes:

- * Connector name: A unique name that identifies the web service.
- * Connector description: A brief description of the web service and its purpose.
- * Connector URL: The endpoint URL of the web service that Order Management will invoke.
- * Username and password: The credentials that Order Management will use to authenticate with the web service.

NEW QUESTION # 35

Your customer is using Oracle Social Network for Order Management. They claim a conversation is being created for every order in the system, and that this is not required for automated order fulfillment.

What can be changed so that Oracle Social Network only creates conversations for sales orders that need them?

- **A. When enabling the Sales Order object for Oracle Social Network use the manual mode.**
- B. When enabling the Sales Order object for Oracle Social Network, use the automatic mode.
- C. Remove access from users for certain orders that do not require conversations.
- D. Disable the Sales Order object for Oracle Social Network.
- E. Turn off all conversations in Oracle Social Network.

Answer: A

Explanation:

Create social conversations only for conversations that the Order Entry Specialist manually initiates for each sales order. It is strongly recommended that you choose Manual.
