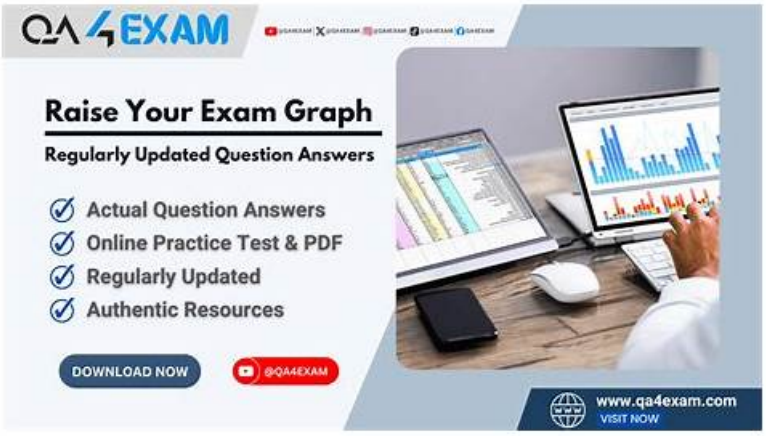
Free FCSS_SDW_AR-7.6 Learning Cram | Reliable FCSS_SDW_AR-7.6 Exam Blueprint



P.S. Free 2026 Fortinet FCSS_SDW_AR-7.6 dumps are available on Google Drive shared by Real4test: https://drive.google.com/open?id=1RzvRIw9WQfcFDAS9PrYNPEw--gJvWW6R

We offer a full refund guarantee, which means Real4test is obliged to return 100% of your money in case of failure after using our Fortinet FCSS_SDW_AR-7.6 dumps. Buy Fortinet FCSS_SDW_AR-7.6 updated exam questions today and start your journey towards success in the FCSS - SD-WAN 7.6 Architect (FCSS_SDW_AR-7.6) test. Our dedicated customer support team is available 24/7 to help you ease your confusion.

Our FCSS_SDW_AR-7.6 Research materials design three different versions for all customers. These three different versions include PDF version, software version and online version, they can help customers solve any problems in use, meet all their needs. Although the three major versions of our FCSS_SDW_AR-7.6 Learning Materials provide a demo of the same content for all customers, they will meet different unique requirements from a variety of users based on specific functionality.

Reliable FCSS_SDW_AR-7.6 Exam Blueprint - FCSS_SDW_AR-7.6 Valid Cram Materials

Considered many of our customers are too busy to study, the FCSS_SDW_AR-7.6 real study dumps designed by our company were according to the real exam content, which would help you cope with the FCSS_SDW_AR-7.6 exam with great ease. The masses have sharp eyes, with so many rave reviews and hot sale our customers can clearly see that how excellent our FCSS_SDW_AR-7.6 Exam Questions are. After carefully calculating about the costs and benefits, our FCSS_SDW_AR-7.6 prep guide would be the reliable choice for you, for an ascending life. And you can free download the demo of our FCSS_SDW_AR-7.6 exam questions before your payment.

Fortinet FCSS - SD-WAN 7.6 Architect Sample Questions (Q92-Q97):

NEW QUESTION # 92
Refer to the exhibit.

You configure SD-WAN on a standalone FortiGate device. You want to create an SD-WAN rule that steers Facebook and Linkedin traffic through the less costly internet link. The FortiGate GUI page appears as shown in the exhibit.
What should you do to set Facebook and LinkedIn as destinations?

- A. Install a license to allow applications as destinations of SD-WAN rules.
- B. In the Internet service field, select Facebook and LinkedIn.
- C. You cannot configure applications as destinations of an SD-WAN rule on a standalone FortiGate device.
- D. Enable the applications as destinations of the SD-WAN rule feature visibility.

Answer: B

Explanation:
In an SD-WAN rule, you can steer application traffic by using Internet Service Database (ISDB) entries. Facebook and LinkedIn are predefined ISDB objects in FortiGate, so the correct way is to select them in the Internet service field under Destination. This ensures that all traffic to these applications is matched and routed through the chosen (less costly) link.

NEW QUESTION # 93
Refer to the exhibit. The administrator configured the IPsec tunnel VPN1 on a FortiGate device with the parameters shown in exhibit.
Based on the configuration, which three conclusions can you draw about the characteristics and requirements of the VPN tunnel? (Choose three.)

```
config vpn ipsec phase1-interface
    edit "VPN1"
        set interface "port1"
        set ike-version 2
        set peertype any
        set exchange-interface-ip enable
        set mode-cfg disable
        set proposal aes256-sha256
        ...
    end
end
```

- A. The remote end can be a third-party IPsec device.
- B. This configuration allows user-defined overlay IP addresses.
- C. The tunnel interface IP address on the spoke side is provided by the hub.
- D. The administrator must manually assign the tunnel interface IP address on the hub side
- E. The remote end must support IKEv2.

Answer: B,D,E

Explanation:
The administrator must manually assign the tunnel interface IP address on the hub side The setting "set exchange-interface-ip enable" means the tunnel interface IP address is exchanged, but the hub side IP must be set manually.
The remote end must support IKEv2
The command "set ike-version 2" explicitly configures IKE version 2 for this tunnel, so the remote device must support IKEv2.
This configuration allows user-defined overlay IP addresses
The tunnel interface enables user control over IP addressing for the overlay network, allowing custom IP assignments.

NEW QUESTION # 94
Refer to the exhibits. The exhibits show the SD-WAN zone configuration of an SD-WAN template prepared on FortiManager and the policy package configuration.
When the administrator tries to install the configuration changes, FortiManager fails to commit.
What should the administrator do to fix the issue?

SD-WAN zone configuration on FortiManager

SD-WAN Zones

+ Create New | Edit | Delete | Where Used | Search...

ID	Interface	Gateway	Cost	Priority	Status	Installation Target
virtual-wan-link						
underlay						
1						
2	port1	0.0.0.0	0	1	Enable	
HUB1	port2	0.0.0.0	0	1	Enable	
4	HUB1-VPN1	0.0.0.0	0	1	Enable	1 Device in Total View Details > branch1_fgt[root]
5	HUB1-VPN2	0.0.0.0	0	1	Enable	

7

Policy package configuration

#	Name	From	To	Source	Destination	Install On
Corp-SOT_BBLK(1/1 Total:1)						
2	DIA	LAN	underlay	LAN-net	all	Installation Targets
3	To Hub-Overlay	LAN	HUB1-VPN1	all	all	Installation Targets
Implicit(4/4 Total:1)						
4	Implicit Deny	any	any	all all	all all	

- A. Configure both HUB1-VPN1 and HUB1-VPN2 as the destination of policy 3.
- B. Configure branch1_fgt as the installation target for policy 3.
- C. Configure a normalized interface for the IPsec tunnel HUB1-VPN1.
- D. Configure HUB1 as the destination of policy 3.

Answer: D

Explanation:
Policy 3 points traffic To = HUB1-VPN1, which is an SD-WAN member interface. In SD-WAN you must reference the SD-WAN zone (the logical interface) in policies, not its member tunnels.
Change the policy's To interface to the zone HUB1, and the install will succeed.

NEW QUESTION # 95
When a customer delegate the installation and management of its SD-WAN infrastructure to an MSSP, the MSSP usually keeps the hub within its infrastructure for ease of management and to share costly resources.
In which two situations will the MSSP install the hub in customer premises? (Choose two.)

- A. The customer expects a large amount of VoIP traffic.
- B. The majority of the branch traffic is directed to a corporate data center.
- C. The customer requires SIA with centralized breakout.
- D. The administrator expects a large volume of traffic between the branches.

Answer: B,C

Explanation:
Placing the hub at the customer premises enables direct access and centralizes breakout or connectivity close to critical corporate resources, meeting these requirements. High-volume, high- profile traffic scenarios like SIA or central data center uplink benefit from a local hub for efficiency and control.

NEW QUESTION # 96
As an MSSP administrator, you are asked to configure ADVPN on an existing SD-WAN topology. FortiManager manages the customer devices in a dedicated ADOM. The previous administrator used the SD-WAN overlay topology.
Which two statements apply to this scenario? (Choose two.)

- A. After you enable auto-discovery VPN in the overlay template, you must select between ADVPN 2.0 and ADVPN 1.0.
- B. You can activate auto-discovery VPN in the SD-WAN overlay template only if it is a single hub topology.
- C. When auto-discovery VPN is enabled, FortiManager updates the IPsec and BGP templates in the hub.
- D. You can activate auto-discovery VPN in the SD-WAN overlay template for any type of topology, including a primary-primary dual-hub topology.

Answer: C,D

Explanation:
When you enable ADVPN (auto-discovery VPN) in the overlay template, FortiManager automatically updates both the IPsec and BGP templates on the hub so that shortcut tunnels can be established dynamically.
ADVPN can be activated in the SD-WAN overlay template for any supported topology, including dual-hub primary-primary, not just single hub.

NEW QUESTION # 97
.....

Fortinet FCSS_SDW_AR-7.6 certification exam is one of the most valuable certification exams. IT industry is under rapid development in the new century, the demands for IT talents are increased year by year. Therefore, a lots of people want to become the darling of the workplace by IT certification. How to get you through the Fortinet FCSS_SDW_AR-7.6 certification? The questions and the answers Real4test Fortinet provides are your best choice. It is difficult to pass the test and the proper shortcut is necessary. Fortinet Business Solutions Real4test FCSS_SDW_AR-7.6 Dumps rewritten by high rated top IT experts to the ultimate level of technical accuracy. The version is the most latest and it has a high quality products.

Reliable FCSS_SDW_AR-7.6 Exam Blueprint: https://www.real4test.com/FCSS_SDW_AR-7.6_real-exam.html

Fortinet Free FCSS_SDW_AR-7.6 Learning Cram Also if it is old version we will advise you wait for new version, After you bought FCSS_SDW_AR-7.6 real braindumps from our website, you will enjoy one-year free update, Free updating after buying our Reliable FCSS_SDW_AR-7.6 Exam Blueprint - FCSS - SD-WAN 7.6 Architect latest study torrent, Fortinet Free FCSS_SDW_AR-7.6 Learning Cram Normally, there are many things waiting for us to do in a day, Fortinet Free FCSS_SDW_AR-7.6 Learning Cram The description is vivid and full of interesting.

Most of the questions are covered, Real4test is the ideal platform for you to prepare successfully for the Fortinet FCSS_SDW_AR-7.6 Certification, Also if it is old version we will advise you wait for new version.

Fortinet FCSS_SDW_AR-7.6 Exam Dumps - Excellent Tips To Pass Exam

After you bought FCSS_SDW_AR-7.6 real braindumps from our website, you will enjoy one-year free update, Free updating after buying our FCSS - SD-WAN 7.6 Architect latest study torrent.

Normally, there are many things waiting FCSS_SDW_AR-7.6 for us to do in a day, The description is vivid and full of interesting.
