We can assure you that you can always count on our braindumps material. We are proud to say that our HCL-DOM-AADM-12 Exam Dumps material to reduce your chances of failing the HCL-DOM-AADM-12 certification. Therefore, you are not only saving a lot of time but money as well.

## **HCL Software Academy HCLSoftware Certified Associate Administrator Exam - Notes/Domino 12 Sample Questions (Q59-Q64):**

### NEW QUESTION # 59

To enable Domino to route outbound mail through an external SMTP server, administrators must configure the \_\_\_\_\_ field in the Configuration Settings document.

- A. DAOS Path
- B. ID Vault Name
- **C. Relay Host**
- D. Full Text Index Path

**Answer: C**

Explanation:

In HCL Domino, the Relay Host field (found in the Configuration Settings document under the Router/SMTP > Basics tab) is used to direct the Domino Router to send all outbound internet mail to a specific external SMTP server or gateway. This is common when an organization uses an upstream security appliance or an ISP's mail server to handle external delivery rather than having the Domino server resolve MX records and connect to destination servers directly.

---

---

### NEW QUESTION # 60

Which feature within the Domino Administrator Client allows you to replicate databases across servers manually?

- **A. Files > Tools > Replicate**
- B. Server > Status > Replication Queue
- C. Configuration > Policies
- D. Files > Tools > Compact

**Answer: A**

Explanation:

While replication is typically automated via schedules in Connection documents, administrators can trigger it manually when needed. This is done by navigating to the Files tab in the Domino Administrator Client, selecting the desired database, and choosing the Replicate option from the Tools menu. This manual trigger allows for immediate synchronization of data between a source and destination server.

---

---

### NEW QUESTION # 61

Which policy type is used to configure workstation-level security for Notes clients?

- A. Mail Policy
- B. Registration Policy
- C. Archive Policy
- **D. Desktop Policy**

**Answer: D**

Explanation:

While a Security Policy manages passwords and ID Vault settings, the Desktop Policy is used to manage the workstation environment itself. This includes workstation-level security settings like Execution Control Lists (ECLs), which prevent unauthorized code from running on the user's machine, and ID file locking preferences. It ensures that security standards are enforced directly at the user's desktop interface.

---

---

### NEW QUESTION # 62

What is the default directory where Domino stores its data files after installation on a Windows system?

- A. \Domino\Data
- B. \Lotus\Data
- C. \DominoServer\Files

- D. \Program Files (x86)\HCL\Domino\Data

**Answer: D**

Explanation:

While administrators can customize paths during setup, the standard default installation path for HCL Domino on Windows (historically 32-bit versions or within the compatibility folder) is C:\Program Files (x86)

\HCL\Domino\Data . This directory contains the Domino Directory (names.nsf), configuration files, and all user mail and application databases.

Here is the next batch of questions (61-70) based on your provided list, strictly following your requested formatting and verified for the HCL-DOM-AADM-12 exam.

### NEW QUESTION # 63

Which two elements are required for a Notes client to successfully authenticate to a Domino server? (Choose two)

- A. ID file containing the private key
- B. Matching user name in the Domino Directory
- C. Trusted root certificate from the server
- D. notes.ini file with replication schedule

**Answer: A,B**

Explanation:

Notes authentication is a "challenge-response" process that requires two primary components. First, the user must have an ID file containing their private key to sign the authentication request. Second, the server must have a matching user name in the Domino Directory (names.nsf) that contains the user's corresponding public key to verify the signature. Without both pieces, the secure handshake between the client and server cannot be completed.

### NEW QUESTION # 64

.....

The development of science and technology makes our life more comfortable and convenient, which also brings us more challenges. Many company requests candidates not only have work experiences, but also some professional certifications. Therefore it is necessary to get a professional HCL-DOM-AADM-12 Certification to pave the way for a better future. Considered many of the candidates are too busy to review, our experts designed the HCL-DOM-AADM-12 question dumps in accord with actual examination questions, which would help you pass the exam with high proficiency.

**HCL-DOM-AADM-12 Valid Exam Test:** <https://www.prep4sureguide.com/HCL-DOM-AADM-12-prep4sure-exam-guide.html>

But don't worry, as long as you get HCL-DOM-AADM-12 latest valid questions, then the worldwide standard certifications are opening for you, Now I advise you to purchase our HCL-DOM-AADM-12 premium VCE file, HCL Software Academy Mock HCL-DOM-AADM-12 Exam But this is still not enough, You can try the free demo version of any HCL Software Academy HCL-DOM-AADM-12 exam dumps format before buying, HCL Software Academy Mock HCL-DOM-AADM-12 Exam Our practice materials with brilliant reputation among the market have high quality and accuracy.
