

Practical 1Z0-1072-25 Test Sample Online & Guaranteed Oracle 1Z0-1072-25 Exam Success with Useful Latest 1Z0-1072-25 Study Plan

DOWNLOAD the newest TorrentVCE 1Z0-1072-25 PDF dumps from Cloud Storage for free: <https://drive.google.com/open?id=1KSYE7HoApBQlw6lPIUp05GxFCO0xI1t>

If you want to pass the exam in the shortest time, our 1Z0-1072-25 study materials can help you achieve this dream. Our 1Z0-1072-25 learning quiz according to your specific circumstances, for you to develop a suitable schedule and learning materials, so that you can prepare in the shortest possible time to pass the exam needs everything. If you use our 1Z0-1072-25 training prep, you only need to spend twenty to thirty hours to practice our 1Z0-1072-25 study materials, then you are ready to take the exam and pass it successfully.

As the saying goes, to sensible men, every day is a day of reckoning. Time is very important to people. People often complain that they are wasting their time on study and work. They do not have time to look at the outside world. Now, 1Z0-1072-25 exam guide gives you this opportunity. 1Z0-1072-25 test prep helps you save time by improving your learning efficiency. They can provide remote online help whenever you need. And after-sales service staff will help you to solve all the questions arising after you purchase 1Z0-1072-25 learning question, any time you have any questions you can send an e-mail to consult them. All the help provided by 1Z0-1072-25 test prep is free. It is our happiest thing to solve the problem for you. Please feel free to contact us if you have any problems.

Free Download Oracle 1Z0-1072-25 Test Sample Online With Interactive Test Engine & High-quality Latest 1Z0-1072-25 Study Plan

The data that come up with our customers who have bought our 1Z0-1072-25 actual exam and provided their scores show that our high pass rate is 98% to 100%. This is hard to find and compare with in the market. And numerous enthusiastic feedbacks from our worthy clients give high praises not only on our 1Z0-1072-25 study torrent, but also on our sincere and helpful 24 hours customer services on 1Z0-1072-25 exam questions online. All of these prove that we are the first-class vendor in this career and have authority to ensure your success in your first try on 1Z0-1072-25 exam.

Oracle 1Z0-1072-25 Exam Syllabus Topics:

| Topic | Details |
|---------|---|
| Topic 1 | <ul style="list-style-type: none">• Storage: Designed for storage administrators managing enterprise data solutions, this section tests proficiency in deploying Block• File• Object Storage with lifecycle management, cross-region replication, and tiered storage strategies. It includes configuring volume groups, snapshots, versioning, and security controls while analyzing storage performance metrics and cost optimization techniques. |
| Topic 2 | <ul style="list-style-type: none">• Identity and Access Management (IAM): This domain validates skills of security architects implementing granular access controls, emphasizing IAM policy creation, compartment organization, and dynamic group configuration. It covers identity domain management, network source restrictions, and tag-based access mechanisms to enforce least-privilege principles across OCI resources |
| Topic 3 | <ul style="list-style-type: none">• Networking: Targeting network architects designing secure cloud architectures, this domain focuses on Virtual Cloud Network (VCN) implementation, including subnet design, IP address management, and routing through gateways (NAT, service, internet). It assesses expertise in VPN• FastConnect deployment, DNS configuration, load balancer setup, and advanced tools like Network Path Analyzer for troubleshooting latency or connectivity issues. |
| Topic 4 | <ul style="list-style-type: none">• Compute: This section measures skills of cloud architects responsible for designing scalable and resilient infrastructure, covering compute instance configuration, autoscaling policies, and OS management. It evaluates understanding of OCI compute image options, infrastructure maintenance processes, and strategies for optimizing instance performance across availability domains. |

Oracle Cloud Infrastructure 2025 Architect Associate Sample Questions (Q42-Q47):

NEW QUESTION # 42

How many capacity reservations would you create to meet the requirement for high availability and distribution across Availability Domains?

- A. One
- B. Two
- C. Three
- D. Four

Answer: C

Explanation:

In Oracle Cloud Infrastructure (OCI), to ensure high availability and distribution across Availability Domains (ADs), the recommended approach is as follows:

Capacity Reservations for High Availability: To achieve high availability, especially across all three Availability Domains in a region, you should create three capacity reservations. Each reservation corresponds to one AD, ensuring that your instances or resources are evenly distributed and resilient to AD-level failures.

Why Three: This setup provides redundancy and load distribution across the ADs, meeting the high availability requirements.

Relevant OCI Documentation:

Capacity Reservations

This document outlines how to create and manage capacity reservations to meet high availability and fault tolerance requirements.

NEW QUESTION # 43

What is the primary purpose of the Web Application Acceleration service offered by Oracle Cloud Infrastructure (OCI)?

- A. Improving the reliability of layer 7 HTTP load balancers
- B. Speeding up traffic on layer 7 HTTP load balancers

- C. Monitoring and analyzing HTTP traffic patterns
- D. Encrypting HTTP traffic

Answer: B

Explanation:

The primary purpose of the Web Application Acceleration service offered by Oracle Cloud Infrastructure (OCI) is to speed up traffic on layer 7 HTTP load balancers. This service optimizes the delivery of web applications by reducing latency and improving response times, making it ideal for enhancing user experience on web applications.

Functionality: The service utilizes caching, compression, and other acceleration techniques to ensure that HTTP/S traffic is delivered efficiently.

Reference:

Oracle Cloud Infrastructure Documentation: Web Application Acceleration

NEW QUESTION # 44

Which of the following is a valid RFC 1918 CIDR prefix that can be used for creating an Oracle Cloud Infrastructure (OCI) Virtual Cloud Network (VCN)?

- A. 192.268.0.0/24
- B. 10.0.0.0/8
- C. 0.0.0.0/0
- D. 192.168.0.0/16

Answer: B,D

Explanation:

RFC 1918 defines IP address ranges that are reserved for private networks, which cannot be routed on the public internet. In Oracle Cloud Infrastructure (OCI), these private IP address ranges can be used to create Virtual Cloud Networks (VCNs). The valid RFC 1918 CIDR prefixes include:

192.168.0.0/16: A private IP range often used in home networks.

10.0.0.0/8: A large private IP range commonly used in enterprise networks.

Invalid Options:

B . 0.0.0.0/0: This CIDR represents all IP addresses and is not a valid private IP range.

C . 192.268.0.0/24: This is not a valid IP address range as the octet "268" is outside the allowable range of 0-255.

Reference:

Oracle Cloud Infrastructure Documentation: VCN Overview

RFC 1918: Address Allocation for Private Internets

NEW QUESTION # 45

You want to protect your VM instance from low-level threats, such as rootkits and bootkits. What should you do?

- A. Use Vulnerability Scanning Service.
- B. Create a burstable instance.
- C. Create a shielded instance.
- D. Use in-transit encryption.

Answer: C

Explanation:

To protect your VM instance from low-level threats, such as rootkits and bootkits, you should create a shielded instance in Oracle Cloud Infrastructure (OCI). Shielded instances are designed to provide enhanced security features, including:

Secure Boot: Ensures that the instance boots only with trusted software.

Measured Boot: Records boot metrics, allowing verification that the instance has not been tampered with.

Trusted Platform Module (TPM): Provides additional security through cryptographic functions.

These features help protect against low-level threats that could compromise the integrity of the instance at boot time.

Reference:

Oracle Cloud Infrastructure Documentation: Shielded Instances

NEW QUESTION # 46

Which statement is NOT correct regarding the Oracle Cloud Infrastructure (OCI) File System snapshots?

- A. Before you can clone a file system, at least one snapshot must exist for the file system.
- B. Snapshots are a consistent, point-in-time view of your file systems.
- C. Snapshots are accessible under the root directory of the file system at `.snapshot/name`.
- **D. Even if nothing has changed within the file system since the last snapshot was taken, a new snapshot consumes more storage.**

Answer: D

Explanation:

In OCI File Storage, snapshots are point-in-time, read-only copies of a file system that do not immediately consume additional storage beyond the space needed to track changes.

Incorrect Statement: The statement that a new snapshot consumes more storage even if nothing has changed is incorrect. Snapshots are space-efficient; they only consume additional storage as changes are made to the file system after the snapshot is taken. If no changes are made between snapshots, the storage consumption remains minimal.

Correct Statements:

- B. Before cloning a file system, at least one snapshot must exist, as the clone operation relies on this snapshot to create a copy.
- C. Snapshots are accessible under the `.snapshot` directory, allowing users to view and restore files from specific snapshots.
- D. Snapshots provide a consistent, point-in-time view of the file system, ensuring data integrity.

NEW QUESTION # 47

.....

In the past ten years, our company has never stopped improving the Oracle Cloud Infrastructure 2025 Architect Associate exam cram. For a long time, we have invested much money to perfect our products. At the same time, we have introduced the most advanced technology and researchers to perfect our Oracle Cloud Infrastructure 2025 Architect Associate exam questions. At present, the overall strength of our company is much stronger than before. We are the leader in the market and master the most advanced technology. In fact, our 1Z0-1072-25 Test Guide has occupied large market shares because of our consistent renovating. We have built a powerful research center and owned a strong team. Up to now, we have got a lot of patents about the 1Z0-1072-25 test guide. In the future, we will continuously invest more money on researching.
