IASPStrategy Planning Professional Exam Sample Questions (Q139-Q144):

NEW QUESTION # 139

Which of the following steps is included when conducting an end of project review?

- A. Capturing lessons learned
- B. Holding a town hall meeting with employees
- C. Developing a customer satisfaction survey
- D. Developing a mission statement

Answer: A

Explanation:

An end of project review should include capturing lessons learned to document insights, successes, and challenges, providing valuable knowledge for future projects. The IASP SPP curriculum underscores lessons learned as critical for continuous improvement and organizational learning. Mission statements and surveys, while important, are typically separate processes. #IASP SPP Study Guide - Project Closure##PMI, PMBOK Guide#

NEW QUESTION # 140

When considering who should lead a planning team, it is appropriate to make sure that the person

- A. has values that can take the organization to the next level.
- B. subscribes to the same values as the other team members.
- C. is comfortable with the organization's values.
- **D. is true to the organization's values and can inspire others to live them.**

Answer: D

Explanation:

The best planning team leader is someone who embodies the organization's values authentically and inspires others to do the same. The IASP SPP curriculum emphasizes leadership by example as crucial for motivation, trust, and alignment throughout the planning process. Comfort or agreement with values is insufficient without active demonstration and inspiration. #IASP SPP Study Guide - Leadership###Goleman, Emotional Intelligence#

NEW QUESTION # 141

Which of the following is the LEAST effective growth strategy?

- A. Acquisition of a key competitor
- B. Vertical integration
- **C. Divestiture of noncore businesses/programs**
- D. International expansion

Answer: C

Explanation:

Divestiture of noncore businesses or programs is generally a strategy for portfolio optimization or refocusing rather than direct growth. It involves shedding assets to concentrate on core competencies, which may improve efficiency but does not itself drive growth. In contrast, international expansion, vertical integration, and acquisition are classic growth strategies designed to increase market share, capabilities, or geographic reach. The IASP SPP curriculum distinguishes between growth-oriented and restructuring strategies to clarify strategic intent and resource allocation. #IASP SPP Study Guide - Growth Strategies###Ansoff, Corporate Strategy#

NEW QUESTION # 142

Design, control, planning, and improvement are the components of which of the following processes?

- A. Strategic management
- B. Stewart cycle
- C. Talent management
- **D. Quality management**

Answer: D

Explanation:

The components design, control, planning, and improvement align with quality management, which focuses on maintaining and enhancing product and service quality through structured processes. Quality management ensures that organizational outputs meet customer expectations and strategic goals. The IASP SPP curriculum recognizes these components as essential for embedding continuous improvement into operational and strategic contexts. Strategic management and talent management are broader disciplines, while the Stewart cycle is not a commonly recognized quality framework. #IASP SPP Study Guide - Quality Management###Deming, Total Quality Management#

NEW QUESTION # 143

According to the concept of Blue Ocean Strategy, blue oceans represent

- A. presently defined market space
- B. regulated markets
- **C. untapped market space**
- D. highly competitive markets

Answer: C

Explanation:

Blue Ocean Strategy refers to creating untapped market space where competition is irrelevant, focusing on innovation and value creation. The IASP SPP curriculum introduces this concept as a method to break from saturated "red ocean" markets characterized by intense rivalry. Blue oceans enable organizations to pursue growth by creating new demand and differentiating offerings. #IASP SPP Study Guide - Innovation and Growth##Kim & Mauborgne, Blue Ocean Strategy#
