ServiceNow Certified Implementation Specialist - Hardware Asset Management Sample Questions (Q148-Q153):

NEW QUESTION # 148

During an audit, when is the Expected Assets list populated in the asset audit form?

- A. When scanning completes
- B. When the nightly scheduled job runs
- C. Pre-populated by the asset manager before audit
- D. When the asset manager Submits the results
- E. When scanning begins

Answer: C

NEW QUESTION # 149

Which of the following are components of the asset request structure? (Choose three.)

- A. Purchase orders
- B. Catalog tasks
- C. Transfer orders
- D. Stock order tasks
- E. Procurement orders

Answer: A,B,C

NEW QUESTION # 150

What is the primary goal of the Inventory tab of the Hardware Asset Management dashboard?

- A. Help the asset manager generate reports
- B. Help the stock manager process transfer orders
- C. Show the value from bulk purchasing
- D. Show the value from maintaining inventory
- E. Help the asset manager process purchase orders

Answer: D

Explanation:

According to the ServiceNow Hardware Asset Management documentation, the Inventory tab of the Hardware Asset Management dashboard provides a comprehensive view of the inventory functions, such as asset audits, disposal orders, stock orders, and shipments. The primary goal of this tab is to show the value from maintaining inventory, such as reducing costs, improving service delivery, and optimizing asset utilization. The Inventory tab also helps users to take inventory-related actions, such as creating or managing stock orders, disposal orders, or shipments, scanning assets with a mobile device, and assigning assets to pallets.

NEW QUESTION # 151

What information would you find on the End of Life tab of the Hardware Asset dashboard? (Choose two.)

- A. Hardware assets disposed (YTD)
- B. Hardware asset disposal status
- C. New hardware assets found by audits
- D. Consumable models up for End of Life

Answer: A,B

Explanation:

The End of Life tab of the Hardware Asset dashboard shows key metrics on the hardware assets that have reached or are nearing the end of their life cycle.

The tab includes the following reports:

Hardware asset disposal status: This report shows the number of hardware assets that are in different stages of disposal, such as pending, in progress, or completed.

Hardware assets disposed (YTD): This report shows the number of hardware assets that have been disposed in the current year, grouped by month.

Hardware assets up for end of life: This report shows the number of hardware assets that are due for end of life in the next 12 months, grouped by month.

Hardware assets up for end of support: This report shows the number of hardware assets that are due for end of support in the next 12 months, grouped by month.

Therefore, the correct answer is A. Hardware asset disposal status and C. Hardware assets disposed (YTD), as these are the only two reports that are shown on the End of Life tab of the Hardware Asset dashboard.

NEW QUESTION # 152

What is the default state of a newly created asset?

- A. In use
- B. In stock
- C. Consumed
- D. On order

Answer: C

NEW QUESTION # 153

.....
