In the SAP Signavio Process Collaboration Hub, process owners manage workflow approvals through a dedicated interface for tasks. The SAP Signavio Process Collaboration Hub Documentation explains:

* Exact Extract: "Process owners can approve workflows in the SAP Signavio Process Collaboration Hub by accessing the Tasks tab under the Menu, where pending workflow tasks, such as approvals, are listed and can be actioned." (SAP Signavio Process Collaboration Hub User Guide, section on "Workflow Management").

* Explanation:

* Option B (Tasks tab under Menu): This is correct as the Tasks tab in the Collaboration Hub displays all workflow-related tasks assigned to the user, including approval requests from SAP Signavio Process Governance workflows, allowing process owners to review and approve them.

* Option A (Investigations tab under Menu) is incorrect because the Investigations tab is related to SAP Signavio Process Intelligence for data analysis, not workflow approvals.

* Option C (Shared Documents tab in Menu) is incorrect as the Shared Documents tab is for accessing shared process documentation, not managing workflow tasks.

* Option D (Recent tab) is incorrect because the Recent tab shows recently accessed items, not tasks for workflow approvals.
