

# Pass Guaranteed Quiz FCP\_FCT\_AD-7.4 - High Hit-Rate Valid FCP - FortiClient EMS 7.4 Administrator Cram Materials

The FCP - FortiClient EMS 7.4 Administrator (FCP\_FCT\_AD-7.4) practice test questions are customizable which means that the customers can customize the time and FCP\_FCT\_AD-7.4 exam questions types according to their needs. These Fortinet FCP\_FCT\_AD-7.4 Practice Tests are based on real based examination scenarios which help the students practice under real FCP\_FCT\_AD-7.4 exam questions pressure and learn to control it.

The desktop FCP - FortiClient EMS 7.4 Administrator (FCP\_FCT\_AD-7.4) practice exam software helps its valued customer to be well aware of the pattern of the real FCP\_FCT\_AD-7.4 exam. You can try a free FCP - FortiClient EMS 7.4 Administrator (FCP\_FCT\_AD-7.4) demo too. This FCP - FortiClient EMS 7.4 Administrator (FCP\_FCT\_AD-7.4) practice test is customizable and you can adjust its time and FCP - FortiClient EMS 7.4 Administrator (FCP\_FCT\_AD-7.4) exam questions.

## Latest updated Valid FCP\_FCT\_AD-7.4 Cram Materials & Reliable FCP\_FCT\_AD-7.4 New Dumps Sheet Ensure You a High Passing Rate

Fortinet FCP\_FCT\_AD-7.4 exam materials of Itcertmaster is developed in accordance with the latest syllabus. At the same time, we also constantly upgrade our training materials. So our exam training materials is simulated with the practical exam. So that the pass rate of Itcertmaster is very high. It is an undeniable fact. Through this we can know that Itcertmaster Fortinet FCP\_FCT\_AD-7.4 Exam Training materials can brought help to the candidates. And our price is absolutely reasonable and suitable for each of the candidates who participating in the IT certification exams.

## Fortinet FCP - FortiClient EMS 7.4 Administrator Sample Questions (Q43-Q48):

### NEW QUESTION # 43

Which two statements about ZTNA destinations are true? (Choose two.)

- A. FortiClient ZTNA destinations provides access through TCP forwarding.
- **B. FortiClient ZTNA destinations do not support a wildcard FQDN.**
- C. FortiClient ZTNA destination authentication is enabled by default.
- **D. FortiClient ZTNA destination encryption is disabled by default.**
- E. FortiClient ZTNA destinations use an existing VPN tunnel to create a secure connection.

**Answer: B,D**

#### NEW QUESTION # 44

Which Fortinet solution can you integrate FortiClient with to use the single sign-on mobility agent (SSOMA) feature? (Choose one answer)

- **A. FortiAuthenticator**
- B. FortiNAC
- C. FortiPAM
- D. FortiSASE

**Answer: A**

Explanation:

According to the FortiClient EMS 7.2/7.4 Administration Guide and FortiAuthenticator Study Guides, the Single Sign-On Mobility Agent (SSOMA) is a feature specifically designed to integrate with FortiAuthenticator to provide transparent, identity-based authentication.

##### 1. Integration with FortiAuthenticator (Answer A)

\* The SSOMA Service: The mobility agent service is hosted on the FortiAuthenticator unit.

Administrators must navigate to Fortinet SSO Methods > SSO > General on the FortiAuthenticator and toggle on Enable FortiClient SSO Mobility Agent Service.

\* Communication Protocol: FortiClient communicates with FortiAuthenticator via a specified TCP listening port (defaulting to 8001 or 8005) and uses a pre-shared key (secret key) for authentication.

\* Transparent Authentication: Once configured, the SSOMA on the endpoint automatically sends user login information and IP address changes (such as WiFi roaming) to FortiAuthenticator.

FortiAuthenticator then shares this information with FortiGate units to enforce identity-based security policies without the user needing to re-authenticate manually.

##### 2. Modern Capabilities (Azure AD / Entra ID)

\* Cloud Integration: In FortiClient 7.2.1 and later, SSOMA supports native Azure AD (Entra ID). In this mode, the agent sends the Azure AD domain and tenant ID directly to FortiAuthenticator, allowing organizations to create identity-based policies for cloud-joined devices.

##### 3. Note on FortiPAM (Option C)

\* Recent Updates: While recent FortiClient EMS 7.4 documentation mentions an "Add FortiPAM agent to SSOMA" feature, this is an extension of the existing SSOMA framework. The core product that defines and runs the SSOMA service for general Single Sign-On (SSO) remains FortiAuthenticator.

##### 4. Why Other Options are Incorrect

\* B. FortiSASE: While FortiSASE uses FortiClient for Secure Internet Access (SIA), it uses different mechanisms (like SAML or the SASE cloud portal) for user identity rather than the specific SSOMA agent service.

\* D. FortiNAC: FortiNAC uses FortiClient for persistent agent-based posture assessment and scanning, but it does not utilize the SSOMA mobility agent for user-to-IP mapping.

#### NEW QUESTION # 45

An administrator needs to connect FortiClient EMS as a fabric connector to FortiGate. What is the prerequisite to get FortiClient EMS to connect to FortiGate successfully?

- A. Revoke and update the FortiClient EMS root CA.
- B. Import and verify the FortiClient client certificate on FortiGate.
- **C. Import and verify the FortiClient EMS tool CA certificate on FortiGate.**
- D. Revoke and update the FortiClient client certificate on EMS.

**Answer: C**

Explanation:

- \* Connecting FortiClient EMS to FortiGate:
- \* The administrator needs to establish a connection between FortiClient EMS and FortiGate as a fabric connector.
- \* Prerequisites for Connection:
- \* A key prerequisite is the import and verification of the FortiClient EMS tool CA certificate on FortiGate to ensure a trusted connection.
- \* Conclusion:
- \* The correct prerequisite for a successful connection is to import and verify the FortiClient EMS tool CA certificate on FortiGate.

FortiClient EMS and FortiGate connection and certificate management documentation from the study guides.

#### NEW QUESTION # 46

An administrator must add an authentication server on FortiClient EMS in a different security zone that cannot allow a direct connection.

Which solution can provide secure access between FortiClient EMS and the Active Directory server?

- A. Configure a slave FortiClient EMS on a virtual machine.
- B. Configure an Active Directory connector between FortiClient EMS and the Active Directory server.
- C. Configure Active Directory and install FortiClient EMS on the same VM.
- **D. Configure and deploy a FortiGate device between FortiClient EMS and the Active Directory server.**

**Answer: D**

Explanation:

- \* Requirement:
- \* The administrator needs to add an authentication server on FortiClient EMS in a different security zone that cannot allow a direct connection.
- \* Solution Analysis:
- \* The goal is to securely connect FortiClient EMS and the Active Directory server despite being in different security zones.
- \* Evaluating Options:
- \* Installing FortiClient EMS on the same VM as Active Directory (option B) is not practical due to security zone separation.
- \* Configuring a slave FortiClient EMS on a virtual machine (option C) does not address the need for secure communication.
- \* Configuring an Active Directory connector (option D) may not be sufficient without secure routing.
- \* Conclusion:
- \* Deploying a FortiGate device between FortiClient EMS and the Active Directory server ensures secure and controlled access between the two zones.

FortiClient EMS and FortiGate configuration and deployment documentation from the study guides.

#### NEW QUESTION # 47

Which two statements apply to FortiClient forensics analysis? (Choose two answers)

- A. FortiClient sends an alert notification when malicious activity is triggered.
- B. The endpoint is quarantined until forensics is completed.
- **C. The administrator must request analysis for the desired endpoint.**
- **D. Forensics analysis features must be enabled in the system settings profile.**

**Answer: C,D**

Explanation:

Based on the FortiClient EMS 7.2/7.4 Administrator Study Guide and the FortiGuard Forensics Service User Guide, the forensics analysis feature is a specialized service that requires specific administrative actions and configuration.

1. The Administrator Must Request Analysis (Answer B)

- \* Manual Initiation: Unlike standard Antivirus or Sandbox scans which occur automatically upon detection, the FortiGuard Forensics Analysis is a service-based investigation.

- \* Workflow: Once a threat is detected or a device is suspected of being compromised, the administrator must navigate to the Endpoint pane, select the specific device, and click the Request Analysis button.

- \* Escalation: The administrator then fills out a questionnaire (providing the reason for escalation and issue summary) to submit the logs to the FortiGuard Labs forensic team for manual review.

2. Forensics Features Must be Enabled in the Profile (Answer D)

\* Two-Step Enabling:

\* Global Level: First, the feature must be toggled on under System Settings > Feature Select > FortiGuard Forensics Analysis.

\* Profile Level: Crucially, it must be enabled within the Endpoint Profile (specifically under System Settings) that is applied to the target endpoints.

\* Agent Deployment: Toggling this in the profile ensures the FortiClient endpoint prepares the "forensics agent" components required to collect deep-system data (such as the Master File Table, Windows Event Logs, and registry hives) when a request is eventually made.

3. Why Other Options are Incorrect

\* A. FortiClient sends an alert notification: While FortiClient does send alerts for malicious activity, this is part of the standard Endpoint Control and Malware Protection modules. The forensics analysis itself is the follow-up investigation performed after such an alert is received and reviewed by an admin.

\* C. The endpoint is quarantined until completed: Although it is a security "Best Practice" to quarantine a compromised endpoint during an investigation, the forensics analysis process does not programmatically force or require a quarantine state to function. The forensics agent can collect logs from an online, non-quarantined device as long as it has EMS connectivity.

## NEW QUESTION # 48

.....

Time and tide wait for no man, if you want to save time, please try to use our FCP\_FCT\_AD-7.4 preparation exam, it will cherish every minute of you and it will help you to create your life value. With the high pass rate of our FCP\_FCT\_AD-7.4 exam questions as 98% to 100% which is unbeatable in the market, we are proud to say that we have helped tens of thousands of our customers achieve their dreams and got their FCP\_FCT\_AD-7.4 certifications. Join us and you will be one of them.

**FCP\_FCT\_AD-7.4 New Dumps Sheet:** [https://www.itcertmaster.com/FCP\\_FCT\\_AD-7.4.html](https://www.itcertmaster.com/FCP_FCT_AD-7.4.html)

Very easy to install and provide a user-friendly interface to FCP\_FCT\_AD-7.4 exam candidates, Here are some features of our FCP\_FCT\_AD-7.4 learning guide in our free demos which you can free download, you can understand in detail and make a choice, The FCP\_FCT\_AD-7.4 latest study guide materials will be a shortcut for a lot of people who desire to be the social elite, It is a truism that an internationally recognized FCP\_FCT\_AD-7.4 certification can totally mean you have a good command of the knowledge in certain areas and showcase your capacity to a considerable extend.

An environment for continued innovation: A larger and simpler Internet FCP\_FCT\_AD-7.4 that integrates ever more diverse devices represents an environment that stimulates innovation, which in turn stimulates adoption.

## Trustable Valid FCP\_FCT\_AD-7.4 Cram Materials | 100% Free FCP\_FCT\_AD-7.4 New Dumps Sheet

His writings are among the most esoterically written trading and investing materials out there, Very easy to install and provide a user-friendly interface to FCP\_FCT\_AD-7.4 Exam candidates.

Here are some features of our FCP\_FCT\_AD-7.4 learning guide in our free demos which you can free download, you can understand in detail and make a choice, The FCP\_FCT\_AD-7.4 latest study guide materials will be a shortcut for a lot of people who desire to be the social elite.

It is a truism that an internationally recognized FCP\_FCT\_AD-7.4 certification can totally mean you have a good command of the knowledge in certain areas and showcase your capacity to a considerable extend.

FCP - FortiClient EMS 7.4 Administrator pdf vce dumps will provide FCP\_FCT\_AD-7.4 New Dumps Sheet you everything you will need to take for your actual test.
