## Insurance Licensing Oklahoma Life, Accident, and Health or Sickness Producer Exam Sample Questions (Q97-Q102):

### NEW QUESTION # 97

Which of the following is an ADVANTAGE to the policyowner of the recurrent periods of disability provision in the disability income policy?

- A. It improves the insurability of the applicant.
- B. It reduces the actual period of disability.
- C. It reduces the annual premium amount.
- D. It protects the insured from multiple elimination periods.

**Answer: D**

Explanation:

The recurrent periods of disability provision in a disability income policy allows related or recurring disabilities within a specified timeframe (e.g., 6 months) to be treated as a single disability period. This protects the insured from serving multiple elimination periods (the waiting period before benefits begin), ensuring faster benefit payments for recurrent conditions, as per standard disability policy provisions in Oklahoma (Title 36 O.S. § 4405).

\* Option A: Incorrect. The provision does not reduce premiums; it affects benefit timing.

\* Option B: Correct. It protects the insured from multiple elimination periods for recurrent disabilities.

\* Option C: Incorrect. The provision does not impact insurability; it's a policy feature.

\* Option D: Incorrect. It does not reduce the disability period; it simplifies benefit access.

### NEW QUESTION # 98

An endorsement to an insurance policy that modifies clauses and provisions of the policy is referred to as

- A. a rider.
- B. a supplement.
- C. an add-on.
- D. an attachment.

**Answer: A**

Explanation:

A rider is an endorsement or amendment to an insurance policy that modifies its clauses, provisions, or coverage. Riders can add, remove, or alter benefits, such as adding coverage for a specific condition or family members in life or health insurance policies. The term is standard in Oklahoma insurance law and practice.

\* Option A: Incorrect. An attachment is not a specific insurance term for policy modifications.

\* Option B: Incorrect. A supplement may refer to additional coverage but is not the standard term for policy endorsements.

\* Option C: Correct. A rider is an endorsement that modifies policy provisions.

\* Option D: Incorrect. "Add-on" is not a formal insurance term for policy modifications.

This question aligns with the Prometric content outline under "Provisions, Options, Exclusions, Riders, Clauses, and Rights," which covers policy endorsements.

### NEW QUESTION # 99

The Oklahoma Insurance Commissioner is REQUIRED to examine domestic insurers' financial condition at LEAST every

- A. 6 years.
- B. 2 years.
- C. 4 years.
- D. 5 years.

**Answer: D**

Explanation:

Under Oklahoma's Insurance Code (Title 36 O.S. § 309.2), the Oklahoma Insurance Commissioner is required to examine the financial condition of domestic insurers at least once every 5 years to ensure solvency and compliance with state regulations. More frequent examinations may occur if issues arise, but 5 years is the minimum requirement.

\* Option A: Incorrect. 2 years is too frequent for the minimum requirement.

\* Option B: Incorrect. 4 years is not the specified interval.

\* Option C: Correct. Examinations are required at least every 5 years.

\* Option D: Incorrect. 6 years exceeds the required frequency.

### NEW QUESTION # 100

All of the following describe a whole life policy EXCEPT

- A. premiums are payable until death.
- B. provides a death benefit only.
- C. provides coverage for the life of the policyholder.
- D. a policy of \$1,000 minimum.

**Answer: D**

Explanation:

A whole life insurance policy is a type of permanent life insurance that provides coverage for the insured's entire life, as long as premiums are paid. It typically includes a level premium, a guaranteed death benefit, and a cash value component that accumulates over time. There is no regulatory requirement in Oklahoma or standard insurance practice that mandates a minimum face amount of \$1,000 for whole life policies, making this statement incorrect.

\* Option A: Correct (as the exception). Whole life policies do not require a \$1,000 minimum face amount; insurers set minimums based on their underwriting guidelines, often higher.

\* Option B: Incorrect (describes whole life). Whole life provides lifelong coverage, as per its definition.

\* Option C: Incorrect (describes whole life). Premiums are typically payable until death or age 100, depending on the policy.

\* Option D: Incorrect (describes whole life). While whole life provides a death benefit, it also accumulates cash value, but the phrasing "death benefit only" is misleading as it implies no cash value, which is not the exception here.

This question aligns with the Prometric content outline under "Life Products," which covers the characteristics of whole life insurance.

### NEW QUESTION # 101

Insurers do business in Oklahoma only after a thorough financial review. Insurance policies written in Oklahoma, that are protected by the Guaranty Association, protect policyowners in the event an admitted company

- **A. becomes financially insolvent.**
- B. depletes its loss reserves.
- C. cannot meet its capital surplus requirements.
- D. merges with a foreign insurer.

**Answer: A**

Explanation:

The Oklahoma Life and Health Insurance Guaranty Association, established under Title 36 O.S. § 2025 et seq., protects policyowners of admitted insurers in Oklahoma if the insurer becomes financially insolvent.

The association provides coverage up to statutory limits (e.g., \$300,000 for life insurance death benefits, \$100,000 for cash value) to ensure policyholders receive benefits despite the insurer's insolvency.

\* Option A: Incorrect. A merger with a foreign insurer does not trigger Guaranty Association protection unless it leads to insolvency.

\* Option B: Correct. The Guaranty Association protects policyowners when an admitted insurer becomes financially insolvent.

\* Option C: Incorrect. Failure to meet capital surplus requirements may lead to regulatory action but does not directly trigger Guaranty Association coverage.

\* Option D: Incorrect. Depleting loss reserves is a financial issue but not the specific condition for Guaranty Association intervention, which requires insolvency.

This question falls under the Prometric content outline section on "State Insurance Statutes, Rules, and Regulations," which includes knowledge of the Guaranty Association.
