

100% Pass Perfect WGU - Introduction-to-Biology Exam Outline

WGU C190 - Introduction to Biology WGU - Unit 1: Modules 1 2 & 3 with Complete Solutions

Matter - ANSWER-Any substance that has mass and takes up space

2 classes of matter - ANSWER-biotic (living/have lived)
abiotic (nonliving/never alive)

The basic unit of matter - ANSWER-the atom

The atom is made up of: - ANSWER-a dense nucleus surrounded by electrons

Atoms join together and form: - ANSWER-molecules

Molecules consist of: - ANSWER-at least two atoms held together by a chemical bond

Macromolecules are: - ANSWER-biologically important molecules AKA polymers

Polymers are made by: - ANSWER-combining smaller units called monomers (simpler macromolecules)

Macromolecule example: - ANSWER-DNA (built of 4 kinds of monomers (nucleotides) strung together (polymerized) in a sequence that codes for structure of proteins and other bio molecules.)

Building blocks of a cell: - ANSWER-when macromolecules form a membrane-bound sphere

Two main types of cells: - ANSWER-prokaryotes and eukaryotes

Prokaryote characteristics: - ANSWER-small and simple, they do not have any clearly defined compartments inside of them

Eukaryote characteristics: - ANSWER-include membrane-bound organelles (can be complex)

Organelle characteristics: - ANSWER-compartments inside the cell that contain specific groups of macromolecules and carry out specific cellular functions (i.e. the nucleus which encloses DNA within the cell)

Microorganisms: - ANSWER-single-celled life forms

There are free demos giving you basic framework of Introduction-to-Biology Training Materials. All are orderly arranged in our Introduction-to-Biology practice materials. After all high-quality demos rest with high quality Introduction-to-Biology preparation materials, you can feel relieved with help from them. Though the free demos are a small part of the exam braindumps, they contain the represent questions for you to know its accuracy and good quality.

As you know, we are now facing very great competitive pressure. We need to have more strength to get what we want, and Introduction-to-Biology free exam guide may give you these things. After you use our study materials, you can get Courses and Certificates certification, which will better show your ability, among many competitors, you will be very prominent. Using Introduction-to-Biology practice files is an important step for you to improve your soft power. I hope that you can spend a little time understanding what our Introduction-to-Biology study materials have to attract customers compared to other products in the industry.

WGU Introduction-to-Biology Questions Latest Introduction-to-Biology Dumps PDF [2026]

In this Desktop-based WGU Introduction-to-Biology practice exam software, you will enjoy the opportunity to self-exam your preparation. The chance to customize the WGU Introduction to Biology (KBC1, C190) Exam (Introduction-to-Biology) practice exams according to the time and types of WGU Introduction to Biology (KBC1, C190) Exam (Introduction-to-Biology) practice test questions will contribute to your ease. This format operates only on Windows-based devices. But what is helpful is that it functions without an active internet connection. It copies the exact pattern and style of the real WGU Introduction-to-Biology Exam to make your preparation productive and relevant.

WGU Introduction to Biology (KBC1, C190) Exam Sample Questions (Q52-Q57):

NEW QUESTION # 52

Individuals of two distinct squirrel species live on the same campus and forage on similar foods year-round. What relationship is this an example of?

- A. Predation
- B. Commensalism
- C. Herbivory
- **D. Competition**

Answer: D

NEW QUESTION # 53

What plays multiple roles in the nitrogen cycle, including converting nitrogen gas into a plant-usable form?

- A. Fungi
- **B. Bacteria**
- C. Animals
- D. Lightning

Answer: B

NEW QUESTION # 54

What is a necessary input to begin the process of cellular respiration?

- A. Water
- **B. Sugar**
- C. Carbon dioxide
- D. ATP

Answer: B

NEW QUESTION # 55

Homologous chromosome pairs are undergoing crossing over but have not yet lined up at the cell's midline. Which stage is this?

- A. Anaphase I
- B. Anaphase II
- **C. Prophase I**
- D. Prophase II

Answer: C

NEW QUESTION # 56

A cell is bounded by a cell wall and has an organelle that performs photosynthesis. Which type of eukaryotic cell and organelle are

described?

- A. Plant; chloroplast
- B. Animal; Golgi apparatus
- C. Both plant and animal; mitochondria
- D. Animal; ribosome

Answer: A

NEW QUESTION # 57

.....

Today, in an era of fierce competition, how can we occupy a place in a market where talent is saturated? The answer is a certificate. What the certificate main? All kinds of the test Introduction-to-Biology certification, prove you through all kinds of qualification certificate, it is not hard to find, more and more people are willing to invest time and effort on the Introduction-to-Biology Exam Guide, because get the test Introduction-to-Biology certification is not an easy thing, so, a lot of people are looking for an efficient learning method. Our Introduction-to-Biology exam questions are the right tool for you to pass the Introduction-to-Biology exam.

Popular Introduction-to-Biology Exams: https://www.trainingdumps.com/Introduction-to-Biology_exam-valid-dumps.html

Our training materials for Introduction-to-Biology prep4sure braindumps are developed by the study of our IT experts' team to use their knowledge and experience, WGU Introduction-to-Biology Exam Outline Firstly, you will have many opportunities to choose, WGU Introduction-to-Biology Exam Outline Many people often feel that their memory is poor, and what they have learned will soon be forgotten, Using the latest Introduction-to-Biology dumps is the best way to prepare for the exam as it is relevant to the actual exam format.
