Valid CPCE Test Forum | Real CPCE Questions

Our study material is a high-quality product launched by the Prep4sureGuide platform. And the purpose of our study material is to allow students to pass the professional qualification exams that they hope to see with the least amount of time and effort. If you are a child's mother, with CPCE Test Answers, you will have more time to stay with your child; if you are a student, with CPCE exam torrent, you will have more time to travel to comprehend the wonders of the world.

CCE Global Counselor Preparation Comprehensive Examination (CPCE) Sample Questions (Q35-Q40):

NEW QUESTION # 35

Kohlberg's highest level of moral development is characterized by:

- A. Social contract and universal ethical principles
- B. Obedience to avoid punishment
- C. Conformity to social norms

Answer: A

Explanation:

Kohlberg's post-conventional level includes abstract reasoning about universal ethical principles and social contracts, where moral decisions are made based on internalized principles rather than external authority.

Reference: Helwig, A. A. (2020). CPCE Study Guide and Review; Santrock, J. W. (2019). Life-Span Development.

NEW QUESTION # 36

Clients are advised of the risks and benefits of participation in a research study through a process known as

- A. informed consent.
- B. treatment contracting.
- C. debriefing disclosure.

Answer: A

Explanation:

Informed consent is the ethical process by which researchers inform potential participants about the risks, benefits, procedures, and purpose of a research study. It ensures that participation is voluntary and based on a clear understanding of what the study entails. According to CPCE materials, "participants must be given sufficient information to make an informed, voluntary decision about participating in research." Reference: Helwig, A. A. (2020). CPCE Study Guide and Review; American Counseling Association (ACA) Code of Ethics.

NEW QUESTION # 37

According to Ginzberg and associates, the primary characteristic of the realistic stage of career development is

- A. childhood needs become apparent.
- B. play becomes work-like.
- C. capacities and interests integrate.

Answer: C

Explanation:

Ginzberg and his associates described the realistic stage (ages 17 to early 20s) as the period when individuals clarify and integrate their capacities and interests with realistic career options. This stage involves exploring and then committing to a vocational choice that matches one's abilities and aspirations. "The realistic stage is marked by the integration of capacities, interests, and values as individuals make final career decisions." Reference: Helwig, A. A. (2020). CPCE Study Guide and Review; Zunker, V. G. (2016). Career Counseling: A Holistic Approach (9th Edition).

NEW QUESTION # 38

Foundational theories in counseling that focus on individual psychopathology may not be applicable to members of minoritized groups because the theories

- A. ascribe behavioral responsibility to cultural groups.
- B. often result in blaming the client for their circumstances.
- C. solve problems outside of an intrapersonal context.

Answer: B

Explanation:

Many traditional counseling theories were developed within a Western cultural framework, focusing on individual pathology without consideration of systemic, cultural, or societal influences. When applied to members of minoritized groups, these theories can inadvertently lead to blaming clients for issues rooted in oppression or discrimination, rather than addressing the broader context. Culturally competent counseling emphasizes the need to consider environmental and cultural factors.

Reference: Helwig, A. A. (2020). CPCE Study Guide and Review; Sue, D. W. & Sue, D. (2016). Counseling the Culturally Diverse.

NEW QUESTION # 39

The hypothesis that cultural/ethnic differences are due primarily to a shortage of social and economic opportunities for members of minoritized groups is known as the _____ cultural model.

- A. pluralism
- B. difference
- C. deficiency

Answer: C

Explanation:

The deficiency model proposes that cultural or ethnic differences are the result of social and economic deprivation or lack of opportunity, rather than inherent characteristics. This perspective views disparities as stemming from systemic inequality. "The deficiency model attributes group differences to environmental deprivation, particularly lack of access to social and economic resources." Reference: Helwig, A. A. (2020). CPCE Study Guide and Review; Gladding, S. T. (2018). Counseling: A Comprehensive Profession (8th Edition).

NEW QUESTION # 40

.....

Contemporarily, social competitions stimulate development of modern science, technology and business, which revolutionizes our society's recognition to CPCE exam and affect the quality of people's life. According to a recent report, those who own more than one skill certificate are easier to be promoted by their boss. To be out of the ordinary and seek an ideal life, we must master an extra skill to get high scores and win the match in the workplace. Our CPCE Exam Question can help make your dream come true.
