Test GH-100 Collection Pdf & Reliable GH-100 Braindumps Ebook

Our company has occupied large market shares because of our consistent renovating. We have built a powerful research center and owned a strong team. Up to now, we have got a lot of patents about our Microsoft study materials. On the one hand, our company has benefited a lot from renovation. Customers are more likely to choose our GH-100 Materials. On the other hand, the money we have invested is meaningful, which helps to renovate new learning style of the exam. So it will be very convenient for you to buy our product and it will do a lot of good to you.

Microsoft GitHub Administration Sample Questions (Q52-Q57):

NEW QUESTION # 52

A GitHub Enterprise administrator is planning to implement SAML SSO across their company. Which of the following correctly distinguishes enterprise-wide SAML SSO from organization-level SAML SSO?

- A. Enterprise-wide SAML SSO ensures users authenticate through the same IdP across all organizations.
- B. Enterprise-wide SAML SSO allows different organizations to use different authentication methods.
- C. Enterprise-wide SAML SSO immediately removes users who fail to authenticate via the IdP.
- D. Enterprise-wide SAML SSO requires less initial administrative overhead than organization-level implementation.

Answer: A

Explanation:

Enterprise-wide SAML SSO enforces a single IdP across all member organizations-its configuration overrides any per-organization SAML settings, so everyone must authenticate through the same provider.

NEW QUESTION # 53

What is the new capability of GitHub's billing dashboard?

- A. Allows self-service plan upgrades
- B. Offers real-time Slack alerts for billing
- C. Enables tracking of GitHub Copilot usage by user
- D. Automatically removes unused users from billing

Answer: C

Explanation:

The revamped Billing&Licensing dashboard now includes a dedicated "Copilot" tab that shows per-user seat assignments, usage counts, and estimated costs for your organization's GitHub Copilot licenses, enabling you to track Copilot consumption by individual users.

NEW QUESTION # 54

What makes GitHub Apps a more secure choice for automation over OAuth Apps?

- A. GitHub Apps always require two-factor authentication.
- B. GitHub Apps authenticate as an app with fine-grained permissions, not as a user.
- C. GitHub Apps can only be installed by organization owners.
- D. GitHub Apps are limited to read-only access and cannot write to repositories.

Answer: B

Explanation:

GitHub Apps authenticate as themselves with fine-grained, installation-scoped permissions and short-lived tokens - rather than inheriting a user's broad OAuth scopes - minimizing blast radius and aligning with least-privilege principles.

NEW QUESTION # 55

Which of the following is a key benefit of setting default read permissions across organizations?

- A. Improves collaboration by allowing users to modify content directly.
- B. Increases efficiency in content creation and updates.
- C. Enhances security by minimizing unintended modifications.
- D. Suits environments where all users need write access.

Answer: C

Explanation:

Enforcing a default of Read for organization members ensures they can view content without the ability to push changes, reducing the risk of accidental or unauthorized modifications.

NEW QUESTION # 56

An organization wants to share a single API key required for their Actions workflows. They need to restrict its use to only a subset of repositories. Where should they configure the secrets to minimize maintenance?

- A. Development environment secrets
- B. Repository secrets
- C. Organization secrets
- D. Environment secrets

Answer: C

Explanation:

By defining the API key as an organization secret, you centralize management and can grant access only to the subset of repositories you choose - eliminating per-repo duplication while enforcing the desired scope.

NEW QUESTION # 57

.....

If you are new to our website and our GH-100 study materials, you may feel doubt our quality. It is ok that you can free download the demos of the GH-100 exam questions. You can feel the characteristics of our GH-100 practice guide and whether they are suitable for you from the trial. After your payment, we'll send you a connection of our GH-100 Practice Engine in 5 to 10 minutes and you can download immediately without wasting your valuable time.
