NEW QUESTION # 214

A few months ago, Urmish filed a complaint to the Autorite des marches financiers (AMF) about the services he received from his insurance agent, Jaba. The complaint was heard by the discipline committee, and Jaba was found guilty and ordered to pay a \$10,000 fine. Jaba is upset and does not agree with the verdict. She would like to appeal the verdict.

Which of the following statements is CORRECT?

- A. A decision made by the discipline committee may be appealed to the Chambre de la securite financiere (CSF).
- B. A decision made by the discipline committee may be appealed to the AMF.
- C. A decision made by the discipline committee cannot be appealed.
- D. A decision made by the discipline committee may be appealed to the Court of Quebec.

Answer: D

Explanation:

In the context of Quebec, decisions made by the discipline committee of professional bodies under the authority of the Autorite des marches financiers (AMF) are subject to appeal processes established by Quebec law. The Court of Quebec is the designated body for appeals concerning decisions rendered by disciplinary committees. Specifically, when an insurance agent like Jaba disagrees with the disciplinary action taken by the AMF's discipline committee, the proper channel for appeal is the Court of Quebec, not the AMF, Chambre de la securite financiere (CSF), or any other entity.

The Chambre de la securite financiere (CSF) itself does not serve as an appellate body for these disciplinary decisions but functions

as a regulatory body to oversee the ethical and professional conduct of financial services professionals in Quebec. The AMF, while overseeing the financial markets, also does not handle appeals on behalf of its discipline committee.

This appeals process aligns with professional conduct standards and legal recourses as covered under Quebec's framework for insurance professionals. Under LLQP guidelines and relevant regulations, appeals must proceed through established legal channels, such as the Court of Quebec, ensuring that disciplinary decisions are subject to judicial review when contested.

NEW QUESTION # 215

Marsha and Alexis are equal partners in an advertising firm. They meet with Jose, an insurance agent, and Horacio, their lawyer, because they would like to protect themselves if one of them becomes disabled and unable to work for an extended period of time. At the end of their meeting, they agree to purchase \$500,000 disability insurance policies on each other by each of them paying premiums.

What type of agreement do Marsha and Alexis have?

- A. Entity purchase agreement
- B. Key person insurance
- C. Cross-purchase agreement
- D. Business loan protection disability insurance

Answer: C

Explanation:

In across-purchase agreement, business partners purchase disability or life insurance policies on each other. If one partner becomes disabled, the other partner uses the proceeds from the insurance to buy out the disabled partner's share in the business. Marsha and Alexis have agreed to purchase disability insurance policies on each other, with each paying the premium on the policy for their partner. This structure aligns with the cross-purchase format, where each partner independently holds the policy on the other, as described in LLQP materials on business continuation planning. The other options, such as an entity purchase agreement, involve the business purchasing the policy, which is not the case here.

NEW QUESTION # 216

Which organization provides protection for holders of segregated fund contracts in Canada if the insurer becomes insolvent?

- A. Canadian Deposit Insurance Corporation
- B. Canadian Insurance Services Regulatory Organizations
- C. Assuris
- D. OmbudService for Life & Health Insurance

Answer: C

Explanation:

Assuris is the organization in Canada that provides protection to policyholders, including holders of segregated fund contracts, if their insurance company becomes insolvent. LLQP guidelines state that Assuris ensures the continuation of certain benefits and provides a level of coverage to protect the assets within segregated fund contracts.

Assuris is specifically focused on protecting Canadian policyholders of life and health insurance products in cases of insurer insolvency, distinguishing it from organizations like the Canadian Deposit Insurance Corporation, which covers deposits at financial institutions.

NEW QUESTION # 217

Gino, an insurance of persons representative, is cleaning his office and going through old files. He comes across a file from a former client, Nathan, who owned a 20-year term insurance policy that was cancelled 3 years ago. Nathan now has a different representative and Gino no longer has any contact with him. Gino would like to know if he can destroy Nathan's file.

Which of the following options is CORRECT?

- A. Yes, because Nathan cancelled his policy 3 years ago.
- B. No, because he must wait until the file has been closed for at least 5 years.
- C. Yes, because Nathan transferred his affairs to another representative.
- D. No, because he must wait until the file has been closed for at least 7 years.

Answer: B

Explanation:

Insurance records must generally be retained for a minimum period to comply with provincial regulatory requirements, which is often five years from the date of termination. This helps ensure compliance with record-keeping mandates and allows for any legal, financial, or administrative review if needed. Gino is obligated to retain Nathan's file until it has been closed for at least five years, despite the change in representation or policy status.
