You can take full advantage of the fragmented time to learn, and eventually pass the authorization of ADM-201 exam.

Salesforce Certified Administrator Sample Questions (Q39-Q44):

NEW QUESTION # 39

Which of the following profile permissions will enable the User to edit any record, regardless of the Sharing Model?

- A. View Setup and Configuration
- B. View All Data
- C. Customize Application
- **D. Modify All Data**
- E. None of the Above

Answer: D

NEW QUESTION # 40

Cloud Kicks has created a screen flow for their sales team to use when they add new leads. The screen flow collects name, email and shoe preference. Which two things should the administrator do to display the screen flow? Choose 2 answers

- A. Add the flow in the utility bar of the console
- **B. Use a flow element and add the screen flow to the record page.**
- C. Install an app from the AppExchange
- **D. Create a tab and add the screen flow to the page.**

Answer: B,D

Explanation:

To display the screen flow, the administrator should create a tab and add the screen flow to the page. The administrator can also use a flow element and add the screen flow to the record page.

The other options are not relevant to this scenario. Adding the flow in the utility bar of the console will not display the screen flow.

Installing an app from the AppExchange is not necessary to display the screen flow.

Here are the steps on how to create a tab and add the screen flow to the page:

* Go to Setup > Tabs.

* Click New.

* Enter a name and label for the tab.

* Select the Screen Flow tab type.

* Select the screen flow that you want to display.

* Click Save.

Here are the steps on how to use a flow element and add the screen flow to the record page:

* Go to Setup > Customize > Lightning App Builder.

* Select the record page that you want to add the screen flow to.

* Click Edit.

* Drag the Flow element from the Palette to the canvas.

* Select the screen flow that you want to display.

* Click Save.

NEW QUESTION # 41

On which of these areas are Data Validation rules enforced but no feedback is given to users?

- A. Record Merger
- B. Lead Convert
- C. Salesforce Mobile
- D. Self Service Portal
- **E. Web-TO-Case**

Answer: E

NEW QUESTION # 42

You cannot delete all the record types for an object if the object is referenced in which of the following:

- Answer: C**

Which circumstance will prevent a system administrator from deleting a custom field?

- Answer: D**
