**NEW QUESTION # 88**

Ursa Major Solar is utilizing audience targeting for specific components in its portal.

Which two considerations regarding audience targeting are true? Calculator Choose 2 answers

- **A. You can't assign record-based criteria to a component or branding set.**
- B. You can only have three audiences.
- **C. You can't assign audiences to the components in the template header and footer sections.**
- D. Available domains are created in the Administration workspace and associated with a community through a custom URL.

**Answer: A,C**

Explanation:

Audience targeting allows you to display different content to different audiences based on criteria such as profile, location, domain, or user. However, there are some limitations of audience targeting, such as:

You can't assign audiences to the components in the template header and footer sections. These sections are shared across all pages in your site and can't be customized for different audiences.

You can't assign record-based criteria to a component or branding set. Record-based criteria are only available for page variations and navigation menu items.
