CIPS L6M10 Exam Syllabus Topics:

Topic	Details
Topic 1	Understand the concept of reverse logistics and its impact on global logistics strategy: This section measures the skills of the target audience in assessing strategic factors influencing reverse logistics, such as government policies, economic considerations, and environmental impacts. It emphasizes understanding how these factors affect reverse logistics planning. A key skill measured is evaluating sustainability strategies in reverse logistics.
Topic 2	Understand global governance of the supply chain: This section measures the skills of Compliance Officers in assessing the impact of international legislation on globalized supply chains. It includes understanding jurisdictional issues and legal considerations affecting trade across multiple countries. A key skill measured is evaluating legal frameworks governing international trade.
Topic 3	Assess the strategic factors that influence reverse logistics: This section measures the skills of Logistics Coordinators in comparing factors affecting the implementation of reverse logistics strategies. It discusses challenges such as lack of infrastructure, forecasting difficulties, and perceptions of reverse logistics as a cost rather than a value-addition opportunity.

Topic 4	• Understand the strategic logistical implications of globalization: This section measures the skills of Logistics Managers and focuses on evaluating the logistics challenges presented by globalization. It covers issues such as centralized versus regionalized inventory holdings, international logistics practices, and the impact of transportation pipelines on inventory costs. A key skill measured is identifying logistics challenges in a global context.
