If you want to get L6M7 certification, you may need to spend a lot of time and energy. With our L6M7 study materials, you can save a lot of time and effort. We know that you must have a lot of other things to do, and our L6M7 learning guide will relieve your concerns in some ways. We can claim that if you study with our L6M7 practice engine for 20 to 30 hours, you will be confident to pass the exam by the first attempt.

CIPS L6M7 Exam Syllabus Topics:

Topic	Details
Topic 1	Understand data integrity and its impact on procurement and supply: Targeting IT Security Officers, this section focuses on ensuring that all collected information remains accurate (data integrity) while maintaining confidentiality through legal frameworks like GDPR. It assesses strategies for managing disruptions, such as system redundancy.
Topic 2	Understand the impact of cyber security on procurement and supply: This part targets Cybersecurity Experts, exploring how cyber threats affect supply chains by compromising sensitive information through vulnerabilities in software or networks. It involves evaluating technologies to secure systems effectively, emphasizing "Secure Data Transmission."

Topic 3	• Understand the concept of big data in the global supply chain: This section of the exam measures the skills of Supply Chain Managers and covers understanding big data's role in enhancing supply chain operations. It evaluates how big data transforms procurement and supply functions by leveraging large volumes of diverse data, focusing on skills like "Data Trend Analysis."

New L6M7 Braindumps Questions & L6M7 Reliable Braindumps Book

As is known to us, there are three different versions about our Commercial Data Management guide torrent, including the PDF version, the online version and the software version. The experts from our company designed the three different versions of L6M7 test torrent with different functions. According to the different function of the three versions, you have the chance to choose the most suitable version of our L6M7 study torrent. For instance, if you want to print the L6M7 study materials, you can download the PDF version which supports printing. By the PDF version, you can print the Commercial Data Management guide torrent which is useful for you. If you want to enjoy the real exam environment, the software version will help you solve your problem, because the software version of our L6M7 Test Torrent can simulate the real exam environment. In a word, the three different versions will meet your all needs; you can use the most suitable version of our L6M7 study torrent according to your needs.

CIPS Commercial Data Management Sample Questions (Q64-Q69):

NEW QUESTION # 64

Alberto is a member of the IT department and has recently completed an audit at his organisation, which employs over 200 members of staff. He has found evidence of ghost employees. What does this mean, and what should he do?

- A. A ghost employee is a fake entry someone has created on the HR system. This should be investigated, and the person who entered the data should be disciplined.
- B. A ghost employee is someone who has left the organisation under suspicious circumstances. An investigation should be launched into why.
- C. A ghost employee is someone who has left the organisation but whose IT accounts remain active. These accounts should be closed down.
- D. A ghost employee is someone who has never existed. He does not need to act as there is no cyber threat.

Answer: C

Explanation:

A ghost employee is a former employee whose IT accounts remain active after they have left. These accounts are vulnerable to hacking, as they are often overlooked in security measures. (P.178)

NEW QUESTION # 65

Donkey Logistics Ltd is transitioning into the digital era and is looking to implement technology that can track the location of deliveries when they are en route to customers. Which of the following is able to store a high-volume data set which can be read by a hand-held device?

- A. Navistar
- B. GPS
- C. Barcode
- D. RFID

Answer: D

Explanation:

RFID (Radio Frequency Identification) is correct. GPS and Navistar are for location tracking, but they do not store large volumes of data. Barcodes store limited data.

NEW QUESTION # 66

Green Pants Ltd has a lot of sensitive data around their unique designs for pants. Daniela, one of the designers, has noticed there is a weakness in their IT system, which means that data may be accessible to people outside the company. She would like the company to invest in software that can hide or disguise the data so that if it is ever stolen, the designs of the pants are not readable to others. What software is Daniela requesting?

- **A. Encryption**
- B. Proxy
- C. Firewall
- D. Authentication

Answer: A

Explanation:

Encryption makes data unreadable by converting it into an encoded format using an algorithm. If the data is stolen, it remains unreadable without the decryption key. A common example is WhatsApp's end-to-end encryption. (P.188)

NEW QUESTION # 67

Which of the following is an example of a data-enhanced product?

- **A. A fridge that can recommend recipes based on the contents inside it**
- B. An airline that changes the price of flights depending on demand
- C. An air-conditioning unit in a hot warehouse
- D. A third-party cloud storage system

Answer: A

Explanation:

A data-enhanced product is a physical product that incorporates data-driven functionality to provide additional features. A smart fridge that suggests recipes based on its contents is an example, as it uses data to enhance user experience.

NEW QUESTION # 68

Fluffy Pillows Ltd has recently expanded its operations and has hired more staff. These staff will work remotely and because of this Fluffy Pillows Ltd is in need of buying and upgrading their IT systems. The CEO of Fluffy Pillows is examining the security of currently held data in preparation for the expansion and has recently completed a document which looks into what data is stored where and what the consequences would be if this data were to be stolen or corrupted. In his research he has found multiple data entries for the same information, which he believes could lead to inaccuracies in data reporting. He is also concerned that the data isn't being stored securely and is unsure whether he should retain some of the confidential personal details on employees who have left the business. He has decided that along with the introduction of new systems it is important that all members of staff at Fluffy Pillows are aware of the responsibilities of storing data correctly and the risks of cyber attacks.

What type of document has the CEO created?

- A. Recovery Objectives Report
- **B. Business Impact Assessment**
- C. Requisition Form
- D. Risk Assessment

Answer: B

Explanation:

This is a Business Impact Assessment because it talks about consequences. A Risk Assessment would look at the likelihood and severity of a security breach and would probably be done next. A Recovery Objectives Report would then be created after that if needed.

NEW QUESTION # 69

.....

These people who used our products have thought highly of our L6M7 study materials. If you decide to buy our products and take it seriously consideration, we can make sure that it will be very easy for you to simply pass your exam and get the L6M7 certification

in a short time. We are also willing to help you achieve your dream. Now give yourself a chance to have a try on our L6M7 Study Materials. You will have no regret spending your valuable time on our L6M7 learning guide.
