Subsequently, another person was hired into that position but has not signed the document. Is this document valid?

- **A. The authority to implement and enforce lies with the position, not the person. As long as that position's authority and responsibilities have not been removed from implementing that domain, it is still a valid policy.**
- B. More research on the company policy of creating, implementing, and enforcing policies is needed. If the company has a policy identifying the authority as with the position or person, then the policy is valid.
- C. The signatory does not validate or invalidate the policy. For the purpose of this assessment, ensuring that the policy is current and is being implemented by the individuals who are performing the work is sufficient.

- A. Demonstrating integrity in the use of materials as described in policy
- **B. Avoiding the appearance of or actual, conflicts of interest**
- C. Reporting results of CMMC services completely
- D. Ensuring full disclosure

Answer: B

Explanation:

Understanding Objectivity in CMMC-AB Activities: Objectivity in CMMC-AB activities refers to the requirement that assessors and C3PAOs remain impartial, unbiased, and free from conflicts of interest while conducting assessments and providing CMMC-related services.

Key Aspects of Objectivity in CMMC Assessments: #No conflicts of interest-Assessors must not assess organizations they have financial, professional, or personal ties to.

#Unbiased reporting-Findings must be based solely on evidence, with no external influence.

#Avoiding even the appearance of a conflict-If there is any perception of bias, it must be addressed.

* A. Ensuring full disclosure # Incorrect

* Full disclosure is important but does not define objectivity. Objectivity means remaining neutral and free from conflicts.

* B. Reporting results of CMMC services completely # Incorrect

* While accurate reporting is required, objectivity focuses on impartiality, not just completeness.

* C. Avoiding the appearance of or actual, conflicts of interest # Correct

* Objectivity in CMMC-AB activities is primarily about preventing bias and ensuring fair assessments.

* Avoiding conflicts of interest ensures that assessments are credible and trustworthy.

* D. Demonstrating integrity in the use of materials as described in policy # Incorrect

* Integrity is important, but objectivity is specifically about avoiding bias and conflicts of interest.

Why is the Correct Answer "C. Avoiding the appearance of or actual, conflicts of interest"?

* CMMC-AB Code of Professional Conduct

* Requires assessors and C3PAOs to avoid conflicts of interest and maintain impartiality.

* CMMC Assessment Process (CAP) Document

* Emphasizes that assessments must be free from external influence and conflicts of interest.

* ISO/IEC 17020 Requirements for Inspection Bodies

* Defines objectivity as avoiding conflicts of interest in the assessment process.
