NEW QUESTION # 26

The director of sales, in a meeting, stated that the sales team received feedback on some emails that were sent, stating that the emails were not marked correctly. Which training should the director of sales refer the sales team to regarding information as to how to mark emails?

- A. CMMC-AB CUI Introduction to Marking
- **B. NARA CUI Introduction to Marking**
- C. FBI CUI Introduction to Marking
- D. C3PAO CUI Introduction to Marking

Answer: B

Explanation:

The Controlled Unclassified Information (CUI) Program, established by Executive Order 13556, standardizes the handling and marking of unclassified information that requires safeguarding or dissemination controls across federal agencies and their contractors. The National Archives and Records Administration (NARA) serves as the Executive Agent responsible for implementing the CUI Program.

In the context of the Cybersecurity Maturity Model Certification (CMMC) 2.0, particularly at Level 2, organizations are required to protect CUI by adhering to the security requirements outlined in NIST Special Publication 800-171. This includes proper marking of CUI to ensure that all personnel recognize and handle such information appropriately.

The NARA CUI Introduction to Marking provides comprehensive guidance on the correct procedures for marking documents and communications containing CUI. This resource is essential for training purposes, as it offers detailed instructions and examples to help personnel understand and implement proper CUI markings.

By referring the sales team to the NARA CUI Introduction to Marking, the director of sales ensures that the team receives authoritative and standardized training on how to appropriately mark emails and other documents containing CUI, thereby maintaining compliance with federal regulations and CMMC requirements.

NEW QUESTION # 27

What is objectivity as it applies to activities with the CMMC-AB?

- **A. Avoiding the appearance of or actual, conflicts of interest**
- B. Demonstrating integrity in the use of materials as described in policy
- C. Ensuring full disclosure
- D. Reporting results of CMMC services completely

Answer: A

Explanation:

Understanding Objectivity in CMMC-AB Activities Objectivity in CMMC-AB activities refers to the requirement that assessors and C3PAOs remain impartial, unbiased, and free from conflicts of interest while conducting assessments and providing CMMC-related services.

Key Aspects of Objectivity in CMMC Assessments # No conflicts of interest- Assessors must not assess organizations they have financial, professional, or personal ties to.

Unbiased reporting- Findings must be based solely on evidence, with no external influence.

Avoiding even the appearance of a conflict- If there is any perception of bias, it must be addressed.

A). Ensuring full disclosure # Incorrect

Full disclosure is important but does not define objectivity. Objectivity means remaining neutral and free from conflicts.

B). Reporting results of CMMC services completely # Incorrect

While accurate reporting is required, objectivity focuses on impartiality, not just completeness.

C). Avoiding the appearance of or actual, conflicts of interest # Correct Objectivity in CMMC-AB activities is primarily about preventing bias and ensuring fair assessments.

Avoiding conflicts of interest ensures that assessments are credible and trustworthy.

D). Demonstrating integrity in the use of materials as described in policy # Incorrect Integrity is important, but objectivity is specifically about avoiding bias and conflicts of interest.

Why is the Correct Answer "C. Avoiding the appearance of or actual, conflicts of interest"?

CMMC-AB Code of Professional Conduct

Requires assessors and C3PAOs to avoid conflicts of interest and maintain impartiality.

CMMC Assessment Process (CAP) Document

Emphasizes that assessments must be free from external influence and conflicts of interest.

ISO/IEC 17020 Requirements for Inspection Bodies

B. NARA (Incorrect): The National Archives and Records Administration (NARA) oversees CUI program policies but does not assign CMMC levels.

C. NIST (Incorrect):

The National Institute of Standards and Technology (NIST) develops cybersecurity frameworks (e.g., NIST SP 800-171), but it does not specify CMMC Levels in contracts.

D. Department of Homeland Security (Incorrect):

The Department of Homeland Security (DHS) is responsible for cybersecurity at the national level, but CMMC applies specifically to DoD contractors.

NEW QUESTION # 29

During Phase 4 of the Assessment process, what MUST the Lead Assessor determine and recommend to the C3PAO concerning the OSC?

- A. Ability
- B. Eligibility
- C. Suitability
- D. Capability

Answer: B

Explanation:

What Happens in Phase 4 of the CMMC Assessment Process? Phase 4 of the CMMC Assessment Process (CAP) is the Final Reporting and Decision Phase. During this phase, the Lead Assessor must:

Review all assessment findings

Determine the Organization Seeking Certification's (OSC) eligibility for certification Make a recommendation to the C3PAO (Certified Third-Party Assessment Organization) Ensure that the OSC has met the required practices and processes.

Confirm that any deficiencies have been corrected or appropriately documented.

Recommend whether the OSC is eligible for certification based on assessment results.

Key Responsibilities of the Lead Assessor in Phase 4: Since the Lead Assessor must determine and recommend the OSC's eligibility to the C3PAO, the correct answer is B. Eligibility.

A). Ability#Incorrect. While assessing an OSC's ability to meet CMMC requirements is part of the process, the final determination in Phase 4 is about eligibility for certification.

C). Capability#Incorrect. Capability refers to an organization's technical and operational readiness. The Lead Assessor is making a recommendation on eligibility, not just capability.

D). Suitability#Incorrect. Suitability is not a defined term in the CMMC CAP process for final assessment recommendations. The

correct term is eligibility.

Why the Other Answers Are Incorrect

CMMC Assessment Process (CAP) Document- Specifies that the Lead Assessor must determine and recommend the eligibility of the OSC in Phase 4.

CMMC 2.0 Model- Defines the assessment process, including certification decision-making.

CMMC Official References Thus, option B (Eligibility) is the correct answer, as per official CMMC guidance.

NEW QUESTION # 30
