- A. Clone a standard page
- **B. Create a standard page**
- C. Create an object page
- D. Clone an object page

Answer: B

NEW QUESTION # 78

Universal Containers has been using WordPress to publish product specifications, and using AEM (Adobe Experience Manager) for web assets. The VP of Sales wants to improve the Partner experience by making these resources available to Partners in their Community. What should the Community Cloud consultant do to meet these requirements?

- A. Consolidate work into WordPress and use CMS Connect in the Community
- B. Create Knowledge articles that link to the relevant documents in both systems
- **C. Use CMS Connect to bring both sets of resources into the Community**
- D. Use the native Content Transformation tool to convert the resources into Knowledge articles

Answer: C

NEW QUESTION # 79

Universal Containers needs to build a partner community that supports multiple business units by providing the following abilities: * Each business unit can only collaborate with its partner network. * Partners only see Knowledge articles and content specific to their business unit. * Some business units allow partners to raise support cases. * Some partners work with multiple business units. How should a Salesforce Admin meet these requirements?

- A. Build one Community and segment partner visibility by turning off Community User Visibility
- B. Build one Community and allow the partner profiles to be assigned based on the business unit
- C. Build a Community for each business unit and allow partners to have separate login credentials
- **D. Build a Community for each business unit and assign partners to the relevant Communities**

Answer: D

NEW QUESTION # 80

A Salesforce Admin at Universal Containers needs an efficient way to update the colour palette in their newly created Community. What three things should the Salesforce Admin do to brand this Community using Community Builder?

Choose 3 answers.

- A. Adjust the colour palette from the Salesforce1 mobile app.

- B. Upload the Universal Containers logo image to create a custom color palette.
- C. Submit a URL reference of a site where the colour palette will be matched automatically.
- D. Apply a colour scheme that is appropriate for the template all at once with the colour palette.
- E. Choose colors for the text and border elements.

Answer: B,D,E
