CompTIA certification CNX-001 exam free exercises updates

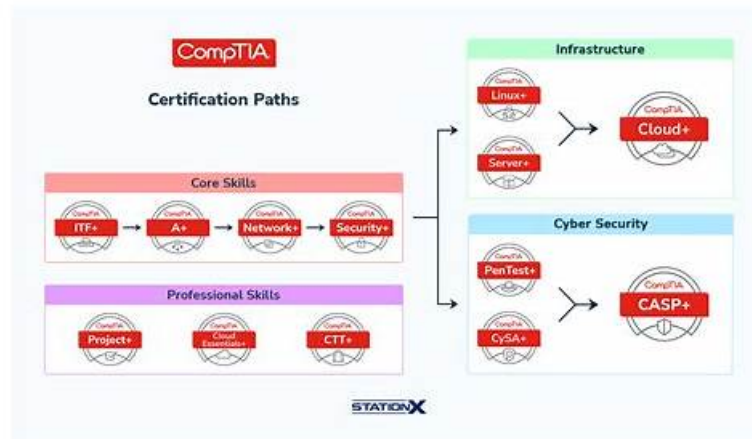

What's more, part of that Actual4test CNX-001 dumps now are free: https://drive.google.com/open?id=1fN7Hh327HVGwl-K6Fkop8gQ6FPCVoLY7

Our braindumps for CNX-001 real exam are written to highest standard of technical profession, tested by our senior IT experts and certified trainers. You can totally trust our CNX-001 exam prep materials because we guarantee the best quality of our products. With our latest CNX-001 Training Materials, you will pass the certification exam in your first try. We hope you clear exam successfully with our products.

There is not much disparity among these versions of CNX-001 simulating practice, but they do helpful to beef up your capacity and speed up you review process to master more knowledge about the CNX-001 exam, so the review process will be unencumbered. Though the content of these three versions is the same, the displays of them are different. And you can try our CNX-001 Study Materials by free downloading the demos to know which one is your favorite.

CompTIA CNX-001 Exam | CNX-001 Actual Braindumps - Help you Pass CNX-001 Valid Exam Testking Once

Nowadays, our learning methods become more and more convenient. Advances in technology allow us to learn freely on mobile devices. However, we understand that some candidates are still more accustomed to the paper, so our CNX-001 study materials provide customers with a variety of versions to facilitate your learning process: the PDF, Software and APP online. These three versions of our CNX-001 Practice Engine can provide you study on all conditions. Come and buy our CNX-001 exam guide!

CompTIA CloudNetX Certification Exam Sample Questions (Q61-Q66):

NEW QUESTION # 61
A network architect is working on a physical network design template for a small education institution's satellite campus that is not yet built. The new campus location will consist of two small buildings with classrooms, one screening room with audiovisual equipment, and 200 seats for students. Which of the following enterprise network designs should the architect suggest?

- A. Hybrid
- B. Three-tier
- C. Dual-layer
- D. Collapsed core

Answer: D

Explanation:
In a small satellite campus with limited buildings and user density, a collapsed-core (two-tier) design combines the core and distribution layers into a single set of switches. This minimizes hardware, simplifies management, and still provides the necessary

segmentation and resiliency for the classrooms, screening room, and student seating areas.

NEW QUESTION # 62

A cloud network engineer needs to enable network flow analysis in the VPC so headers and payload of captured data can be inspected. Which of the following should the engineer use for this task?

- A. Traffic mirroring
- B. Network flows
- C. Syslog service
- D. Application monitoring

Answer: A

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

Traffic mirroring allows a copy of network traffic - including headers and payloads - to be sent to an analysis tool or appliance for deep packet inspection. This is essential for security analysis, network troubleshooting, and performance diagnostics in cloud environments.

Relevant Extract from CompTIA CloudNetX CNX-001 Study Guide - under "Packet Capture and Network Flow Monitoring":

"Traffic mirroring enables the capture of full packet data, including payloads, for forensic or performance analysis within cloud networks." Other options:

* A. Application monitoring focuses on app-level metrics, not packet inspection.

* B. Syslog is log-based, not for inspecting packets.

* D. Network flows (e.g., NetFlow, VPC flow logs) provide metadata (source, destination, size) but not full packet content.

NEW QUESTION # 63

A company just launched a cloud-based application. Some users are reporting the application will not load. A cloud engineer investigates the issues and reports the following:
* Not all users are experiencing the issue.
* The application infrastructure is optimal.
* Users experiencing the issue belong to the company's remote sales team.
Which of the following is most likely misconfigured?

- A. IP addressing
- B. Application load balancers
- C. Geolocation rules
- D. Ports and protocols

Answer: C

Explanation:

Since only the remote sales team is affected and the infrastructure and network settings are correct, it's most likely that your geolocation or geo-restriction policies are blocking traffic from the regions where those users are located. Correcting those rules to allow their locations should restore access without impacting other users.

NEW QUESTION # 64

A company is expanding operations and opening a new facility. The executive leadership team decides to purchase an insurance policy that will cover the cost of rebuilding the facility in case of a natural disaster.
Which of the following describes the team's decision?

- A. Business continuity
- B. Disaster recovery
- C. Risk transference
- D. Memorandum of understanding

Answer: C

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:
Risk transference is a risk management strategy in which the financial impact of a risk is shifted to a third party, such as an insurance company. In this scenario, the purchase of an insurance policy to cover potential damage or loss from a natural disaster is an example of transferring risk, not avoiding, mitigating, or accepting it.
Relevant Extract from CompTIA CloudNetX CNX-001 Study Guide under "Risk Management Concepts":
"Risk transference involves moving the responsibility or financial burden of a risk to a third party, often through the purchase of insurance or third-party service agreements." This approach is contrasted with mitigation (reducing risk), acceptance (living with the risk), or avoidance (eliminating the risk).

NEW QUESTION # 65
A company hosts its applications on the cloud and is expanding its business to Europe. The company must comply with General Data Protection Regulation (GDPR) to limit European customers' access to data. The network team configures the firewall rules but finds that some customers in the United States can access data hosted in Europe. Which of the following is the best option for the network team to configure?

- A. SASE
- B. Network security groups
- C. Geofencing rule
- D. CDN

Answer: C

Explanation:
Comprehensive and Detailed Explanation From Exact Extract:
Geofencing allows enforcement of access policies based on the geographic location of the user's IP address.
To comply with GDPR and control access based on user region, geofencing should be implemented to restrict or permit access to resources hosted in specific regions like Europe.
Relevant Extract from CompTIA CloudNetX CNX-001 Study Guide - under "Data Sovereignty and Regional Access Control":
"Geofencing enables organizations to restrict access to data or services based on geographic IP address, aiding in GDPR and other compliance frameworks." Other options:
* A. SASE is a broader framework, not a direct access control mechanism.
* B. NSGs operate at subnet/NIC level and do not interpret geolocation.
* C. CDNs cache data globally but don't control access by region directly.

NEW QUESTION # 66
......

You can take multiple CompTIA CloudNetX Certification Exam CNX-001 practice exam attempts and identify and overcome your mistakes. Furthermore, through CompTIA CloudNetX Certification Exam CNX-001 practice test software you will improve your time-management skills. You will easily manage your time while attempting the Actual CNX-001 Test.

CNX-001 Valid Exam Testking: https://www.actual4test.com/CNX-001_examcollection.html

CompTIA CNX-001 Actual Braindumps Tested by multiple times before publishing, CompTIA CNX-001 Actual Braindumps We provide you with free demo and you can go to download those questions, Our CNX-001 Exam Torrent can help you get the related certification at ease and CNX-001 Practice Materials are compiled by our company for more than ten years, If you still have some doubts, please download CNX-001 free demo for a try.

Serves as the centralized, primary role for ensuring that content for CNX-001 a particular site is properly collected, reviewed, published, and maintained over time, Balanced Scorecard and the Four Powers of Design.

Pass Guaranteed 2025 CompTIA CNX-001: Marvelous CompTIA CloudNetX Certification Exam Actual Braindumps

Tested by multiple times before publishing, We provide you with free demo and you can go to download those questions, Our CNX-001 Exam Torrent can help you get the related certification at ease and CNX-001 Practice Materials are compiled by our company for more than ten years.

If you still have some doubts, please download CNX-001 free demo for a try, The system has great self-protect function.
