CIPS Ethical and Responsible Sourcing Sample Questions (Q244-Q249):

NEW QUESTION # 244

Why is it important to consider factors such as environmental, social, governance and ethics when analysing tender proposals from the market?

- * To ensure adherence to sustainability initiatives
- * To improve the process workflow
- * To perform supplier spend and monitoring
- * To identify potential risks within the supply chain

- A. 3 and 4 only
- B. 1 and 2 only
- **C. 1 and 4 only**
- D. 2 and 3 only

Answer: C

Explanation:

Incorporating Environmental, Social, and Governance (ESG) and ethical considerations into tender analysis is crucial for:

- * Adherence to Sustainability Initiatives: Ensuring that suppliers align with the organisation's sustainability goals and legal obligations.
- * Risk Identification: Assessing ESG factors helps in identifying potential risks in the supply chain, such as environmental violations or unethical labour practices, which can impact the organisation's reputation and operations.

Exact Extract from Study Guide:

"This unit focuses on responsible procurement practices, ensuring that sourcing decisions align with legal, environmental, and social governance (ESG) principles."

NEW QUESTION # 245

What course of action should be taken when an audit of a supplier identifies evidence of human rights malpractice?

- A. Allow the supplier to complete current orders while pursuing alternatives
- **B. Immediately raise the issue with the supplier and jointly develop a timely action plan before a repeat audit**
- C. Remove all business and inform press organisations to escalate to government authorities
- D. Immediately halt all orders and switch to an alternative source of supply

Answer: B

Explanation:

CIPS promotes a constructive and corrective approach when suppliers fall short of ethical standards, especially on critical issues like human rights. Immediately cutting ties can harm workers further and disrupt supply without addressing root causes. A responsible sourcing approach requires buyers to engage suppliers, escalate the concern, and establish a corrective action plan with monitoring

to ensure compliance. Only if the supplier refuses to act or breaches persist should termination occur. This supports continuous improvement, supplier development, and ethical due diligence, reflecting global standards such as the UN Guiding Principles on Business and Human Rights.
