

CrowdStrike Falcon Administrator certkingdom actual exam dumps & CCFA-200b pdf practice

Though there are three versions of the CCFA-200b practice braindumps: the PDF, Software and APP online, i love the PDF version the most for its printable advantage which is unique and special. After printing, you not only can bring the CCFA-200b study materials with you wherever you go, but also can make notes on the paper at your liberty, which may help you to understand the contents of our CCFA-200b Learning Materials. Do not wait and hesitate any longer, your time is precious!

We provide free update of our CCFA-200b exam materials within one year and after one year the client can enjoy the 50% discounts. The old clients enjoy some certain discounts when they buy our CCFA-200b exam torrent. Our experts check whether there is the update of the test bank every day and if there is an updated version of our CCFA-200b learning guide, then the system will send it to the client automatically. And that is one of the reasons why our CCFA-200b study materials are so popular for we give more favourable prices and more considerable service for our customers.

>> CCFA-200b Valid Test Simulator <<

Valid CrowdStrike CCFA-200b Exam Labs | Latest Braindumps CCFA-200b Ebook

The advantages of our CCFA-200b cram guide is plenty and the price is absolutely reasonable. The clients can not only download and try out our CCFA-200b exam questions freely before you buy them but also enjoy the free update and online customer service at any time during one day. The clients can use the practice software to test if they have mastered the CCFA-200b Test Guide and use the function of stimulating the test to improve their performances in the real test. So our products are absolutely your first choice to prepare for the test CCFA-200b certification.

CrowdStrike Falcon Administrator Sample Questions (Q136-Q141):

NEW QUESTION # 136

Where in the Falcon console can information about supported operating system versions be found?

- A. Support module
- B. Configuration module
- C. Discover module
- D. Intelligence module

Answer: A

Explanation:

Information about supported operating system versions can be found in the Support module in the Falcon console. This module provides access to various support resources, such as documentation, downloads, FAQs, release notes and system status. One of the documents available in this module is the CrowdStrike Sensor Compatibility List, which lists the supported operating system versions for each sensor type and platform. The other options are either incorrect or not related to finding information about

supported operating system versions.

NEW QUESTION # 137

How would you reset an API secret?

- A. A new API client is required as you are unable to reset a secret
- B. Create a support ticket requesting a reset
- C. Via General Settings
- **D. Via the three-dot menu on the API client**

Answer: D

NEW QUESTION # 138

Which of the following options is a feature found ONLY with the Sensor-based Machine Learning (ML)?

- A. Real-time offline protection
- **B. Identification and analysis of unknown executables**
- C. Next-Gen Antivirus (NGAV) protection
- D. Adware and Potentially Unwanted Program detection and prevention

Answer: B

Explanation:

According to documentation (documentation/detections/technique/sensor-based-ml-cst0007):

CrowdStrike sensor-based machine learning (ML) identifies and analyzes unknown executables as they run on hosts. This technique is triggered by files and file attributes associated with known malware. This is similar to the [Cloud-based ML]

(/support/documentation/detections/technique/cloud-based-ml) technique. Cloud-based ML is informed by global analysis of executables that classifies and identifies malware. The key difference is that it doesn't run on hosts when they're offline.

NEW QUESTION # 139

The alignment of a particular prevention policy to one or more host groups can be completed in which of the following locations within Falcon?

- A. Policy alignment is configured only once during the initial creation of the policy in the "Create New Policy" pop-up window
- **B. Policy alignment is configured in each policy in the "Assigned Host Groups" tab**
- C. Policy alignment is configured in the "Host Management" section in the Hosts application
- D. Policy alignment is configured in the General Settings section under the Configuration menu

Answer: B

Explanation:

The alignment of a particular prevention policy to one or more host groups can be completed in each policy in the "Assigned Host Groups" tab. This tab allows the administrator to select which host groups will use the policy, as well as view the number of hosts and sensors assigned to each group. The other options are either incorrect or not available.

NEW QUESTION # 140

You need to create a rule to block all process executions of Telegram in your environment. Which custom IOA rule configuration would accomplish this?

- A. Custom IOA rule configuration cannot block non-malicious binaries from executing
- B. Custom IOA rule set to Monitor on an Image Filename of .*Telegram.*
- **C. Custom IOA rule set to Block Execution on an Image Filename of .*Telegram.***
- D. Custom IOA rule set to Detect on an Image Filename of .*Telegram.*

Answer: C

NEW QUESTION # 141

.....
