NEW QUESTION # 86

AW Computers has enabled the feature for Contact to multiple Accounts. A rep is trying to remove the primary Account from a Contact but is unable to do so. The administrator has already updated the page layout to no longer require an Account. What could be the issue?

- A. The Contact has indirect relationships to other Accounts.
- B. The Account Contact relationship record needs to be deleted first in order to disassociate the Contact from the Account.
- C. Private Contacts need to be enabled in Setup.
- **D. A primary Account relationship is required on a Contact regardless of the page layout settings.**

Answer: D

Explanation:

A primary account relationship is a feature that allows you to link a contact to a single account as its primary account. A primary account relationship is required on a contact regardless of the page layout settings or the contact to multiple accounts feature. This means that you cannot remove the primary account from a contact, but you can change it to another account. You can also add secondary accounts to a contact if you have enabled the contact to multiple accounts feature. References:
