

D-PWF-DY-A-00 Testking Exam Questions & Test D-PWF-DY-A-00 Sample Online

TestKing **CompTIA BR0-002** Exam Questions & Answers

BR0-002
CompTIA Network + Bridge Exam
Exam number/code: BR0-002
Exam name: CompTIA Network + Bridge Exam
Questions & Answers: 142 Q&A
Related Certifications: [Network+](#)

Hundreds of people each day pass their IT certification exams with Testking guaranteed certification resources and training kits.

Use the [CompTIA BR0-002](#) questions and answers to practice for your next CompTIA certification exam. If you don't pass – you don't pay! Testking has the first and only 100% product satisfaction and exam passing guarantee. Advanced practice questions and answers help drive the information into your routine thinking and surpass BR0-002 brain dumps in retention and skill building.

CompTIA BR0-002 exam answers and practice questions can be used at home or office, installable on up to two PCs, or print the questions and answers to take with you and train on-the-go! CompTIA BR0-002 preparation tools are the perfect fit for any CompTIA certification candidate with [BR0-002](#) training materials for every level of entry.

Exam Engine Features
Control your IT training process by customizing your practice certification questions and answers. The fastest and best way to train.

- Truly interactive practice tests
- Create and take notes on any question
- Retake tests until you're satisfied
- YOU select the areas of the exam to cover
- Filter questions for a new practice test experience each time
- Re-visit difficult questions

The exact replica of the real EMC D-PWF-DY-A-00 exam questions is another incredible feature of the web-based practice test software. With this, you can kill your EMC D-PWF-DY-A-00 exam anxiety. Another format of the Dell PowerFlex Implementation Achievement (D-PWF-DY-A-00) practice test material is the D-PWF-DY-A-00 desktop practice exam software. All traits of the web-based D-PWF-DY-A-00 practice test are present in this version.

We can proudly claim that you can successfully pass the exam just on the condition that you study with our D-PWF-DY-A-00 preparation materials for 20 to 30 hours. And not only you will get the most rewards but also you will get an amazing study experience by our D-PWF-DY-A-00 Exam Questions. For we have three different versions of our D-PWF-DY-A-00 study guide, and you will have different feelings if you have a try on them.

Expert-Verified EMC D-PWF-DY-A-00 Exam Questions for Reliable Preparation

In recent years, the market has been plagued by the proliferation of D-PWF-DY-A-00 learning products on qualifying examinations, so it is extremely difficult to find and select our D-PWF-DY-A-00 test questions in many similar products. However, we believe that with the excellent quality and good reputation of our D-PWF-DY-A-00 Study Materials, we will be able to let users select us in many products. Our study materials allow users to use the D-PWF-DY-A-00 certification guide for free to help users better understand our products better.

EMC Dell PowerFlex Implementation Achievement Sample Questions (Q13-Q18):

NEW QUESTION # 13

What is the minimum number of nodes required to create a production PowerFlex Management Platform Cluster?

- A. 0
- **B. 1**
- C. 2
- D. 3

Answer: B

NEW QUESTION # 14

Which four prerequisites must be met before deploying PowerFlex on the Management Controller?
(Select 4)

- A. Set up hardware affinity.
- **B. Install and configure ESXi on the Management Controller.**
- **C. Configure VM HA and DRS.**
- **D. Configure the switch ports.**
- **E. Deploy VMware vCenter.**
- F. Deploy and configure the storage VMs.

Answer: B,C,D,E

Explanation:

Before deploying PowerFlex on the Management Controller, there are essential prerequisites to ensure a smooth and functional deployment:

* Deploy VMware vCenter (Option B):

* VMware vCenter is required to manage the ESXi hosts and VMs in the PowerFlex cluster. This ensures proper virtualization management and cluster configuration.

* vCenter also supports features like High Availability (HA) and Distributed Resource Scheduler (DRS), which are essential for PowerFlex operations.

* Install and Configure ESXi on the Management Controller (Option C):

* The Management Controller must have a functioning ESXi hypervisor to host the PowerFlex management components and virtual machines.

* ESXi installation ensures the virtualization layer is ready to manage PowerFlex VMs.

* Deploy and Configure the Storage VMs (Option D):

* PowerFlex storage nodes and VMs must be properly configured to enable storage pooling and service delivery.

* This includes ensuring the SDS (Storage Data Server) and MDM (Meta Data Manager) roles are assigned to VMs.

* Configure the Switch Ports (Option E):

* Network connectivity must be established by configuring switch ports to support proper communication between components.

* This step includes setting VLANs, MTU settings (jumbo frames), and ensuring link aggregation configurations are in place for redundancy and performance.

Why Not the Other Options?

* Option A: Set up hardware affinity: While hardware affinity is important for VM placement, it is not a prerequisite for deploying PowerFlex.

* Option F: Configure VM HA and DRS: These are typically configured after deployment and are not prerequisites for the initial setup.

NEW QUESTION # 15

Which three statements about partial automation in a PowerFlex environment are true? (Select 3)

- **A. Offered for two-layer environments.**

- B. Requires 25 Gb network cards.
- C. Offered for hyperconverged environments only.
- D. Requires 10 Gb network cards.
- E. Offered for PowerFlex appliance only.

Answer: A,D,E

Explanation:

Partial automation in a PowerFlex environment refers to the ability to automate certain aspects of deployment and management while still requiring some manual intervention. Below is an explanation of why the selected options (A, B, E) are correct based on Dell's official documentation for PowerFlex implementation:

* Explanation: Partial automation is specifically available for PowerFlex appliances. This feature simplifies the deployment process by automating certain tasks but still requires manual steps for configuration and validation.

NEW QUESTION # 16

How many days may a PowerFlex cluster remain in a production environment after deployment before a license is required for continued operation?

- A. 60 days
- B. 120 days
- C. 30 days
- D. 90 days

Answer: D

NEW QUESTION # 17

Which tool can be used to install the SDR component in a PowerFlex 4.x cluster?

- A. Installation Manager
- B. vSphere Plug-In
- C. PowerFlex Manager
- D. PowerFlex WebUI

Answer: C

Explanation:

The PowerFlex Manager is the tool specifically designed for managing and orchestrating the deployment of components, including SDR (Storage Data Replication), in a PowerFlex 4.x environment.

* Purpose of PowerFlex Manager: PowerFlex Manager simplifies the implementation and lifecycle management of PowerFlex clusters. It includes workflows to install, configure, and upgrade components such as the SDR.

* Why Not the Other Options?

* vSphere Plug-In: This is used for managing and monitoring PowerFlex components within a vSphere environment but doesn't handle SDR installation.

* PowerFlex WebUI: This interface is used for day-to-day cluster management tasks but is not designed to install SDR components.

* Installation Manager: While it can assist with certain components during the setup process, it is not the dedicated tool for SDR installations.

References: Dell PowerFlex documentation specifies the use of PowerFlex Manager for orchestrating SDR installations. Consult the "PowerFlex Manager Deployment Guide" and "PowerFlex 4.x Administration Guide" for further details.

NEW QUESTION # 18

.....

In order to help you save more time, we will transfer D-PWF-DY-A-00 test guide to you within 10 minutes online after your payment and guarantee that you can study these D-PWF-DY-A-00 training materials as soon as possible to avoid time waste. We believe that time is the most valuable things in the world. This is why we are dedicated to improve your study efficiency and production. Here are some advantages of our D-PWF-DY-A-00 study question and we would appreciate that you can have a look to our D-PWF-DY-A-00 questions.
