

C_ARCIG_2508 Valid Study Notes | Exam C_ARCIG_2508 Collection

ANSWERS

Section-A

1. (i) Option (d) is correct.

Explanation: Products are tangible goods like furniture, clothes, or machines that can be touched, stored, and are usually durable. Services, on the other hand, are intangible activities such as banking, transport, or insurance. They cannot be stored, are consumed at the time of delivery, and are perishable. For example, a haircut service cannot be stored for later use.

(ii) Option (b) is correct.

Explanation: Expenditure on repairing a machine is a revenue expenditure because it is incurred to maintain the existing asset in working condition. It does not increase the earning capacity or life of the asset. In contrast, capital expenditure would involve purchasing a new machine or making major improvements.

(iii) Option (c) is correct.

Explanation: A discount voucher is a coupon, a sales promotion tool. Coupons encourage customers to buy by offering a price reduction. For example, "25% OFF" vouchers given by retail stores motivate buyers to make immediate purchases.

(iv) Option (c) is correct.

Explanation: Commercial Banks must keep a proportion of deposits as cash reserves with the Central Bank. This enables the Central Bank to control credit creation. Both Assertion and Reason are true, and Reason correctly explains Assertion.

(v) Option (d) is correct.

Explanation: In emergencies requiring speed, air transport is the most suitable. Gina, needs to travel quickly from Delhi to Goa so she should choose air travel as it is the fastest mode compared to road, rail or water.

(vi) Option (c) is correct.

Explanation: If a cosmetic product can cause allergy but the producer fails to disclose this, it is a case of consumer exploitation. The Consumer Protection Act ensures that consumers are informed about product risks and can seek redressal.

(vii) Option (a) is correct.

Explanation: True. Gratuity is a lumpsum benefit paid by the employer to employees on retirement or resignation after a certain period of service. Employees do not contribute to it; it is entirely borne by the employer.

(viii) Option (a) is correct.

Explanation: Equity shareholders are the main risk bearers because they receive dividends only after other claims are settled. However, the Reason given is false as equity shareholders have voting rights in the company.

(ix) Option (d) is correct.

Explanation: The ERP module that manages employee records, attendance, performance reviews and job descriptions is the Human Resource

(HR) Module. It helps streamline workforce management.

(x) Option (b) is correct.

Explanation: Life Insurance is not a contract of indemnity. It pays a fixed sum on death or maturity, regardless of actual financial loss. Indemnity contracts (like fire or marine insurance) compensate for actual amount of loss.

(xi) Option (a) is correct.

Explanation: A plumber must undergo Apprenticeship Training, which combines practical work experience with theoretical instruction under supervision. This is suitable for skilled trades.

(xii) Option (b) is correct.

Explanation: Budgets set targets and allocate resources (Statement I) and bring efficiency and economy (Statement IV). They are essential tools for planning and control in management.

(xiii) Option (d) is correct.

Explanation: The Central Pollution Control Board (CPCB) is the apex body in India responsible for controlling all forms of pollution- air, water and land.

(xiv) Option (c) is correct.

Explanation: Net profit or loss is transferred from the Profit and Loss Account to the Balance Sheet, where it is added to capital or reserves.

(xv) Option (b) is correct.

Explanation: Creditors provide loans or credit facilities to organisations. Suppliers provide goods; government collects taxes and employees provide services but creditors are the ones who lend money.

(xvi) Option (a) is correct.

Explanation: Cost of raw materials is a Variable Direct Cost because it varies with production volume and is directly attributable to the product being manufactured.

2. (i) Advertising vs Publicity

Aspect	Advertising	Publicity
Nature	Paid communication by a business to promote products/ services.	Free promotion through media coverage, not paid by the business.
Control	Controlled by the advertiser (message, timing, medium)	Not controlled by the business; depends on media/public interest.
Example	TV commercials for a new smartphone.	Newspaper article about a company's CSR activity.
