## Salesforce Certified Experience Cloud Consultant Sample Questions (Q72-Q77):

### NEW QUESTION # 72

Get Cloud Consultant (GCC) is implementing a Salesforce- based solution for a global coffee brand. The coffee company works with agrp research and coffee growers from around the work. These researcher will submit their recommendation in the system which will go through an approval process before reaching coffee growers who will ultimately use those recommendation during cultivation.

The Design team estimates the need for at least 20 custom objects given that the coffee company plans to use Salesforce to also manage incentives. Compensations, distribution, and projections.

Which user license Should GCC recommend for the researchers?

- A. Partner Community Plus
- B. External Apps
- C. Customer Community Plus
- D. Customer Community

**Answer: B**

**NEW QUESTION # 73**

Cloud Kicks (CK) wants potential customers to use self-registration to sign up and gain access to its new site. CK uses Person Accounts for its customers.

How should the CK system administrator configure self-registration?

- **A. Leave the Account field blank.**
- B. Create a trigger on User to convert the Contact to a Person Account.
- C. Set the profile to the standard Person Account profile.
- D. Create a flow to convert the Contact to a Person Account.

**Answer: A**

Explanation:

To configure self-registration for customers who use Person Accounts, CK should leave the Account field blank. This will allow CK to create individual customers without associating them with an account. CK can use the standard self-registration configuration under Experience Workspace and select a profile or permission set that supports Person Accounts. CK can also customize the self-registration page and Apex handler to create Person Accounts for customers based on their information.
