NEW QUESTION # 29

You define payment methods.

Which parameters do you define on the level of the company code? Note: There are 2 correct answers to this question.

- A. Foreign currency allowed
- B. Minimum and maximum payment amounts
- C. Payment Medium
- D. Permitted Currencies

Answer: A,B

Explanation:

* Foreign Currency Allowed: When defining payment methods at the company code level, it is crucial to specify whether foreign currencies are allowed for payments. This setting ensures that the system can handle transactions in different currencies, which is vital for businesses operating internationally.

* Minimum and Maximum Payment Amounts: This parameter allows you to set thresholds for the minimum and maximum amounts that can be paid using a particular payment method. This helps in controlling the payment process by preventing very small or excessively large payments that might not be desirable for operational efficiency or risk management.

References

* These configurations are part of the broader setup of payment methods within SAP, as detailed in the SAP FICO module's configuration guides and financial accounting manuals. They ensure that payment processes are tailored to meet specific business requirements and compliance standards.
