

1z0-1042-24 Latest Dumps Pdf, New 1z0-1042-24 Test Tutorial

1Z0-1042-24 – Oracle Cloud Infrastructure 2024 Application Integration Professional (Set – 01)

1. Which is NOT an advantage of using Oracle Integration Cloud (OIC) for creating application Integrations?

- Prebuilt integrations
- Auto-association of Oracle SaaS applications
- User choice of OIC for development
- Public/Private Cloud portability
- Data mapping recommendations

Correct Answer: C

2. Oracle Integration Cloud (OIC) Service is available in two editions, Standard and Enterprise. Which two OIC Enterprise Edition capabilities are ALSO available in OIC Standard Edition?

- File Server
- Visual Builder
- Integration Insight
- B2B Trading Partner Agreements
- Enterprise Application adapters (such as EBS, JDE, SAP and Siebel)
- Process Applications

Correct Answer: A, B

3. You are tasked with creating an Oracle Integration Cloud (OIC) integration flow that supports a B2B document exchange. When configuring the B2B action there are several capabilities as well as limitations. Which statement is NOT valid concerning OIC B2B capabilities?

- It is mandatory to perform validations on EDI documents for inbound translations; however, for outbound translations it is optional.
- A previously created Trading Partner Agreement is optional when configuring the inbound or outbound translation.
- You can customize standard Electronic Data Interchange (EDI) documents by adding new schema constructs or by editing existing constructs.

Correct Answer: A

4. As an integration developer, you are creating an integration in Oracle Integration Cloud (OIC) to transform a payload with multiple orders. You need to configure for-each action to loop through each order and process them individually. How do you correctly configure for the for-each action to loop through each order and process them individually? a. Select the Parallel Processing option and set the number of threads to the number of orders. b. Select the Group By option and group the orders by the order number. c. Select the Repeating

Our 1z0-1042-24 exam dumps are possessed with high quality which is second to none. Just as what have been reflected in the statistics, the pass rate for those who have chosen our 1z0-1042-24 exam guide is as high as 99%. In addition, our 1z0-1042-24 test prep is renowned for free renewal in the whole year. With our 1z0-1042-24 Training Materials, you will find that not only you can pass and get your certification easily, but also your future is obvious bright. Our 1z0-1042-24 training guide is worthy to buy.

Oracle 1z0-1042-24 Exam Syllabus Topics:

| Topic | Details |
|---------|---|
| Topic 1 | <ul style="list-style-type: none">Creating Orchestrated Integrations: This part of the exam evaluates the candidate's skills in creating and managing orchestrated integrations using OIC. Candidates should be able to manage OIC lookups, use the OIC Data Mapper, and incorporate custom JavaScript libraries into their integrations. |
| Topic 2 | <ul style="list-style-type: none">Using OIC Connections & Adapters: Candidates must demonstrate their ability to create and configure OIC connections, including trigger and invoke connections. They should be familiar with the Connectivity Agent, which facilitates on-premises connectivity to OIC services. |

| | |
|---------|---|
| Topic 3 | <ul style="list-style-type: none"> Getting Started with OIC Integrations: This section tests the ability of IT professionals and integration specialists to understand the fundamental components and concepts of Oracle Integration Cloud (OIC). Candidates are expected to describe the key features of OIC integration and explain core integration concepts. |
| Topic 4 | <ul style="list-style-type: none"> Creating Scheduled Integrations: In this section of the exam, candidates are evaluated based on their skills in managing scheduled integrations. This includes converting scheduled integrations to app-driven integrations and understanding the scheduling options within the OIC. |
| Topic 5 | <ul style="list-style-type: none"> Testing, Monitoring, and Troubleshooting Integrations: This section assesses candidates abilities in testing, monitoring, and troubleshooting integrations within the OIC. |

Moreover, you do not need an active internet connection to utilize SurePassExams Oracle 1z0-1042-24 practice exam software. It works without the internet after software installation on Windows computers. The SurePassExams web-based Oracle 1z0-1042-24 Practice Test requires an active internet and it is compatible with all operating systems. You can conveniently test your performance by checking your score each time you use our Oracle 1z0-1042-24 practice exam software.

Oracle Cloud Infrastructure 2024 Application Integration Professional Sample Questions (Q75-Q80):

NEW QUESTION # 75

Which are valid considerations when leveraging the Oracle Integration Cloud (OIC) connectivity agent for high availability on-premises environments? Select TWO.

- A. You need to have the OIC ServiceDeployer role permissions to download and install the OIC on-premises connectivity agent.
- B. You should install the connectivity agents on the same host as the target application, and then specify different agent group identifiers for each agent during its installation.
- C. **File adapter is not supported in high availability environments. When using file adapter and if some groups have multiple instances, use a dedicated agent group (with one agent only).**
- D. Each host on which the agent is installed must be configured on separate subnets and assigned to the same OIC agent group.
- E. **You cannot have more than two agent instances per agent group. Attempting to include a third agent instance in the same group during installation results in an error.**

Answer: C,E

Explanation:

Comprehensive and Detailed Explanation:

HA Agent:

* C, D:True-limit of two agents and File adapter restriction.

NEW QUESTION # 76

You are designing a new integration in Oracle Integration (OIC) that needs to expose a RESTful interface for client applications. Which is a valid consideration when choosing request and response options using the REST Adapter Endpoint Configuration Wizard?

- A. Both standard and custom HTTP headers can be defined for both the request and the response.**
- B. File attachments can be accepted as a request option for the Trigger interface, but you cannot include attachments as a response to the client.
- C. If you select a PUT or POST action (HTTP method), you must define a JSON response payload format.
- D. Although you can define both query and template parameters, only template parameters are available for mapping in the

mapper because query parameters are considered optional.

Answer: A

Explanation:

Comprehensive and Detailed Explanation:

REST Configuration:

* A: True-headers are flexible.

NEW QUESTION # 77

To use Integration Insight to map milestones to actions in an Oracle Integration Cloud (OIC) business process implementation, certain prerequisites and conditions must be met.

Which is NOT a valid consideration for models and mapping milestones?

- A. Extraction criteria for the milestone indicator is defined with an XPath expression.
- B. The model must be in Draft state in order to map a milestone to an integration action.
- C. Extraction criteria for the instance unique identifier is defined with an XPath extension.
- D. A business process implementation can be mapped to milestones within only one model.
- E. Milestones in a single model can be mapped to multiple business processes.

Answer: D

Explanation:

A business process implementation can be mapped to milestones across multiple models, making the incorrect statement. Milestones can be used in complex scenarios, shared between processes, and can be identified with XPath expressions.

NEW QUESTION # 78

Which Oracle Integration Cloud (OIC) service role does NOT have permission to run an OIC integration flow?

- A. ServiceInvoker
- B. ServiceUser
- C. ServiceAdministrator
- D. ServiceDeveloper

Answer: A

Explanation:

The ServiceInvoker role is primarily designed for invoking integrations programmatically via REST/SOAP APIs and cannot manually run integrations from the OIC console.

NEW QUESTION # 79

OIC integrations can be exported so that they can later be imported into another OIC instance environment.

Which statement is NOT true about the import and export of OIC integrations?

- A. Integrations must be exported as a package if you want to import them into another OIC environment.
- B. Imported integration can be reconfigured to use different connection resources by using the OICREST API.
- C. Exported integrations will include all of their dependent connection resource information with the exception of URL and credentials.
- D. Imported integrations cannot be immediately activated if their dependent connection resources are not already present in the target OIC environment.

Answer: A

Explanation:

* A, B, and C are all true statements about OIC import/export functionality.

* D is false because integrations can be exported individually and imported into another OIC environment without needing to be part of a package. Packages are optional.

NEW QUESTION # 80

The team of experts hired by 1z0-1042-24 exam torrent constantly updates and supplements the contents of our study materials according to the latest syllabus and the latest industry research results, and compiles the latest simulation exam question based on the research results of examination trends. We also have dedicated staffs to maintain updating 1z0-1042-24 practice test every day, and you can be sure that compared to other test materials on the market, 1z0-1042-24 quiz guide is the most advanced. It is known to us that having a good job has been increasingly important for everyone in the rapidly developing world; it is known to us that getting a Oracle Cloud Infrastructure 2024 Application Integration Professional certification is becoming more and more difficult for us. That is the reason that I want to introduce you our 1z0-1042-24 prep torrent. I promise you will have no regrets about reading our introduction. I believe that after you try our products, you will love it soon, and you will never regret it when you buy it.
