## **SAP Certified Associate - Implementation Consultant - SAP S/4HANA Cloud Public Edition Sample Questions (Q11-Q16):**

### NEW QUESTION # 11

Which of the following are examples of indirect digital access? Note: There are 2 correct answers to this question.

- A. A Production Order created through a non-SAP front-end
- B. An unattended bot in SAP Build Process Automation
- **C. A Time Sheet Record from a 3rd party application**
- **D. A Defect document created through an industry application**

**Answer: C,D**

Explanation:

Indirect digital access occurs when humans, devices, or systems use the digital core indirectly through non- SAP intermediary software, such as a non-SAP front end, a custom-solution, or any other non-SAP application<sup>1</sup>. Indirect digital access is measured by the number of documents created, updated, or deleted in the SAP system as a result of the indirect use<sup>2</sup>. Examples of indirect digital access include:

- \* A Defect document created through an industry application: This is an example of indirect digital access because the industry application is a non-SAP software that triggers the creation of a document in the SAP system
- \* A Time Sheet Record from a 3rd party application: This is also an example of indirect digital access because the 3rd party application is a non-SAP software that triggers the creation of a document in the SAP system
- \* An unattended bot in SAP Build Process Automation: This is not an example of indirect digital access because the bot is using SAP software to access the SAP system directly, not through a non-SAP intermediary software.
- \* A Production Order created through a non-SAP front-end: This is not an example of indirect digital access because the production order is not a document type that is counted for indirect digital access. The document types that are counted are: Sales Order, Invoice, Purchase Order, Service and Maintenance Document, Manufacturing Document, Quality Management Document, Time Sheet, Financial Document, and Material Document<sup>2</sup>. References = Digital Access | SAP Help Portal, SAP Digital Access / SAP Digital Access Adoption Program (DAAP) Extension through December 31, 2021

### NEW QUESTION # 12
