GIAC Strategic Planning, Policy, and Leadership (GSTRT) Sample Questions (Q33-Q38):

NEW QUESTION # 33
You are leading a cybersecurity team through a transition to a new security framework, which will require retraining for most team members. Some team members are resistant to the change due to concerns about learning new skills. How would you approach this

situation to successfully implement the change while keeping the team motivated?

Response:

- A. Replace team members who are resistant to the change with external consultants
- B. Address the team's concerns by offering training sessions, explaining how the new framework will benefit their professional development, and setting realistic implementation timelines
- C. Delay the implementation of the new framework indefinitely to avoid conflict
- D. Mandate immediate compliance with the new framework and provide no additional support

Answer: B

NEW QUESTION # 34

What is the primary benefit of performing a SWOT analysis (Strengths, Weaknesses, Opportunities, and Threats) when developing a cybersecurity strategy?

Response:

- A. It only focuses on technical vulnerabilities
- B. It reduces the need for business input
- C. It solely focuses on external threats
- D. It helps the organization identify internal and external factors that impact both the business and cybersecurity efforts

Answer: D

NEW QUESTION # 35

Which of the following is a critical factor in ensuring employee compliance with cybersecurity policies?

Response:

- A. Providing clear communication, training, and regular policy updates
- B. Avoiding training to minimize workload
- C. Imposing strict penalties for non-compliance without explanation
- D. Simplifying the policies so they can be ignored

Answer: A

NEW QUESTION # 36

You are tasked with creating a data breach notification policy to ensure compliance with regulations like GDPR and CCPA. The policy must outline how the organization responds to breaches and informs affected individuals. What elements would you prioritize in the policy to meet regulatory requirements?

Response:

- A. Notify affected parties only if the breach involves more than 10,000 individuals
- B. Issue internal communications only and handle all notifications on an ad hoc basis
- C. Delay notification of data breaches until legal counsel reviews every incident
- D. Include a clear process for timely breach notification, define the roles responsible for issuing notifications, and ensure the policy aligns with legal timeframes for informing affected parties

Answer: D

NEW QUESTION # 37

Which of the following is a key characteristic of nation-state threat actors?

Response:

- A. They primarily engage in website defacements
- B. They often target critical infrastructure, government entities, and high-value intellectual property
- C. They lack significant resources and technical expertise
- D. They are primarily motivated by financial gain

Answer: B

NEW QUESTION # 38

......
