NMLS Mortgage Loan Origination (SAFE MLO) Exam 認定 MLO 試験問題 (Q185-Q190):

質問 # 185

Under the SAFE Act, which of the following individuals is not a "mortgage loan originator"?

- A. An individual who handles the collection of a mortgage payment from a consumer for compensation
- B. An individual who takes a loan application for compensation
- C. An individual who quotes interest rates to a consumer for compensation
- D. An individual who negotiates credit terms on behalf of a consumer for compensation

正解: A

解説:

The SAFE Act defines a mortgage loan originator (MLO) as someone who takes a residential mortgage loan application and offers or negotiates terms for compensation or gain. An individual who only handles the collection of mortgage payments is not acting as an MLO under the Act.

"Mortgage loan originator means an individual who (i) takes a residential mortgage loan application; and (ii) offers or negotiates terms of a residential mortgage loan for compensation or gain. The term does not include an individual who only performs administrative or clerical tasks or who only collects mortgage payments."

質問 # 186

Which of the following fees must remain the same unless a valid changed circumstance occurs?

- A. Total per diem interest
- **B. Fees paid to an affiliate of the lender**
- C. Owner's title insurance premium
- D. Homeowner's insurance

正解: B

解説:

Under TILA-RESPA Integrated Disclosure (TRID) Rule, fees paid to affiliates of the lender (e.g., title companies, appraisers) must remain the same on the Loan Estimate (LE) unless there is a valid changed circumstance (such as a significant change in the loan terms or property value). These fees fall under the zero-tolerance category, meaning they cannot increase from the amount disclosed on the LE unless a change in circumstance justifies the increase.

* Other costs like per diem interest (A), homeowner's insurance (B), and owner's title insurance premiums (C) can change, as they are not subject to the same zero-tolerance rules.

質問 # 187

The SAFE Act requires a mortgage loan originator (MLO) to:

- A. Register with the Conference of State Bank Supervisors (CSBS).
- B. Retake the SAFE MLO National Test after failing to maintain a valid license for a period of four years.
- C. Maintain a valid unique identifier issued by the AARMR.
- **D. Obtain and annually maintain a license.**

正解: D

解説:

The SAFE Act requires all state-licensed mortgage loan originators (MLOs) to obtain and maintain an active license through their state's regulatory agency, including meeting annual renewal and continuing education requirements.

"Each mortgage loan originator must obtain a license from, and annually renew a license with, the State in which the mortgage loan originator maintains a unique identifier."

- SAFE Act, 12 U.S.C. § 5104(a)(1)-(2)

AARMR and CSBS administer the NMLS system, but licenses are maintained through state agencies. While re-taking the national test is required after some periods of inactivity, it is not required specifically after failing to maintain a license for four years unless mandated by the state.

質問 # 188

Which of the following loan types is regulated by the Home Ownership and Equity Protection Act (HOEPA)?

- **A. Refinance**
- B. Construction
- C. USDA Rural Development
- D. Reverse mortgage

正解: A

解説:

The Home Ownership and Equity Protection Act (HOEPA) applies to certain types of high-cost loans, particularly refinance and home equity loans, that meet specific APR and fee thresholds. HOEPA was enacted to protect consumers from predatory lending practices in loans that carry excessive fees, high interest rates, or abusive terms.

* HOEPA mainly covers:

* Refinance loans

* Home equity loans

* Closed-end home equity loans

* Certain purchase-money mortgages under specific conditions

Loans like construction loans (B), reverse mortgages (C), and USDA Rural Development loans (D) are generally excluded from HOEPA coverage.

質問 # 189

Which of the following must be included in advertisements displayed by mortgage loan originators (MLOs) on their social media pages for mortgage services including payment amounts?

- A. The MLO's business address
- **B. The APR**
- C. The number of days that the rate is available
- D. The MLO's personal website

正解: B

解説:

Under Regulation Z (TILA), when mortgage loan originators (MLOs) advertise mortgage services, including payment amounts, they must disclose the Annual Percentage Rate (APR). The APR reflects the total cost of the loan, including interest and certain fees, and provides a clear picture of the loan's true cost over time.

* Failure to include the APR in an advertisement that mentions payment amounts, interest rates, or other specific loan terms is considered a violation of TILA's advertising requirements.

* Other details (B, C, D), such as the MLO's website or the number of days the rate is available, are not mandatory in all advertisements, but the APR is required.
