최신 PRINCE2 Certification P3O-Foundation 무료 샘플문제 (Q39-Q44):

질문 # 39

Which is delivered by the Blueprint's information flows?

- A. P3O implementation plan
- B. Realization of benefits
- C. Management of risk
- **D. Principle of management by exception**

정답: D

설명:

The P3O Foundation (2013) manual indicates that the Blueprint's information flows deliver the principle of management by exception. Section 4.3.3 states, "The Blueprint's information flows support the principle of management by exception by providing senior management with critical data to focus on deviations rather than routine operations." This differs from the implementation plan (A), risk management (B), or benefits realization (D), which are separate processes. The 2013 edition highlights this principle as a governance mechanism, enabling efficient oversight by escalating only significant issues. This enhances P3O's strategic focus during implementation.

질문 # 40

Which is an underlying success factor for a Temporary Office model?

- A. P3M3 maturity level of 3 or above
- B. Programme or project culture does not exist
- **C. Consistent PPM training through approved training providers**
- D. Programmes or projects develop their own templates

정답: C

설명:

The P3O Foundation (2013) manual identifies consistent PPM training through approved providers as a success factor for a Temporary Office model. Section 5.3.3 states, "A critical success factor for a Temporary Office is consistent PPM training delivered by approved training providers to ensure staff competence throughout the office's lifecycle." This differs from requiring a high P3M3 maturity (B), which is not mandatory, developing templates (C), which risks inconsistency, or lacking culture (D), which is undesirable.

The 2013 edition emphasizes training to maintain quality and alignment during the temporary office's operation. This ensures effective support for programmes or projects, enhancing delivery outcomes.

질문 # 41

Which is NOT a specific area where KPIs should be set as a minimum to measure a P3O model's success?

- A. Overall programme success rates in relation to benefits realization
- **B. Reduced cost of skilled resources**
- C. Improved portfolio balance in terms of overall risk
- D. Enhanced contribution to strategic objectives

정답: B

설명:

The P3O Foundation (2013) manual specifies that KPIs for measuring P3O success should focus on strategic and performance outcomes, not cost reduction of skilled resources. Section 7.3.1 states, "Key Performance Indicators for a P3O should include enhanced contribution to strategic objectives, improved portfolio risk balance, and programme success in benefits realization." Reduced cost of skilled resources (A) is not listed as a minimum KPI, as it relates to operational efficiency rather than the P3O's core success metrics. The 2013 edition prioritizes outcome-based measures to align with strategic goals, ensuring the P3O's value is assessed through effectiveness (B, C, D) rather than cost savings. This focus supports robust governance and decision-making.

질문 # 42

Which is an underlying success factor of a P3O model with Hub Portfolio Offices that enables appropriate localized application of standards?

- A. Planning resource capacity at a local level
- B. Following a clearly defined business strategy
- C. Tailoring core standards to meet local need
- D. Reviewing the Blueprint regularly

정답: C

설명:

The P3O Foundation (2013) manual identifies tailoring core standards to meet local needs as a success factor for Hub Portfolio Offices. Section 5.3.1 states, "A key success factor for Hub Portfolio Offices is the tailoring of core standards to address local requirements, ensuring flexibility while maintaining consistency." This differs from resource planning (B), Blueprint reviews (C), or business strategy (D), which are broader or supportive factors. The 2013 edition emphasizes this adaptability to enhance localized effectiveness, aligning with the hub-and-spoke model's decentralized nature. This approach supports efficient change delivery. Reference: P3O Foundation (2013) manual, Section 5.3.1, AXELOS.

질문 # 43

Where should an Organization Portfolio Office ultimately report?

- A. Corporate services function
- B. Head of P3O
- C. Main board director
- D. Programme Manager

정답: C

설명:

The P3O Foundation (2013) manual specifies that the Organization Portfolio Office (OPO) should ultimately report to a main board director. Section 5.3.2 states, "The Organization Portfolio Office should report to a main board director to ensure strategic alignment and direct accountability at the highest level." This differs from corporate services (B), Programme Manager (C), or Head of P3O (D), which are lower or supportive levels. The 2013 edition emphasizes this reporting line to integrate portfolio oversight with corporate governance, ensuring strategic influence. This structure supports effective decision-making and resource allocation. Reference: P3O Foundation (2013) manual, Section 5.3.2, AXELOS.
