

# **EXIN EPI Certified Data Centre Specialist Practice Torrent & EXIN EPI Certified Data Centre Specialist Valid Cram & CDCS Study Valid Torrent**

BONUS!!! Download part of DumpsActual CDCS dumps for free: <https://drive.google.com/open?id=1M2hG3Q7ZlqOvtJDOE3e8VWKBZV6GVAWC>

Continuous improvement is a good thing. If you keep making progress and transcending yourself, you will harvest happiness and growth. The goal of our CDCS latest exam guide is prompting you to challenge your limitations. People always complain that they do nothing perfectly. The fact is that they never insist on one thing and give up quickly. Our CDCS Study Dumps will assist you to overcome your shortcomings and become a persistent person. Once you have made up your minds to change, come to purchase our CDCS training practice.

Our company has spent more than 10 years on compiling CDCS study materials for the exam in this field, and now we are delighted to be here to share our CDCS learnign guide with all of the candidates for the exam in this field. There are so many striking points of our CDCS Preparation exam. If you want to have a better understanding of our CDCS exam brandumps, just come and have a try!

>> Valid Test CDCS Fee <<

## **CDCS Practice Test Engine, CDCS Reliable Test Simulator**

All of our considerate designs have a strong practicability. We are still researching on adding more useful buttons on our CDCS test answers. The aim of our design is to improve your learning and all of the functions of our products are completely real. Then the learning plan of the CDCS Exam Torrent can be arranged reasonably. You need to pay great attention to the questions that you make lots of mistakes. If you are interested in our products, click to purchase and all of the functions. Try to believe us and give our CDCS exam guides a chance to certify.

## **EXIN EPI Certified Data Centre Specialist Sample Questions (Q86-Q91):**

### **NEW QUESTION # 86**

Racks with 1.0 m depth and cold aisle containment with 3 perforated tiles are used. What aisle pitch is recommended?

- A. 8 tiles pitch rule
- B. 5 tiles pitch rule
- C. 10 tiles pitch rule
- **D. 7 tiles pitch rule**

**Answer: D**

Explanation:

The aisle pitch is the total width of a rack row plus cold aisle plus rack row. For 1.0 m racks on each side with cold aisle containment, ASHRAE and TIA-942 recommend the 7-tile rule (each tile ~0.6 m). This ensures enough width for equipment clearance, airflow distribution, and human access.

\* 5-tile pitch is too narrow, restricting containment effectiveness.

\* 8-10 tiles may be used in some hyperscale layouts but are not standard for 1 m racks.

Thus, the correct design recommendation is the 7 tiles pitch rule.

References: ANSI/TIA-942-B §6.3.6 (Aisle Spacing), ASHRAE TC 9.9 "Airflow Management Best Practices."

### NEW QUESTION # 87

Which gas-based system in general requires a larger amount of gas in order to be effective, a halocarbon gas-based fire suppression system or an inert gas-based fire suppression system?

- **A. Inert gas requires a larger amount of gas compared to halocarbon gas**
- B. Inert gas and halocarbon gas require the same amount of gas
- C. Impossible to answer without knowing the temperature
- D. Inert gas requires a smaller amount of gas compared to halocarbon gas

**Answer: A**

Explanation:

Inert gas systems (e.g., Inergen, Argonite, Nitrogen) extinguish fire by reducing oxygen concentration, which typically requires reducing oxygen levels to ~12-15%. This means a very large volume of gas must be discharged into the room (up to 40-50% of the protected volume). Because inert gases have a low extinguishing effectiveness by weight, more total gas is required.

Halocarbon agents (FM-200, Novec 1230) extinguish fire chemically by interrupting the combustion chain reaction. They require only a small percentage (6-9%) concentration in the room volume. As a result, the storage space for cylinders is much smaller compared to inert gas systems.

Therefore, inert gas systems generally require a larger gas volume to achieve extinguishing concentrations.

References: NFPA 2001 §5.4 (Agent Quantities), ISO 14520-1 §5.3, EXIN DCS Study Guide - Fire Suppression.

### NEW QUESTION # 88

What is the redundancy setup shown in the diagram?

- A.  $2(N+1)$
- B.  $2+N+1$
- C.  $N+N+N$
- **D.  $N+2$**

**Answer: D**

Explanation:

The diagram shows three UPS modules, each 100 kW, connected in parallel to support a 100 kW IT load.

That means:

\* One module (100 kW) can support the load (N).

\* Two additional modules are installed as redundancy.

This equals  $N+2$  redundancy.

\*  $2+N+1$  and  $2(N+1)$  imply dual active paths not shown.

\*  $N+N+N$  is not an industry term.

Thus, the correct redundancy level is  $N+2$ .

References: ANSI/TIA-942-B §6.2 (UPS Redundancy Models), IEC 62040-3.

### NEW QUESTION # 89

Management has requested a 15-minute battery bank assuming full load on the UPS. The UPS vendor has provided the following specifications of the UPS:

- \*Rated power: 30 kVA
- \*Rectifier input voltage: 400 V/3 phase
- \*Rectifier input power factor: 0.8
- \*Battery rated voltage: 384 V
- \*Number of cells: 192
- \*End of discharge voltage: 308 V
- \*Inverter output voltage: 400 V/3 phase
- \*Inverter output power factor: 0.8

What information is missing to perform the battery calculation?

- A. Load imbalance on the phases
- B. Available battery charging current
- **C. UPS efficiency**
- D. Inverter efficiency

**Answer: C**

Explanation:

To determine the required capacity of the battery bank for the 15-minute runtime at full load, one must know the total power requirement that the battery bank must supply. The specifications provided include most of the necessary details, such as rated power, input voltage, battery voltage, and discharge voltage. However, one critical piece of information is missing: the UPS efficiency.

Detailed Explanation:

In a data center UPS system, the battery bank is designed to supply power for a set duration when there is an input power failure. The UPS efficiency affects the actual power the UPS can deliver to the load compared to the power it draws from the batteries. The efficiency factor is necessary to accurately calculate the required capacity of the battery bank since it determines how much input power is needed from the batteries to supply the load at full capacity. The formula typically used to determine battery capacity involves factoring in UPS efficiency, as it allows you to understand the losses within the UPS system.

If UPS efficiency is not considered, there would be an inaccurate estimation of the actual power needed from the batteries. For instance, if a UPS has 90% efficiency, only 90% of the power drawn from the batteries reaches the load. Without knowing this efficiency, it is not possible to calculate the battery bank size accurately, as you cannot accurately estimate the losses within the UPS itself.

EPI Data Center Specialist References:

According to EPI Data Center Specialist training, understanding the UPS efficiency is essential for battery sizing. Without it, the calculations could lead to either undersizing or oversizing the battery bank, which affects both reliability and cost-effectiveness of the UPS system. The EPI Data Center Specialist course emphasizes that battery sizing must account for all losses within the UPS system, with efficiency being a primary factor in these calculations.

### NEW QUESTION # 90

Where should raised-floor installation start?

- A. Point A (entrance corner)
- B. Point B (side wall)
- **C. Point C (center of the room)**
- D. Point D (corner opposite entrance)

**Answer: C**

Explanation:

Best practice is to begin raised-floor installation at the center of the room, working outward. This minimizes alignment errors and ensures the tile grid is centered, which is critical for aisle containment and rack alignment.

Starting at the perimeter (A, B, D) causes cutting of tiles along both sides, misalignment with rack rows, and possible airflow inefficiencies. By starting at the center, tiles can be cut symmetrically around the edges, providing better aesthetics, balanced airflow, and structural stability.

Industry guidelines such as CISCA recommend this approach for raised floors in mission-critical spaces.

References: CISCA Raised Access Floor Guidelines, ANSI/TIA-942-B §6.3.

## NEW QUESTION # 91

.....

If you still upset about your CDCS certification exams and look for professional CDCS learning guide materials on the internet purposelessly, it is a good way for candidates to choose our best CDCS exam preparation materials which can help you consolidate of key knowledge effectively & quickly. Before purchasing we provide free PDF demo download for your reference. After purchasing our products, you can receive our products within 10 minutes and you have no need to spend too much time on your CDCS Exams but obtain certification in short time.

**CDCS Practice Test Engine:** <https://www.dumpsactual.com/CDCS-actualtests-dumps.html>

You can click and see the forms of the answers and the titles and the contents of our CDCS guide torrent, Perhaps you have had such an unpleasant experience about CDCS exam questions you brought in the internet was not suitable for you in actual use, to avoid this, our company has prepared CDCS free demo in this website for our customers, with which you can have your first-hand experience before making your final decision, EXIN Valid Test CDCS Fee These three files are suitable for customers' different demands.

When you buy the CDCS exam dumps, you may care about the money and worry out the double cost if you fail in the exam, but CDCS won't charge you for extra money, if you failed, we will full refund or replace with other dumps for you freely.

## Newest Valid Test CDCS Fee & Leading Offer in Qualification Exams & Authoritative CDCS Practice Test Engine

VMware Composer Agent Service, You can click and see the forms of the answers and the titles and the contents of our CDCS Guide Torrent, Perhaps you have had such an unpleasant experience about CDCS exam questions you brought in the internet was not suitable for you in actual use, to avoid this, our company has prepared CDCS free demo in this website for our customers, with which you can have your first-hand experience before making your final decision.

These three files are suitable for customers' different CDCS demands, However, it is not so easy to pass the exam and get the certificates, Once you compare our CDCS study materials with the annual real exam questions, you will find that our CDCS exam questions are highly similar to the real exam questions.
