Analytics-Con-201 Mock Exam & Analytics-Con-201 Key Concepts

In spite of the high-quality of our Salesforce Analytics-Con-201 study braindumps, our after-sales service can be the most attractive project in our Analytics-Con-201 guide questions. We have free online service which means that if you have any trouble using our Salesforce Analytics-Con-201 Learning Materials or operate different versions on the platform mistakenly, we can provide help for you remotely in the shortest time.

Salesforce Certified CRM Analytics and Einstein Discovery Consultant Sample Questions (Q47-Q52):

NEW QUESTION # 47

The CRM Analytics consultant at AW Computing is designing dashboard. They want to add a rate between two metrics and display it in a new chart. They are finding that the new chart seems to prejudice the design of other charts. What should the consultant do to resolve this?

- A. Create a component with the rate chart and insert it in one of the tooltips.
- B. Clone the dashboard and replace one of the charts with the new rate chart.
- C. Adjust the dashboard widgets to accommodate the rate chart.

Answer: A

NEW QUESTION # 48

Cloud Kicks' Salesforce org has multiple currencies enabled. This company's business intelligence team uses CRM Analytics to build a dataflow/recipe that creates a dataset, "OpportunityDataSet", which is populated with data extracted from Opportunity. One of the extracted fields is the standard field, Amount.

Which currency will the Amount values be shown in "OpportunityDataSet"?

- A. In the currency that is set on the "currency" attribute.
- B. the connected user's currency
- C. In the integration user's currency

Answer: C

Explanation:

When a dataset like "OpportunityDataSet" is populated through a dataflow or recipe in CRM Analytics, the currency values (such as the standard field "Amount") will be displayed in the currency of the integration user unless there is specific currency conversion logic set up within the dataset or recipe. The integration user is the user whose credentials are used to run the dataflow and extract data, and their currency setting will dictate how numeric currency values are displayed unless overridden.

NEW QUESTION # 49

CRM Analytics team plans to enable data sync.

Which limit specific to data sync should the team consider before enabling the feature because it may impact existing jobs?

- A. Maximum number of objects that can be enabled for data sync
- B. Maximum number of data sync jobs cannot exceed the limit
- C. Maximum number of Full Sync connection mode enabled

Answer: A

Explanation:

In CRM Analytics, when planning to enable data sync, one of the critical considerations is the limit on the number of objects that can be enabled for data sync. This limit is essential because it determines how many different Salesforce objects (like Accounts, Opportunities, etc.) can be synchronized concurrently. Exceeding this limit could impact the performance of existing sync jobs or prevent new sync jobs from being configured.

Key points to consider include:

* Performance Impact: Syncing too many objects simultaneously can lead to increased load times and potential delays in data availability, impacting users' ability to access up-to-date information.

* Resource Allocation: CRM Analytics allocates resources based on the number of objects being synchronized, and there are practical limits to these resources to ensure stable and efficient operation.

For a more detailed understanding and to manage these limits effectively, Salesforce provides documentation and guidelines within the CRM Analytics resources, which can be further explored in the Trailhead modules specifically focusing on data management and synchronization practices.

NEW QUESTION # 50

Which statement best describes how to ensure CRM Analytics dashboards are easily used across both desktop and mobile devices?

- A. Create multiple layouts and allow CRM Analytics to automatically select and organize dashboard contents to be optimal

for the device type.

- B. Create multiple layouts, ensure the layout selectors match the device, and resize/hide widgets to ensure the content is appropriate for the device screen size.
- C. Create multiple layouts and reorder all the widgets so that they fit nicely within the new default width

Answer: B

Explanation:

To ensure that CRM Analytics dashboards are optimally usable on both desktop and mobile devices, creating multiple layouts tailored to each device type is crucial. Here's why Option C is the best approach:

* Device-Specific Layouts: By creating specific layouts for each device type, you ensure that the dashboard contents are presented in a manner best suited to the screen size and interaction model of the device.

* Layout Selectors: These are used to automatically display the appropriate layout based on the device accessing the dashboard, enhancing user experience without manual intervention.

* Widget Customization: Resizing or hiding certain widgets for specific device layouts ensures that the dashboard remains clean, uncluttered, and easy to navigate, regardless of the device used.

NEW QUESTION # 51

A CRM Analytics consultant is performing column profiling on dimension column in a recipe. Newly-added rows are not being considered in the Results tab of the profile even though a sync was run for that specific object.

What is causing the issue?

- A. Column profiling is not applicable on a dimension column in a recipe.
- B. The sample does not include changes to the connected object data within the last 24 hours.
- C. Sync operation has not run properly with the new dimension column in the recipe.

Answer: B

NEW QUESTION # 52

.....

It is understandable that different people have different preferences in terms of Analytics-Con-201 study guide. Taking this into consideration, and in order to cater to the different requirements of people from different countries in the international market, we have prepared three kinds of versions of our Analytics-Con-201 Preparation questions in this website, namely, PDF version, online engine and software version, and you can choose any one version of Analytics-Con-201 exam questions as you like.

Analytics-Con-201 Mock Exam: https://www.practicedump.com/Analytics-Con-201_actualtests.html

It is very worthy for you to buy our Analytics-Con-201 practice guide and please trust us, Salesforce Analytics-Con-201 Reliable Test Practice I am interested in the Testing Engine for my employee training program, Salesforce Analytics-Con-201 Reliable Test Practice They also focus on the newest and subtle changing about the exam tips and the latest tendency to ensure the accuracy of our study material, In this case, why not choosing to give us a chance and trusting our Analytics-Con-201 exam simulation materials?

fervent Apple users seemingly have no qualms about spending a few more Complete Analytics-Con-201 Exam Dumps books to get a hip and trendy Mac notebook, like the MacBook Air or MacBook Pro, Also, it requires the greatest amount of self discipline.

Pass Guaranteed Quiz 2026 Valid Analytics-Con-201: Salesforce Certified CRM Analytics and Einstein Discovery Consultant Reliable Test Practice

It is very worthy for you to buy our Analytics-Con-201 Practice Guide and please trust us, I am interested in the Testing Engine for my employee training program, They also focus on the newest and subtle Analytics-Con-201 changing about the exam tips and the latest tendency to ensure the accuracy of our study material.
