## Salesforce Certified Experience Cloud Consultant Sample Questions (Q106-Q111):

### NEW QUESTION # 106

universal Containers UC maintains multiple customer-facing sites, but only one profile for all customer users.

No customer has access to more than one site.

Which two steps should the UC admin take to grant access to each customer?

Choose 2 answers

- A. Edit the applicable user profile.
- B. Create a permission set.
- C. Select the profile for a given site.
- D. Select a permission set for a given site.

Answer: B,D

Explanation:

To grant access to each customer to only one site, UC should create a permission set and select a permission set for a given site. A permission set is a collection of settings and permissions that give users access to various tools and functions. UC can create a permission set for each site that specifies the site access and the object permissions for the customer users. UC can then select a permission set for a given site in the Experience Builder, which will assign the permission set to all new and existing users of that site.

#### NEW QUESTION # 107

Which step does the system administrator have to take to create a partner user?

- **A. Select Enable Partner User from the Contact Detail page.**
- B. Assign the Gold Partner permission to the user.
- C. Add the user to the All Partner Portal Users public group.
- D. Create a partner queue, and add users to it.

**Answer: A**

Explanation:

This step allows the system administrator to create a partner user from an existing contact that is associated with a partner account. The partner user inherits the role, profile, and permission sets from the contact. The system administrator can also specify a username, email address, and nickname for the partner user.

#### NEW QUESTION # 108

What is the most efficient way that a Salesforce Admin can create a single Experience Cloud Site user from a Contact?

- A. Enable the Account as a Customer Account so all Contacts in that Account become Customer users.
- B. Email the Contact a link to the Self-Registration page for the site.
- C. Use Data Loader to add the Contact in Salesforce as a Customer user.
- **D. Enable the Contact in Salesforce as a Customer user.**

**Answer: D**

Explanation:

This option allows the Salesforce Admin to create a customer user from an existing contact that is associated with a customer account. The customer user inherits the role, profile, and permission sets from the contact. The Salesforce Admin can also specify a username, email address, and nickname for the customer user.

#### NEW QUESTION # 109

Ursa Major Solar (UMS) wants to differentiate between the leads created by partners and the leads created by its own Sales team. All lead records are shared with partners; however, some of the information captured by the Sales team on the lead record should not be shared with partners.

Which two steps should UMS take at a minimum in order to meet the requirement?

Choose 2 answers

- **A. Create Page Layouts for Lead Distribution.**
- B. Create a separate channel for partners in PRM Workspaces.
- C. Enable "Lead Sharing" in Digital Experience settings.
- **D. Create Lead Record Types for Lead Distribution.**

**Answer: A,D**

Explanation:

To differentiate between the leads created by partners and the leads created by its own Sales team, UMS should create lead record types and page layouts for lead distribution. A record type is a way to offer different business processes, picklist values, and page layouts to different users based on their profiles. A page layout is a way to control the layout and organization of detail and edit pages in Salesforce. By creating lead record types and page layouts, UMS can customize the fields and values that are displayed to partners and Sales team members.

### NEW QUESTION # 110

DreamHouse Realty (DR) plans to expand its business by offering insurance products to home buyers. DR will use its network of independent agents to manage claims in their region. Agents will need to work with DR on settlement and adjustment approvals. What should the Experience Cloud consultant recommend?

- A. Create a peer-to-peer forum for agents and share the URL with employees.
- B. Create a digital experience for agents and share the URL with employees.
- **C. Create a digital experience for agents and an app for employees.**
- D. Create a self-service community for agents and an app for employees.

**Answer: C**

Explanation:

The Experience Cloud consultant should recommend creating a digital experience for agents and an app for employees. A digital experience is a branded online destination that allows you to connect with your customers, partners, or employees. An app is a collection of items that work together to serve a particular function. By creating a digital experience for agents, DR can offer them a portal where they can manage claims, access resources, and collaborate with DR employees. By creating an app for employees, DR can provide them with a workspace where they can approve settlements and adjustments, view reports and dashboards, and communicate with agents.
