OCEG GRC Professional Certification Exam Sample Questions (Q32-Q37):

NEW QUESTION # 32

What does it mean for an organization to "reliably achieve objectives" as part of Principled Performance?

- A. It means achieving mission, vision, and balanced objectives thoughtfully, consistently, dependably, and transparently.
- B. It means achieving short-term goals regardless of the impact on long-term success.
- C. It means always achieving profitability targets and maximizing shareholder value.
- D. It means having measurable outcomes.

Answer: A

Explanation:

"Reliably achieving objectives" as part of Principled Performance reflects a balanced, ethical, and consistent approach to meeting organizational goals.

* Mission, Vision, and Balanced Objectives:

* The organization ensures that objectives align with its purpose and long-term aspirations.

* Thoughtful and Transparent Execution:

* Decision-making processes are deliberate and consider ethical implications, risk management, and stakeholder interests.

* Dependable Consistency:

* Consistently achieving objectives builds trust with stakeholders and demonstrates resilience.

* Why Other Options Are Incorrect:

* A: Focusing solely on short-term goals risks long-term sustainability.

* B: Measurable outcomes are important but do not capture the broader principles.

* D: Profitability is only one aspect of balanced objectives.

References:

* OCEG GRC Capability Model: Defines principled performance as achieving objectives while addressing uncertainty and acting with integrity.

* ISO 31000 (Risk Management): Aligns reliability with structured, ethical decision-making.

NEW QUESTION # 33

Which aspect of culture includes constraining and conscribing the organization, including how the governing authority and executive team are engaged, and whether leadership models behavior in words and deeds?

- A. Performance culture
- B. Governance culture
- C. Assurance culture
- D. Management culture

Answer: B

NEW QUESTION # 34

What is the purpose of implementing policies within an organization?

- A. To meet regulatory requirements and establish compliance.
- B. To reduce the need for defined procedures and guidelines within the organization.
- C. To set clear expectations of conduct for key internal stakeholders and the extended enterprise.
- D. To have individual regulation-specific policies instead of a generic Code of Conduct.

Answer: C

Explanation:

Policies serve as essential tools within an organization to set clear expectations for behavior, actions, and decision-making.

Primary Purpose:

Establish clear expectations of conduct for employees, contractors, vendors, and other stakeholders.

Provide guidance on acceptable behavior and operational standards across the organization.

Significance:

Policies align stakeholder actions with organizational values and objectives.

They act as a foundation for procedures, controls, and compliance initiatives.

Why Other Options Are Incorrect:

B: While policies support compliance, their scope extends beyond regulatory requirements.

C: Policies do not eliminate the need for procedures; they complement them.

D: Generic policies like Codes of Conduct are essential, even with regulation-specific policies.

Reference:

ISO 37301 (Compliance Management Systems): Emphasizes policies for setting conduct expectations.

COSO ERM Framework: Highlights policies as governance tools for consistent behavior.

NEW QUESTION # 35

Which Critical Discipline of the Protector Skillset includes skills to set objectives and align strategies?
