PRINCE2 Practitioner exam is a globally recognized certification program designed to enhance the skills and knowledge of project management professionals. PRINCE2 (PROjects IN Controlled Environments) is a project management methodology that provides a structured approach to managing projects. It is widely used in various industries, including IT, construction, healthcare, and government sectors.

PRINCE2 Practitioner exam is a popular certification exam for project managers. PRINCE2, which stands for PROjects IN Controlled Environments, is a project management methodology that is widely used in government, IT and other industries around the world. It provides a structured approach to project management, ensuring that projects are delivered on time, within budget and to the required quality standards. The PRINCE2 Practitioner exam is designed to test project managers' knowledge of the PRINCE2 methodology and assess their ability to apply it to real-world projects.

PRINCE2 Practitioner Exam Sample Questions (Q217-Q222):

NEW QUESTION # 217

A construction company that is one of ABC Company's key clients has agreed to provide a member of the staff to review and comment on the 'e-learning course'.

Which stakeholder interest should the member of staff represent, and why?

- A. Supplier, because this stakeholder is an external supplier.
- B. Supplier, because this stakeholder provides the expertise required by the project.
- C. User, because this stakeholder may train its staff using the 'e-learning course'.
- D. User, because this stakeholder ensures that the project provides value for money.

Answer: D

NEW QUESTION # 218

Scenario

Additional Information

Chief Executive Officer (CEO): He started the company 25 years ago and knows his job very well. He injured his leg two years ago which has restricted his visits to the engineering area. As CEO he has an overall perspective of the business strategic requirements and the authority to commit resources as required.

Marketing Director: She has been with the company for three years, following a successful career with a publicity company. She has the ability to represent the needs of the business, particularly as this is a marketing project. She has the authority to commit the annual business marketing budget, from which the project will be funded, as she sees appropriate. She will be responsible for monitoring the expected benefits of the calendar, in particular the improvement of the company's image.

Engineering Manager: He has been responsible for many engineering innovations in the company and is still as keen and energetic as the day he started. Whilst he will not be part of the project team, his staff will feature in the photos for the promotional calendar.

Central Records: This group of five staff looks after all company records and document control. They now maintain all project files.

Bright Lights: This is the local office supplies company. It supplies all the stationery and office equipment needs of the company and will supply the stationery for this project.

Portraits Ltd: This is a professional photographic company with a number of excellent photographers and a history of successful work. This company has been selected to take the photos for the company calendar. It has yet been decided which of the photographers to use.

Which 2 statements explain why the CEO should be appointed as the Executive for this project?

- A. He knows his job very well.

- B. He has an overall perspective of the business's strategic requirements.
- C. He restricts his visits to the engineering area.
- D. He started the company 25 years ago.
- E. He has the authority to commit resources as required.

Answer: B,E

NEW QUESTION # 219

During stage 2, an early review of the photo design ideas from the Marketing department has highlighted the need for engineering machinery to be operating in the background during the photo sessions. This requires a change to the baselined Product Description for the photos. What action should the Project Manager take?

- A. Log the change in the Issue Register as a request for change.
- B. Raise an Exception Report to the Project Board.
- C. Revised the Product Description for the photos and issue it to the Engineering Manager to ensure that the machinery will be operating during the photo sessions.
- D. Include this requirement on the next Checkpoint Report to the photographer.

Answer: A

NEW QUESTION # 220

The Health and Safety Training Project is part of a programme of strategic expansion, which is important for ABC Company's continued operation. At the end of stage 2, the estimated project costs are greater than the expected benefits in the business case. The project board has reviewed the situation and asked programme management to decide whether the project should be closed prematurely.

Is this an appropriate application of the 'manage by stages' principle, and why?

- A. Yes, because decisions about closure should be escalated to programme management, unless otherwise instructed.
- B. No, because this contradicts the 'manage by exception' principle.
- C. No, because the project board should decide whether to continue with the project.
- D. Yes, because the project board should escalate significant decisions to programme management.

Answer: A

NEW QUESTION # 221

Project Scenario - Health and Safety Training Project:

ABC Company is a well-established training company that uses a standard model to develop training materials and deliver courses to customers.

ABC Company has commissioned a project in response to recent changes in government legislation relating to health and safety on construction sites. The project will deliver "capability to provide health and safety training", including the materials needed for classroom-based training and e-learning. The expected benefits for construction companies include a reduction in lost days and legal costs due to accidents.

The e-learning course will be developed by a specialist external consultancy. The materials for classroom-based training will be delivered by ABC Company's development team. All course materials will be piloted before they are used. ABC Company will deliver training to its customers and also hopes to sell the course materials to other training companies as part of their operational business. ABC Company will use their own sales and marketing departments to promote the courses.

The legislation requires construction companies to comply with the new legislation within two years. The course materials and trainers have to be accredited by a government agency before courses can be delivered.

ABC Company is planning to deliver pilot courses within five months of starting the project.

The ABC Company standard development model for new courses recommends the following stages:

□ End of the Project scenario.

Additional Information:

The Chief Executive Officer (CEO) founded the company five years ago. Under her leadership, ABC Company has grown quickly into a successful training company. It delivers a range of accredited professional training.

The Finance Director is also a founder member of ABC Company and is responsible for authorizing budgets for the Operations and Development Teams. She authorizes all large contracts personally.

The Purchasing Manager reports to the Finance Director and is responsible for managing and monitoring supplier contracts.

The Operations Director is responsible for the delivery of all training and for the training development budget. His department organizes courses, venues and trainers. They work with the Product and the Sales teams to provide a comprehensive training schedule. ABC Company's IT manager reports to the Operations Director.

The Business Development Director has recently been appointed to identify new training needs and propose new products. She will work with the Operations Director to ensure a cost-conscious approach and that appropriate development technologies are used for the health and safety course.

The Training Development Manager reports to the Business Development Director and is responsible for developing training materials and gaining accreditation, in accordance with the standard course development model. Course developers in his team have skills in a range of development technologies and are allocated to projects as needed.

The Training Delivery Manager, who reports to the Operations Director, is responsible for ensuring that internal and external trainers deliver ABC Company training courses to the required standard. He also checks course materials to ensure they are fit for purpose and of the required quality.

The Central Services Director has responsibility for corporate communications, facilities management and configuration management. He recently led a project to consolidate all company quality systems into one quality management system and set up a corporate quality department, now managed by the Corporate Quality Manager.

The Corporate Document Manager reports to the Central Services Director. She helped establish the company's document management system and now operates it across the business. She manages a team of administrators and contracts staff when workload is high.

The Sales Director joined ABC Company two months ago and is keen to establish himself by suggesting new markets for the courses and material. All account managers and the marketing team report to him. They promote existing training courses to other training companies and existing customers.

End of the additional information.

ORGANIZATION

The communication management approach is being developed. ABC Company's corporate management has agreed the information about proposed courses can be shared externally, provided that a non-disclosure agreement is signed and corporate management is informed.

Here are three items of information relating to the sharing of course materials.

Under which heading of the communication management approach (A-F) should they be included?

Choose only one heading for each item of information. Each heading can be used once, more than once, or not at all.

Answer:
