We provide varied versions for you to choose and you can find the most suitable version of P3O-Foundation Exam Materials. So it is convenient for the learners to master the PRINCE2 Certification questions torrent and pass the exam in a short time.

PRINCE2 P3O Foundation Project Office 2013 Exam Sample Questions (Q25-Q30):

NEW QUESTION # 25

Which of the following are key stakeholders in a temporary Project Office?

1. Organization Portfolio Office

2. Business as usual staff
3. Suppliers to the project
4. Project Board members

- A. 1,2,4
- B. 1,2,3
- C. 2,3,4
- D. 1,3,4

Answer: C

Explanation:

The P3O Foundation (2013) manual identifies business as usual staff, suppliers, and Project Board members as key stakeholders in a temporary Project Office. Section 5.3.3 states, "Key stakeholders in a temporary Project Office include business as usual staff affected by the project, suppliers providing resources, and Project Board members overseeing delivery." The Organization Portfolio Office (1) is a strategic entity, not a direct stakeholder in a temporary office. The 2013 edition focuses on operational stakeholders impacting or impacted by the project, making D the correct choice. This ensures effective stakeholder engagement during the project lifecycle.

Reference: P3O Foundation (2013) manual, Section 5.3.3, AXELOS.

NEW QUESTION # 26

What technique provides the benefit of checking the quality of the decision-support information being provided to the P3O?

- A. Business process swimlanes
- B. Management dashboards
- C. Gated reviews
- D. Capacity planning for resource management

Answer: C

Explanation:

Gated reviews provide the benefit of checking the quality of decision-support information, according to the P3O Foundation (2013) manual. Section 7.3.2 states, "Gated reviews offer an independent assessment to verify the quality and reliability of information used for P3O decision-making, ensuring governance standards are met." This contrasts with business process swimlanes (B), which map processes, capacity planning (C), which manages resources, and management dashboards (D), which visualize data. The 2013 edition highlights gated reviews as a key assurance technique, supporting P3O's role in maintaining high-quality decision support. This process enhances strategic alignment and risk management.

Reference: P3O Foundation (2013) manual, Section 7.3.2, AXELOS.

NEW QUESTION # 27

Which is a COE function or service?

- A. Provide capacity planning
- B. Support delivery of a specific programme
- C. Align projects to strategy
- D. Support PPM tools

Answer: D

Explanation:

The P3O Foundation (2013) manual identifies supporting PPM tools as a COE function. Section 5.3.4 states, "The Centre of Excellence (COE) provides functions such as supporting PPM tools to ensure consistency and maturity in project, programme, and portfolio management." This differs from programme delivery (B), capacity planning (C), or strategic alignment (D), which are handled by other offices. The 2013 edition emphasizes the COE's role in standardizing tool usage, enhancing organizational PPM capability. This supports consistent practice across the P3O model.

Reference: P3O Foundation (2013) manual, Section 5.3.4, AXELOS.

NEW QUESTION # 28

Which is NOT a way that tools are typically used?

- A. Integrated
- **B. Connected**
- C. Individual
- D. Collaborative

Answer: B

Explanation:

The P3O Foundation (2013) manual identifies integrated, collaborative, and individual as typical ways tools are used, but not "connected" as a distinct category. Section 6.2.1 states, "Tools are typically used in an integrated manner across functions, collaboratively by teams, or individually by single users, depending on organizational maturity." The term "connected" (B) is not defined as a usage mode; it may imply a technical link but lacks specific application in the P3O context. The 2013 edition focuses on these three usage patterns to align with P3M3 maturity levels, ensuring tools support PPM effectively. Options A, C, and D are explicitly recognized, making B the correct choice for an atypical use. This clarity aids in selecting appropriate tool strategies. Reference: P3O Foundation (2013) manual, Section 6.2.1, AXELOS.

NEW QUESTION # 29

Which is a characteristic of the Vision Statement?

- A. Defines how to deliver the P3O model
- B. Documents detailed processes for the P3O
- C. Describes the current state
- **D. Links the P3O model to achievement of business goals**

Answer: D

Explanation:

The P3O Foundation (2013) manual defines the Vision Statement as linking the P3O model to business goals. Section 4.3.2 states, "The Vision Statement articulates the future state of the P3O and links it directly to the achievement of the organization's business goals, providing a strategic foundation for implementation." This differs from describing the current state (A), which is part of the baseline assessment, defining delivery methods (B), which is the Blueprint's role, or documenting processes (D), which occurs later. The 2013 edition emphasizes this strategic linkage to ensure alignment with organizational objectives, guiding the P3O's development. This focus supports effective change management and resource allocation. Reference: P3O Foundation (2013) manual, Section 4.3.2, AXELOS.

NEW QUESTION # 30

.....

Are you still overwhelmed by the low-production and low-efficiency in your daily life?
