#### NEW QUESTION # 87

Which of the following factors is least likely to be considered while implementing or augmenting data security solution for privacy protection?

- A. Security controls deployment at the database level
- B. Training and awareness program for third party organizations
- C. Information security infrastructure up-gradation in the organization
- D. Classification of data type and its usage by various functions in the organization

**Answer: B**

#### NEW QUESTION # 88

Can a DSCI Certified Lead Assessor for Privacy, not currently an employee of a DSCI Accredited Organization, conduct external assessment leading to DSCI Privacy certification?

- A. False
- B. True

**Answer: A**

Explanation:

The DAF#P clearly mandates that only assessors affiliated with DSCI Accredited Organizations are authorized to conduct certification assessments. Even if an individual holds a DSCI Certified Lead Assessor credential, they must be employed with or contracted through an accredited organization to carry out official DSCI certification assessments.

#### NEW QUESTION # 89

An organization is always a data controller for its \_\_\_\_\_.

- A. Client
- B. Employees
- C. Supervisory authority
- D. None of the above

**Answer: B**

Explanation:

Under the DSCI Privacy Framework and consistent with global definitions (including GDPR and APEC), a

"Data Controller" is the entity that determines the purposes and means of processing personal data. For its own employees, an organization inherently controls how their personal data is collected, used, and stored - making it the data controller by default. This is not necessarily the case for clients or supervisory authorities, whose data processing may be governed by different contractual or legal terms.

#### NEW QUESTION # 90

An entity shall retain personal data only as long as may be reasonably necessary to satisfy the purpose for which it is processed; or with respect to an established retention period. This privacy principle is known as?

- A. Security safeguards
- **B. Storage Limitation**
- C. Use Limitation
- D. Collection Limitation

**Answer: B**

Explanation:

The "Storage Limitation" principle ensures that personal data is retained only for as long as necessary for the purposes for which it was collected.

The DSCI Privacy Framework and DAF-P© define this principle as:

"Personal data should be kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed." This prevents over-retention, minimizes risks of data breaches, and complies with legal and regulatory mandates for data minimization. Retention schedules and secure disposal practices are assessed under this principle in privacy audits.
