We say "Yes, 100% passing rate for most exams". They would like to purchase 300-810 Braindumps Pdf materials since they understand the test cost is quite expensive and passing exam is not

really easy. Why not choose 300-810 braindumps PDF materials at the beginning?

Cisco Implementing Cisco Collaboration Applications Sample Questions (Q227-Q232):

NEW QUESTION # 227

Which authentication method allows a user to log in to an SSO-enabled Cisco Unified Communications application by utilizing a Microsoft Windows login, thereby not requiring any credentials to be entered?

- A. OAuth
- B. form-based
- C. Kerberos
- D. Smart Card

Answer: A

Explanation:

<https://www.cisco.com/c/en/us/support/docs/unified-communications/jabber-windows/118773-configure-kerberos-00.html>

The main advantage of Kerberos authentication compared to the other authentication methods is that you do not need to provide your credentials when you log in to Cisco Jabber. If you use Kerberos, the client does not prompt users for credentials, because authentication was already provided to gain access to the Windows desktop. This authentication method allows you to log in to Cisco Jabber with your Microsoft Windows login.

NEW QUESTION # 228

A collaboration engineer is enabling interdomain federation for Cisco IM and Presence. The engineer has been asked to enable federation with Office 365. Which service must the engineer enable to meet this requirement?

- A. Cisco XCP XMPP Federation Connection Manager
- B. Cisco XCP Test Conference Manager
- C. Cisco XCP SIP Federation Connection Manager
- D. Cisco XCP Web Connection Manager

Answer: C
