

# DASCA SDS Exam | New SDS Exam Vce - Best Provider for SDS: Senior Data Scientist Exam

Are you worried for passing your SDS Exam? You must not be confused about selecting some authentic website as we are offering an authentic FreeDumps SDS exam questions in pdf and testing engine for your assistance. It is the ultimate solution for your worries. Our designed SDS Braindumps are not only authentic but approved by the expert faculty. It offers professional skills, perfection utility and efficiency for beating SDS.

We promise that you can get through the challenge winning the SDS exam within a week. There is no life of bliss but bravely challenging yourself to do better. So there is no matter of course. Among a multitude of SDS practice materials in the market, you can find that our SDS Exam Questions are the best with its high-quality and get a whole package of help as well as the best quality SDS study materials from our services.

## 2025 New SDS Exam Vce | Efficient Book SDS Free: Senior Data Scientist

It is a truism that an internationally recognized SDS certification can totally mean you have a good command of the knowledge in certain areas and showcase your capacity to a considerable extend. If you are overwhelmed by workload heavily and cannot take a breath from it, why not choose our SDS Preparation torrent? We are specialized in providing our customers with the most reliable and accurate exam materials and help them pass their exams by achieve their satisfied scores. With our SDS practice materials, your exam will be a piece of cake.

## DASCA Senior Data Scientist Sample Questions (Q31-Q36):

### NEW QUESTION # 31

Self-driving car is an example of:

- A. Supervised learning
- B. All of the above
- C. Unsupervised learning
- D. Reinforcement learning

**Answer: D**

Explanation:

Self-driving cars (autonomous vehicles) are an application of Reinforcement Learning (RL) in machine learning: In RL, an agent (car) interacts with an environment (roads, obstacles, traffic) and learns to maximize rewards (e.g., safe driving, efficient navigation).

The system improves performance through trial-and-error learning, guided by reward signals such as staying in a lane or avoiding collisions.

Supervised learning (A): Used in some supporting tasks like image recognition (e.g., identifying stop signs), but not the core paradigm for self-driving.

Unsupervised learning (B): Useful for clustering sensor data, but again not the main paradigm.

Reinforcement learning (C): Correct, since self-driving fundamentally depends on RL decision-making.

Thus, the correct answer is Option C (Reinforcement Learning).

Reference:

DASCA Data Scientist Knowledge Framework (DSKF) - Machine Learning Paradigms: Reinforcement Learning and Autonomous Systems.

### NEW QUESTION # 32

Which of the following standardizes scores similar to a percentile rank but preserves equal interval properties of a Z-score?

- A. High Curve Equivalent (HCE)
- B. None of the above
- C. Normal Curve Equivalent (NCE)
- D. Trend analysis
- E. Medium Curve Equivalent (MCE)

**Answer: C**

Explanation:

Normal Curve Equivalent (NCE) scores are standardized scores designed to:

Range between 1 and 99.

Be comparable to percentile ranks but with the advantage of equal-interval properties like Z-scores.

This makes NCE scores useful in educational assessments, survey analysis, and statistical modeling.

Option A (Trend analysis): Incorrect. Not related to score standardization.

Option B (Correct): NCE fits the definition perfectly.

Option C (HCE) & D (MCE): Not recognized standard measures in statistics.

Option E: Incorrect, since Option B is valid.

Thus, the correct answer is Option B: Normal Curve Equivalent (NCE).

DASCA Data Scientist Knowledge Framework (DSKF) - Statistical Methods in Data Science: Z-scores, Percentiles, and NCE.

### NEW QUESTION # 33

Which of the following is FALSE for Social Network Analysis (SNA)?

- A. Social Network Analysis (SNA) is an example of trend analysis
- B. None of the above
- C. Social Network Analysis (SNA) is an example of graph analysis
- D. SNA characterizes networked structures in terms of nodes and the ties or edges that connect them
- E. SNA is used to investigate social structures and relationships across social networks

## Answer: A

Explanation:

Social Network Analysis (SNA) is a powerful analytical method that applies graph theory to study relationships among entities (people, organizations, computers, etc.).

Option A: Correct. SNA is indeed an example of graph analysis because it models entities as nodes and their relationships as edges/ties.

Option B: FALSE. SNA is not an example of trend analysis. Trend analysis focuses on temporal patterns (time series), while SNA is structural and relational.

Option C: Correct. SNA investigates structures such as communities, influencers, and information diffusion in networks.

Option D: Correct. The characterization of nodes and edges is central to SNA.

Option E: Incorrect, since we've identified Option B as false.

Thus, the false statement is Option B.

## NEW QUESTION # 34

Spark is written in:

- A. Java
- B. Scala
- C. C
- D. C++
- E. Python

## Answer: B

Explanation:

Apache Spark is an open-source distributed computing framework widely used for big data processing and machine learning pipelines.

The core implementation of Spark is written in Scala (Option A), which runs on the JVM (Java Virtual Machine).

Spark also provides APIs for Java, Python (PySpark), R, and SQL, but its native language is Scala.

Options C (C) and D (C++) are incorrect; Spark is not written in these languages.

Python (Option E) is a supported API, but Spark itself is not written in Python.

Thus, the correct answer is Scala (Option A).

## NEW QUESTION # 35

A workflow refers to a:

- A. Directed acyclic graph
- B. Indirected acyclic graph
- C. Indirected cyclic graph
- D. Directed cyclic graph

## Answer: A

Explanation:

In data pipelines and process orchestration, a workflow is represented as a Directed Acyclic Graph (DAG):

Directed: Each edge has a direction, representing task dependencies.

Acyclic: No cycles exist; tasks must follow a sequence without looping back.

Graph: Represents tasks as nodes and dependencies as edges.

This structure is common in tools like Apache Airflow, Spark DAGs, and Hadoop MapReduce job schedulers.

Option A & B: Incorrect, as workflows cannot have cycles (would cause infinite loops).

Option D: Incorrect, because workflows are directed, not indirected.

Thus, the correct answer is Option C (Directed Acyclic Graph).

## NEW QUESTION # 36

.....

DASCA certification is very helpful, especially the SDS which is recognized as a valid qualification in this industry. So far, SDS free download pdf has been the popular study material many candidates prefer. SDS questions & answers can assist you to make a detail study plan with the comprehensive and detail knowledge. Besides, we have money refund policy to ensure your interest in case of your failure in SDS Actual Test. Additional, if you have any needs and questions about the DASCA test dump, our 24/7 will always be here to answer you.

**Book SDS Free:** <https://www.freerandoms.top/SDS-real-exam.html>

FreeDumps Book SDS Free License Program helps certification trainers and training providers, as well as other educational institutions, earn while using FreeDumps Book SDS Free products, The Book SDS Free - Senior Data Scientist certification you achieve will help demonstrate your knowledge and competency in maintaining the issue in related professional field, DASCA New SDS Exam Vce If such term or provision cannot be changed, then the same shall be deemed as stricken here from, and shall not affect the validity or enforceability of the remainder of these Terms and Conditions.

Professor Wirtz's research focuses on service management topics, Practice SDS Exams Free including customer satisfaction, service guarantees and revenue management, In addition to a mutual understanding of this difficulty between the two parties in a conversation and the desire SDS to overcome the difficulty of not confining the other party of the conversation to their own words, there is no magic cure.

## Popular New SDS Exam Vce to pass Senior Data Scientist - Recommend by Many People

FreeDumps License Program helps certification trainers SDS New Learning Materials and training providers, as well as other educational institutions, earn while using FreeDumps products, The Senior Data Scientist certification you achieve will SDS Valid Test Fee help demonstrate your knowledge and competency in maintaining the issue in related professional field.

If such term or provision cannot be changed, then the same shall be SDS New Learning Materials deemed as stricken here from, and shall not affect the validity or enforceability of the remainder of these Terms and Conditions.

If you are still hesitating, our SDS Exam Questions should be wise choice for you, Now is not the time to be afraid to take any more difficult Senior Data Scientist SDS certification exams.
