

# HPE0-J68 Practice Online & HPE0-J68 Reliable Test Online

P.S. Free & New HPE0-J68 dumps are available on Google Drive shared by CramPDF: <https://drive.google.com/open?id=1pKpNFr7dgkWhTbLHhOOkb0QeYorwkZcy>

A lot of progress is being made in the HP sector today. Many companies offer job opportunities to qualified candidates, but they have specific HPE0-J68 certification criteria to select qualified candidates. Thus, they can filter out effective and qualified candidates from the population. HPE Storage Solutions (HPE0-J68) must be taken and passed to become a certified individual.

HP HPE0-J68 (HPE Storage Solutions) certification exam is an excellent certification for IT professionals who work with storage solutions. HPE Storage Solutions certification validates one's expertise in designing, implementing, and managing HPE storage solutions. HPE Storage Solutions certification also opens up opportunities for higher salaries, promotions, and better job prospects.

HPE0-J68 exam is an essential certification exam that validates the skills and knowledge of candidates in HPE storage solutions. HPE Storage Solutions certification exam is designed for professionals who want to demonstrate their expertise in designing, deploying and managing HPE storage solutions. HPE0-J68 Exam covers various aspects of HPE storage solutions, including storage architecture, storage networking technologies, backup and recovery solutions, and data protection.

## HP HPE0-J68 Practice Online: HPE Storage Solutions - CramPDF Accurate Reliable Test Online for your Studying

Are you still worried about the exam? Don't worry! Our HPE0-J68 exam torrent can help you overcome this stumbling block during your working or learning process. Under the instruction of our HPE0-J68 test prep, you are able to finish your task in a very short time and pass the exam without mistakes to obtain the HP certificate. We will tailor services to different individuals and help them take part in their aimed exams after only 20-30 hours practice and training. Moreover, we have experts to update HPE0-J68 Quiz torrent in terms of theories and contents according to the changeable world on a daily basis, which can ensure that you are not falling behind of others by some slight knowledge gaps.

### HPE Storage Solutions Sample Questions (Q57-Q62):

#### NEW QUESTION # 57

Which low-cost storage technology is suitable for long-term archiving?

- A. RAM
- **B. Tape**
- C. NVMe flash storage
- D. Persistent Memory

**Answer: B**

Explanation:

Tape storage is a low-cost technology that is highly suitable for long-term archiving. It provides an economical solution for storing large volumes of data that do not require frequent access. Tape is durable, with a long lifespan, and offers high capacity at a low cost per gigabyte, making it an ideal choice for archiving and compliance-driven storage needs. Additionally, tape storage is energy-efficient since it consumes no power when not in use, further reducing long-term costs.

HPE Archiving Solutions

#### NEW QUESTION # 58

Which type of networking switch handles both Ethernet and fibre channel traffic?

- A. Edge
- B. Virtual
- C. Converged
- D. Director

**Answer: C**

Explanation:

Converged switches are designed to handle both Ethernet and Fibre Channel traffic, enabling them to support converged networks where both storage and regular data traffic are managed through a single infrastructure.

This approach simplifies network management and can reduce costs by consolidating the networking hardware required for both types of traffic.

#### NEW QUESTION # 59

A large enterprise is experiencing exponential data growth of their existing Oracle databases.

They are concerned about their increasing backup windows and the risk of non-compliance with recovery time objectives increase of data corruption in primary storage. Their primary storage is an 3PAR Storeserv 8400, and their backup target is an HPE StoreOnce System. Which HPE storage solution allow the customer to migrate this risk?

- A. Catalyst in-Flight compression
- B. RMC Express protect
- C. 3 PAR remote copy
- D. StoreOnce unified deduplication

**Answer: B**

#### NEW QUESTION # 60

You want to improve the deduplication ratio of a client's MS SQL VMs farm hosted on an HPE Alletra Storage MP B10000. What steps should you take?

- A. Enable deduplication on the storage system level
- B. Ensure the guest OS is using multiples of 16 kiB allocation units
- C. Run a database alignment optimization
- D. Ensure the datastore-hosting VV has encryption disabled

**Answer: D**

#### NEW QUESTION # 61

A customer has a SAN infrastructure with an HPE C-Class blade enclosure, and a mix of ProLiant G7, Gen8 and Gen9 servers. They require a new storage platform.

How can you confirm the new storage array will be supported in the existing environment?

- A. Document existing server and SAN information, and consult SPOCK to ensure firmware compatibility.
- B. Design an array with the latest firmware, and recommend that the customer engage HPE PointNext to upgrade the existing hardware.
- C. Check recommended firmware levels in the HP SAN Design Reference Guide to ensure firmware compatibility.
- D. Design an array with an older version of the firmware to ensure compatibility.

**Answer: A**

Explanation:

When integrating a new storage array into an existing SAN infrastructure with HPE C-Class blade enclosures and a mix of ProLiant G7, Gen8, and Gen9 servers, it is essential to ensure firmware compatibility across all components. The best approach is to document all relevant details about the existing servers and SAN environment, including firmware versions, hardware configurations, and any specific SAN components. Then, consult the HPE SPOCK (Single Point of Connectivity Knowledge) database, which is the authoritative source for compatibility and support information regarding firmware, drivers, and hardware in HPE environments. This ensures that the new storage array will be fully compatible with the existing infrastructure, preventing potential issues related to firmware mismatches.
